

"...but what will it cost me to buy that car on time?"

WHEN you buy a car for cash, you pay the factory price plus freight, war tax and delivery charges. When you buy on time, you pay an additional charge which includes fire and theft insurance. This additional amount is known as a "finance charge."

The finance charges on General Motors cars are low because the General Motors Acceptance Corporation was organized to assure sound credit practice and low rates to those of its customers who prefer to purchase on time. The Acceptance Corporation operates the GMAC Plan of payment. The Plan is simple, fair and economical. Its large volume of business reduces costs. It is conducted to give you satisfaction and to keep your goodwill.

When you buy a General Motors car on the GMAC Plan, you pay the cash delivered price—plus only the low GMAC financing charge—nothing more!

The Plan is available only through General Motors dealers. Another reason for buying your next car—whether new or used—from a General Motors dealer.

Buy your next car on the GMAC Plan

The General Motors cars are Chevrolet, Pontiac, Oldsmobile, Oakland, Buick, LaSalle and Cadillac. Together they make up a line of 86 models, ranging in price-at-the-factory from \$495 to \$5500. They are the quality cars of the various car price classes.

Whatever make and model you choose—whether it be of the highest price, or the lowest—you will get a beautiful body (the closed bodies are by Fisher), 4-wheel brakes, a powerful engine, and a quality of design, materials and performance that only General Motors, by reason of its resources and its policy of continuous improvement, is in a position to give.

And the final touch in your satisfaction will come when you buy it on the GMAC Plan. The transaction will be in your interest. The rates will be low. And the dealer will not lose interest in you after the down payment is made.

CLIP THE COUPON

Use the coupon below to send for full information about the General Motors product or products in which you are interested, together with a booklet describing the GMAC Plan of purchase. It applies also for the purchase of Frigidaire Automatic Refrigerators and Delco-Light equipment.
