# FOUR WALLS

This is John Gilbert's strongest part since "The Big Parade." As the East Side gangster who determines to break through the four walls of his life of crime, aided by a great love, he will hold your interest every second. This is a powerful human document, made from the great stage hit. Just as he fought in "The Big Parade," John Gilbert, now a gang leader, fights to regenerate himself. Spectacular gunfights, remarkable romance, mother love appeal.
