Editorial

School spirit seems to be much better this year than ever before. The rooters have the pep that they should have. At both games not only one, but all have yelled their best. That is about the best of a school's spirit that can be made—yelling whether the team is winning or losing.

The football field is not the only place where school spirit is carried out. In the schoolroom there is to be noticed a better cooperation between the students and the teachers than has existed for some time.

Football

Athena played Wa-Hi's second team to a 6-6 tie Friday, September 28, on the local field.

Athena kicked the ball to Walla Walla, but Walla Walla was unable to make much yardage in three downs. In the fourth, Wayne Pinkerton broke through the line, picked up a fumbled ball, and ran for a touchdown. Gross failed to kick over the goal.

In the second quarter Walla Walla helped partly by penalties on Athena, netted a touchdown.

In the second half both sides were quite evenly matched and neither was able to make any more points. The score stood 6-6 when the game ended.

Coach "Pike" Miller said that the

boys played a much better game than they did with Pilot Rock and that they showed they had much more confidence in themselves and understood better the plays he had been teaching them.

Every one out for football played in this game. The opening line up was as follows: Cecil Pambrun, C.; John Kirk, L. G.; Wilford Miller, R. G.; Walter Huffman, L. T.; Lee Foster, R. T.; Wayne Pinkerton, L. E.; Ralph McEwen, R. E.; Eldon Myrick, F. B.; Wayne Pittman, H. B.; George Gross, H. B.; Edwin McEwen, Q. B.

"Pike" says that twenty-four boys turned out Monday evening for football practice.

Alumni

Kathleen Radtke and Jessiedean Dudley have been pledged to the Alpha Delta Pi sorority at the University of Oregon.

Helen Hansell has been pledged to the Kappa Kappa Gamma sorority at Washington State College.

Lois McIntyre returned from the University of Oregon Monday evening because of illness.

Entertainment

The high school and eighth grade held an assembly Friday morning, September 28. A student body meet-

ing was called for the purpose of hearing the treasurer's report. The report was given and accepted. A motion was made and seconded to buy more songs and music. A fine turn out for football practice and the spirit of the first game were discussed by Superintendent Meyer and Coach Miller. A few songs were sung and a number of yells given by the school.

Student Body

A student body meeting was held Tuesday, September 25. The secretary's and treasurer's report was given. The question was brought up whether the student body should buy any new songs. As there was no more business, the meeting was adjourned.

The student body took in \$25.50 at the football game with Wa-Hi Friday. After all expenses had been paid the net profit was \$13.00.

Classes

The freshmen received \$7.65 from their candy sale Friday at the Wa-Hi-Athena game. This money will be used for the weiner roast they will give for the student body Wednesday, October 3, at Thornhollow.

The Juniors enjoyed a weiner roast at the Laurence Pinkerton ranch last week, out door games were played and they all reported a fine time. Leap Year Privilege

In London, in 1606, there appeared a book yecept, "Courtship, Love and Matrimony," in which appeared the illuminating paragraph: "Albeit it has now become a part of the common lawe in regarde to social relations of life that as often as every bissextille year doth return the ladies have the sole privilege during the time it continueth of making love to the men, which they do either by words or by looks, as to them it seemeth proper; and, moreover, no man shall be entitled to the benefit of clergy who dothe in any wise treat her proposal with slight or contumely."

The Five Pauls

Here is a good example of what frequently happens in the polyglot Balkans. A man named Pavel, that is, Paul, had five sons. One settled in Athens and called himself Pavlopoulo, the Greek form of Paulson; the second went to Belgrade and called himself Paclovich; the third, in Sofia, called himself Pavloff; the fourth made his home in Bucharest under the name Pavlescu, while the youngest set up in business in Constantinople, assuming the Turkish form of Pavioglu.

Rapidity on the Wire

A quadruplex is a set of electrical instruments and apparatus invented in 1874 by Thomas A. Edison, by means of which four telegraphic messages may be sent and received simultaneously over one wire, two in each direction.
