**9** reasons why it will *pay* you to choose a General Motors car

- Engineering Excellence**—All General Motors products embody the tested ideas of open-minded scientists of the Engineering Departments, Research Laboratories, and Proving Ground.
- Fair Price Policy**—General Motors products offer maximum value in each price class, whether you pay cash or buy on time, or use your present car as part payment.
- General Motors Acceptance Corporation**—The largest time financing company, offering low rates, making it easy to buy out of income. (GMAC Plan).
- High Resale Value**—A large number of miles of transportation are built into each General Motors car and truck. That mileage gives the product a definite cash value, which is maintained in the used car or truck market.
- Finest Body Work**—Fisher Body is a part of General Motors. That assures you the most sturdy, safe and beautiful bodies. All General Motors cars have "Body by Fisher."
- Volume Production**—By producing around 2,000,000 cars and trucks a year, together with many other products, General Motors can effect large economies in manufacture which are passed on to you in the quality and price of your General Motors car.
- Combined Purchasing Power of Many Companies**—Assuring the use of the best materials at the lowest prices.
- World-wide Service**—There are 33,000 salesrooms and service stations in more than 100 countries to serve General Motors' customers.
- Permanence**—General Motors is in business to stay. Its resources, strength, and stability assure you that the quality, service, and value of its products will be maintained.
