Value of School Notes (Myrtle Campbell)

What is the value of school notes or a school paper? The use of these aid in creating school spirit because it stands for the loyalty and effort that is put into it.

A school paper or school notes is of value to the students because they give the class meetings, clubs, announcements and other things of current interest about the school to the public. Besides letting the public know what the school is doing, they give the students an opportunity to do some practical work in news writing.

John Reynolds, Trapper

J. R. Reynolds, local grocer, engages in trapping as a side line and turns his store over to an assistant while making the rounds, reports the Weston Leader. He has eleven skunk pelts and the hides of two coyotes to show for a brief period of activity in an occupation which he much enjoys. The trap line extends down Pine creek as far as the old White place, and it requires a jaunt of twenty miles for Reynolds to look it over. This isn't much more to him than it would be to a motorist, as he is a veteran walker, having tramped for years while hunting, trapping or fishing. Reynolds is all ready for mink and muskrat when the season opens for trapping these little fur bearers, and expects quite a profitable winter.

New Method of Selling

The annual Christmas Health seal campaign is being conducted differently this year. The Umatilla County Health Association, according to Mrs. Glenn Storie, chairman of publicity, instead of having chairmen in the different towns of the county, is putting on a house to house drive. They plan to send out 1000 letters enclosing \$1 worth of seals. An envelope, stamped and addressed will also be included and the letter will explain that any part or all of the seals may be taken or they may all be returned. The sale opened yesterday.

Latin Club

A new activity at the Athena high school is the Latin club which is occasioning unusual interest. Tuesday evening an interesting meeting was held, called to order by the president Arleen Myrick. Mildred Hansell read an interesting paper on "Courts and Baths," followed by a paper entitled "Roman Women and Marriages." The group especially enjoyed the singing of several Latin songs after which the meeting adjourned.

Return From Portland

Mr. and Mrs. F. B. Radtke have returned from Portland where they spent the Thanksgiving week-end with their son Fred and daughter Kathleen. The Radtke's made the trip by motor and though they encountered fog and icy spots on the highway had no difficulty. They report seeing a number of cars ditched along the way due to unfavorable driving conditions.

Child Improving

Little Miss Adarene Fiske who was seriously injured when run over by an automobile was operated on Monday in a Walla Walla hospital. A silver plate was inserted in the leg which was badly crushed. Unless infection sets in hopes for the complete recovery of the little patient are entertained.
