**Editorial (Stafford Hansell)**

Is the cheering section an important feature of a game? It is a very important feature for it cheers the players to further efforts and shows them that the school is still behind them and gives the public the general school attitude. It is not difficult to determine the attitude of the non-participating pupils. The indifferent, obstinate, bashful, and other characteristics are brought to light in the cheering section. The yell leader, while he may be largely at fault, is not the person to lay all the blame on for if the members of the Student Body refuse to yell or behave themselves he can not force them to. How are the students admitted to games? They are admitted because they have bought student body tickets. These tickets entitle them to admittance to all athletic contests at a much reduced rate. It is understood that in using these tickets they will sit in the yelling section as set off by the yell leader. If they do not sit in this section and are admitted under student body tickets they should be forced to sit there or give up their student body tickets. Second, behave like gentlemen and ladies at all times in this section. People come from many places to these games. They get their only glimpse of our town from these games. They undoubtedly judge us by our behavior while there. Lone "cat-calls," "boos," and other forms of nonsense should not be tolerated in the yelling section. Third, the Student Body members should assist in the yelling. Their yelling should be consistent and consolidated and not individual or of the razzing type. Any student or students who do not wish to live up to these conditions, which are neither tyrannical nor overbearing, should be asked to give up his student body ticket and buy his ticket to the games as any other individual. This is the only way that Athena Hi school will ever have a successful yelling section that will be a pride to the school instead of a question mark.

**Athletics**

The Prescott team came to Athena Friday and played the high school team. The Prescott team proved too much for the boys and carried away a victory of 22-13.

The game was nip and tuck all through the first half and both teams showed wonderful basketball. In the last half the boys could not keep up with the Prescott team and dropped gradually behind.

The following boys started for Athena: Huffman, center; Myrick and Jenkins, forwards; Crowley and Rogers guards.

The substitutions were: Jack Moore for Jenkins, and Ralph Moore for Myrick.

**Girls' Basketball**

The girls' basketball team met the Prescott team on the local floor last Friday. The Athena girls started out well, they had made two baskets before Prescott hardly realized what was happening. But then the luck began to change and Prescott started rolling in baskets one after the other, and by the time the game ended, Prescott had a score of 28 to Athena's 18. At the beginning of the third quarter the game became rough. The results are, the Athena team has one girl with a sprained wrist and one with a black and blue nose.

**Entertainment**

An enjoyable assembly was held Friday afternoon in the school auditorium. Christmas carols were sung to create a real Christmas spirit. Each student was presented with a bag of candy which was a gift from the student body.

**Classes**

The vodvil, given by the Junior and Senior classes, proved successful both in pleasing the crowd and financially. Eighty-seven and one half dollars were received from the sale of tickets, this money will be used for class expenses and for the Junior and Senior Banquet.

**It's a Wolverine!**  
**Bends Like Rubber—**  
**Outwears Any Other Shoe!**

A FLEXIBLE sole that's kind to your feet . . . that yields quickly and cradles your foot comfortably when you stoop or kneel—that's what this Wolverine Horsehide Work Shoe does to make your day's work easier.

If you've never worn a Wolverine Horsehide Work Shoe you have a treat in store for you. You'd hardly believe work shoes could stay so soft, wear so long. Wolverine uppers do stay soft. They are scuff-proof. Acid conditions that quickly eat the uppers of ordinary work shoes don't faze a Wolverine upper. And they wear longer because they're made of the recognized longest wearing leather—Shell Horsehide.

We suggest that you come in today and try on a pair of Wolverines without obligation to buy. Your favorite style is here, too—ankle lengths to knee highs. And all these extra features cost no more than you'd pay for any good work shoe.
