Editorial (Emergy Rogers)

Which is the best and most enjoyable season in the year? Is it here now? I'm sure we all hope it is. This is early in the year for real spring, but we surely have been enjoying a pleasing spell of it, with the hopes that it's here to stay.

Spring is without a doubt, the best season of the year. After a good long cold snap nothing seems sweeter than a few sunshiny days of spring. The air is clear and the soft rains make us all feel full of "pep." The robins, bluebirds and meadow-larks will soon be here to visit us through the spring and summer. In the near future we will also enjoy the sight and smell of bluebells and buttercups. All will be here before we fully realize it. The grass will grow; the trees will acquire their foliage; and everything will attain a green and cheerful aspect.

We all are pleased that spring has arrived and everybody will go back to his work with renewed vigor. The headaches and the colds will soon depart and another vigorous winter will have passed into history.

Athletics

Wa-Hi took a hard fought victory from the local high school team Friday night by a score of 18-17. The boys played a bang-up game against the Walla Walla second-stringers. The game was fast and furious throughout, with one team leading and then the other. The Walla Walla quintet looped in several points before the boys could get started but didn't hold the lead for long. The opponents were somewhat handicapped by the Athena floor but nevertheless played a very good game and finally managed to edge out the local team by one point. The regular string started with all members but Crowley with Rogers at center; Myrick and Jenkins, forwards; Huffman and Hansell, guards. Jim Wilson was substituted for Huffman.

Girls Basketball

The Athena girls motored to Adams last Tuesday evening and met defeat at the hands of the Adams girls with the score of 12 to 10.

Girls' League

The Girls' League met for their first formal meeting last Tuesday. It was decided that the meetings would be held every two weeks. The standing committees that were appointed were as follows:

Athena High School Notes

Expert at U. of O.

Wide attention has been given Dr. John R. Mez, professor of political science at the University of Oregon, for his outstanding work in international relations. He will be one of the speakers at the student conference on international relations in Portland during February.

Noted Musician Now at Head of Piano Study

University of Oregon, Eugene — George Hopkins, outstanding young American pianist and composer, has been named head of the piano department of the University of Oregon school of music. It is announced by Dean John J. Landsbury.

Mrs. Jane Thacher, who is still a member of the faculty of the school of music, resigned last June as head of the department in order to devote more time to her students and to concert work.

The newly chosen music executive, who has been a member of the faculty of the university since 1919, has been hailed by many critics as one of the most promising of the younger artists. He has appeared in concert throughout Oregon and the Northwest and in eastern states as well. His compositions have been highly praised by such musicians as Ignaz Friedman. Mr. Hopkins' "Valse Burlesque" was first performed by Mischa Levitzki. Other compositions which have been played by leading artists include his "Three Dances in Classic Form," the "Romance Pathétique," and "Scherzo in E Minor."

Mr. Hopkins has his teacher's certificate from the Peabody conservatory, and his B. A. degree from the University of Oregon.

SCHOOL SAVINGS GROW

A total of 4,222,935 school children participated in school savings banking in the United States during the last school year, depositing \$28,572,496 and rolling up net savings of \$10,539,925, bringing total bank balances now credited to this movement to above 50 million dollars, according to the annual report of the Savings Bank division of the American Bankers Association. Schools to the number of 15,537 are enrolled in the plan.
