The high school student body—comprising the girls, most likely—will serve noodles to the public in the dining room at Masonic Hall tomorrow evening from 5:30 to 8:00, or as long as the noodles last, at 25 cents per plate. Of course, the boys may find something to do at the hall; carry wood and water and keep the range fire going, but who ever heard of a boy making noodles? The proceeds from the noodle feed will be used to assist in defraying the expense of printing the Athena high school annual. So nobody in town eats anything but noodles tomorrow evening.

A number of relatives and friends enjoyed a splendid dinner at the Willard Crabill home Sunday, in honor of Mrs. Crabill's birthday anniversary. Mrs. Ray O'Harra of Pendleton, made the birthday cake, and Mrs. Bud Crabill and Mrs. O'Harra assisted the hostess in serving. Those present were: Mr. and Mrs. Ray O'Harra and son Willard, Mr. and Mrs. Bud Crabill, Mrs. Ida Olsen and Mr. Mark Wilcox of Pendleton; Mr. and Mrs. Will Brown, Mrs. E. M. Mrs. Lee Hiteman entertained a group of friends Wednesday afternoon at her home on Washington street, when three tables of bridge were in play. The St. Patrick's day idea was charmingly carried out in flowers and favors, white carnations being daintily combined with greenery in decorations. Mrs. H. I. Watts carried off first honors in the play, while Mrs. C. M. Eager received the consolation gift. The guests were Mrs. E. D. Blatchford, Mrs. M. L. Watts, Mrs. H. I. Watts, Mrs. H. A. Barrett, Mrs. W. S. Ferguson, Mrs. James Cresswell, Mrs. Henry Dell, Mrs. Theresa Berlin, Mrs. W. E. Campbell, Mrs. J. F. Kershaw, Mrs. C. M. Eager and Mrs. R. B. McEwen.

Mrs. R. D. Blatchford was a pleasing hostess Friday afternoon at her home on Washington street, when she entertained the Study club. The subject Cathedrals of the South of England, was ably handled by Miss Dorothy Brodie and Mrs. Theresa Berlin, Miss Brodie giving a splendid description and history of the Cathedral at Canterbury, and Mrs. Berlin a paper on Winchester. A paper on Salisbury and Stonehenge, by Mrs. M. W. Hansell, was postponed to the next meeting. Mrs. Hansell being unavoidably detained at home. Mrs. Blatchford was assisted in serving a delicious dessert with coffee, by Mrs. Fred Kershaw. The meeting for March 21 will be at the home of Mrs. Berlin, the subject being "Devonshire," and roll call will be answered with Irish jokes.

Mrs. Floyd Pinkerton was hostess to the Christian Missionary society Wednesday afternoon, at her pleasant country home northwest of town. After the regular program in which Tibet was the subject for study, a short missionary playlet, "Why Tibet?" was given by a group of four ladies: Mrs. L. M. Keen Mrs. C. A. Sais, Mrs. Lew McNair and Mrs. Garner, in a very effective manner. Later, a special honor was given Mrs. Lee Crawford, and a dainty salad was served by the hostess, assisted by Mrs. G. E. Gerking, Mrs. Louis Keen, Mrs. Lloyd Michener and Miss Mary Berlin. Guests other than members were: Mrs. Arthur Jenkins, Mrs. Jesse Smith, Mrs. Roy Johnston, Mrs. Michener, Mrs. W. W. McPherson, Mrs. S. C. Charlton, Mrs. Clifford Walker, Mrs. Garner, Mrs. Forrest Zerba, Mrs. A. M. Johnson and Misses Pearl Walker, and Mary Berlin. About twenty-five ladies were present.

cause of the way in which he has upheld his end of sports throughout his four years in high school.

The lineup: Rogers, center; Myrick and Jenkins, forwards; Crowley and Huffman, guards. Hansell was substituted for Jenkins.

If the good weather keeps up, "Pike" expects to start in with spring baseball next week.

U. O. Museum Director Lauded in Far East

University of Oregon, Eugene — Warm praise for the contribution made by Mrs. Murray Warner, director of The Oregon Museum of Fine Arts, to the Institute of Pacific Relations conference held recently in Kyoto, Japan, was sounded by returning delegates at a special meeting of representatives of the American group held in San Francisco. It is reported by Dr. Arnold Bennett Hall, president of the University of Oregon. Dr. Hall has just returned from San Francisco, where he attended the session. He is a member of the executive committee and the board of directors of the American section, and is also a member of the education committee of this important international organization.

Mrs. Warner is regarded as an outstanding authority on Oriental Art, and is nationally known for her work in founding and directing the Oregon Museum of Fine Arts, with its Murray Warner collection of oriental art.

Returning delegates were enthused over the work that was done by the Institute at the Kyoto conference. The Japanese, Chinese, English, Canadian and American groups were especially able, it is declared. Prominent Japanese informed delegates at the session advanced the cause of liberalism in Japan by at least 10 years, and greatly helped to clear up the international situation in that section of the world. This statement was made at the session in San Francisco by Chester Rovell, nationally known publicist, who took a prominent part in the work in Kyoto.

The next session of the Institute will be held in China, in a city to be designated later, Dr. Hall said. It is felt that the frank and fearless searching for facts which is the object of the group can best be pursued in the region where the most problems arise.

While in California Dr. Hall also conferred with educators at Stanford and the University of California before returning to the campus here.

A new gymnasium is needed for the high school. There is absolutely no doubt about it. All the neighboring schools have good, full size gymnasiums.

The Athena gymnasium not only is under size but is a menace to the safety of the participants who play in games upon that floor. The walls are the out-of-bound, and it is not an unusual sight to see a player thrown against the walls. Some day a player will be hurt very seriously as a result of this. The low ceiling and small size of the gym handicap the home team players when playing on a full size floor, as well as proving very cumbersome to outside players playing here.

Of course the students could get along with the present gymnasium for a few more years but sooner or later they will have to have an up-to-date gym. Why not build one soon? Then the students can be enjoying it as soon as possible. There is lots of school ground to build upon and the old gym could be put to good use by the grade students.

Subject Classes

"Salt Water Taffy" a three act play has been chosen as the school play for this year. Practice has started in with much earnest enthusiasm by the cast. Those who are to take part in the play are:

Thelma Schrimpf	Charlotte Baneroff
Helen Foster	Irma Hastings
Walter Huffman	Charles Dudley
John Kirk	Edwin Rowley
Arleen Myrick	Anita Thordike
Betty Eager	Jane Oxford
Eldon Myrick	Jack Belmont
Stafford Hansell	Ripley Brooks
Rhoda Nelson	Billy Flood

The Grades

Last Friday the second-fifth grades entertained the third-fourth grades. The reason for the party was the result of the recent spelling contest in which the second-fifth lost. The menu consisted of milk, cake, sandwiches and pickles. An excellent time was had by all regardless of grade. "To the victor belongs the spoils" was not carried out and refreshments went to all.

Colds are having their tolls this week and are keeping Adeline Shigley, Geraldine Garrett, Orville Peterson, Mary Lou Hansell, and Billy Hansell at home.

Max Johnson has enrolled in the seventh grade from Milton.

Personals

Arthur Crowley and Eldon Myrick visited friends in Helix Sunday afternoon.

Betty Eager has returned to school after being absent for several weeks. Frances Cannon, Virgie Moore, Rhoda Nelson and Helen Foster had their senior pictures taken in Walla Walla Friday.

Ralph Moore was in Walla Walla Friday.

Marjorie Douglas and Mary Tompkins were in Pendleton Sunday evening.

Faculty

Miss Dorothy Brodie and Miss Beulah Smith spent Saturday in Walla Walla shopping.

Girls League

The social committee of the Girls League are sponsoring a St. Patrick Day party to be given today. The refreshments and games have been planned to carry out the St. Patrick's Day motif. The girls expect to have a "snappy good" time.

Athletics

The Athena boys entered the district tournament at Pendleton Friday and played their first game with Mac Hi and were defeated 29-20. This eliminated Athena.

The boys went on the floor against Mac Hi with the intent to give all they had whether they won or lost. The game was fast but both teams seemed unable to get organized and also found it hard to make their shots count.

The boys showed up more on the defense than on the offense but nevertheless played a good, close, game. Mac Hi was leading by the score of 12-11 at the end of the first half. The last half was about the same as the first half but the boys probably checked a trifle closer.

Eldon Myrick played a wonderful game and besides being high point man for Athena made the all-star team which was chosen by the referees. This was Myrick's last basketball game which he will play for the Athena high school but he will not be forgotten by the student body because of the way in which he has upheld his end of sports throughout his four years in high school.

Married Students at U. O. Leaders in Scholarship

University of Oregon, Eugene. — Married students at the University of Oregon number 122, or about five percent of the student body of 2,000, it is announced by Earl M. Pallett, registrar. Figures made public by the university statistician show that every class has a number of both men and women who are now "keeping house."

The university has no regulations concerning married students, as do some schools. It has been found here that married students do exceptional work in scholarship, and often men earn a living for themselves and their families while attending the university and making an excellent record. Married students take their studies much more seriously, it is declared, and spend less time in social activities and other diversions that take time away from school work.

Social Science Research Aim Explained by Experts

University of Oregon, Eugene — (Special) — The wide extent of the work now undertaken by the Social Science Research Council of America, an organization that is striving to enhance public appreciation in this field, was explained to faculty members of the University of Oregon by Dr. Walter F. Sharp at a banquet held recently on the campus here. Dr. Sharp, a member of the council, is now making a tour for the purpose not only of outlining the work of the organization, but to confer with those interested in social science who wish to undertake projects that call for financial aid through fellowships or grants-in-aid.

The council, which was organized five years ago by a group of leading social scientists of the country, now has seven major objectives on its program. Dr. Sharp pointed out. These are improvement of research organization, better trained personnel, improvement and preservation of materials, development and stimulation of new methods, publications and related problems, development of public appreciation of work in social science.

CHURCH OF CHRIST

In the morning service Sunday Mr. Sias will speak on the topic of "Why we Should Love God." Wednesday the 19th, has been set for the regular "Church night," when members and friends of the congregation will gather at 6:30 p. m. for a pot-luck supper in the basement. A program committee has been busy, and a good program of music, speaking, etc., will be rendered, after which there will be games for those who desire. All are invited to our services; and a special urge for followers of Christ who are unaffiliated to participate in and enjoy the worship and fellowship.
