(Emery Rogers)

I was talking to a prominent member of the senior class about a month ago. "Will you be glad when commencement comes around?" I inquired. "I surely shall," replied the senior, "for that's the end. It's the last finishing touch. After that, my days of hard thinking are over." Is commencement the last of hard thinking? No event ever lived up to its name better than commencement. Truly it is the commencement. The student who graduates from high school is just starting on his upward climb through life. His thinking, his labor, his discouragements and victories are all just at the early stages. In the following years after commencement the events will occur upon which the success of your life will depend. If one will keep in mind that now is the time to start making a name for oneself and that now one makes himself into what he will be in later life, he will guide his actions and habits so as to make his later life full of peace and contentment.

Signing Annuals

"Hey John! Will you put your John Henry in my annual? I am not particular who writes in it." "Shore, shore," said John, "I am no' proud."

This is the way it goes with all the students eager to have other students sign their annuals. Some consider it as a joke and scribble all over the page with their name while others take it seriously and place their signature in neat style on the page. After several years have passed the old school annual is dug out of the trunk. You turn the pages over and over and recognize your old school mates but as you turn the pages over you come to the signature of your old friends it is then that you get a good laugh at the scribbling that is placed on the annual of 1930.

Commencement Exercises

Professor Mark Harris of Whitman College will deliver the commencement address to the graduating class tonight at 8 o'clock in the school auditorium. The decorating is under the supervision of the junior class.

Athletics

The rain just about broke up the baseball game between Athena high school and Hermiston last Friday, but as the game meant a step nearer the loving cup presented to the win-

ning team by Jack Allen of Pendleton for the winner, neither team wished to forfeit the game although it was played in mud about ankle deep part of the time. The game was called off at the end of the tenth inning with the score tied at 5-5.

Hermiston started the merry-go-round in the second inning by making three scores on three successive errors. Athena hit a streak of luck in the third and managed to run in 4 scores making the score 4-3 in favor of Athena but Hermiston managed to score in the fourth tying the game again. Both teams failed to score again until the eighth inning when both teams made a score in their respective batting periods again tying the game. It became so dark at the end of the tenth inning that it was necessary to call off the game.

Both teams played very well considering the weather.

The starting line-up for Athena was: Moore, c; Huffman, p; Myrick, 1b; Hansell, 2b; Crowley, ss; Jenkins, 3b; Rogers, rf; J. Wilson, cf; M. Wilson, lf.

Next Monday at 3:30 the Weston graders will meet the Athena graders in a baseball tilt on the local diamond. The local boys are practicing hard and are expecting to show their heels to Weston. Geissel will be on the mound for Athena with Kenneth Rogers behind the bat.

Grades

Next Monday the grade team of hefty sluggers crosses bats with the Weston nine. The graders have been practicing hard and have a creditable team. Starting battery for Athena will probably be Geissel and Rogers.

The seventh and eighth grades will hold a picnic at Bingham this Saturday.

The fifth and sixth grades held a picnic at the country home of their teacher, Miss Margaret Lee, Tuesday afternoon. The afternoon was spent in outdoor sports, horse-shoe playing, baseball, games, basketball, racing and the best of all, eating.

Eighth grade exams come next Wednesday 14; and Thursday 15.

Mr. Miller is holding night school for one hour, from 7 to 8 to help those students who are behind on account of the measles. All the eighth graders are taking advantage of this one hour's review.

The seventh and eighth grades will go on their annual picnic tomorrow and all the parents and school children are cordially invited to attend. This has been a gala affair for the children and parents for the last five years and many are looking forward again to the event. Load in the boys and girls and join the happy crowd at the school house at 8:30 a. m. Saturday. There will be ice cream, cake and chicken for all. Don't forget the hour.

Personals
