YOUR REXALL DRUG STORE

Why can you save there with Safety?

Here's Why:

There are 10,000 Rexall Stores. They are local stores owned and conducted by local men. In their desire to give the public the best in drug store goods and the best in drug store service, they have not only made available for their patrons everything any other drug store carries, but in addition the high quality line of advertised products which are sold only in Rexall Stores. There are twelve factories devoted to the production of Rexall Store Goods—and the Rexall Store gets its supplies direct from the factory, which eliminates in-between profits. This results in either

a larger quantity for your money
 or equal quantity and quality
 for less

Finally: "We guarantee all Rexall Products to give you perfect satisfaction. If they do not, return them to us and get your money."

BAPTIST CHURCH
 Our revival meetings are over and the work of carrying on begins. All our work has been almost lost unless Athena will now have a revived church. A revived church spells service for God here and now. Jesus for a period of years created great revival interest, and then went away. At the Sunday morning service Capt. Boys Take Notice
 Mayor Watts takes this method of warning boys that hereafter they will not be allowed to play baseball or football on the streets of Athena. The practice of playing ball in the streets is dangerous and will not be permitted. The hazard to limb and life resulting from games played in the path of automobile traffic is too great, and the mayor will take measures to put a stop to the practice, completely.
