The Citizen's Ticket.

Persuant to call a goodly number of Beaverton citizens met in caucus in Grange hall Monday evening to nominate a ticket for the coming city election. There was no undue formality—the people seemed to have come together for the purpose of serious consideration—to place in nomination a ticket, composed of its best citizens, because all Beaverton is aroused to the needs of a conservative business administration for our town, Beaverton has a bright future, and everybody wants to see it move upward.

With this view in mind some of the town's very best citizens were placed on the ticket—all by unanimous vote of the caucus. Here is the ticket, judge for yourself:

Mayor—H. G. Vincent.
Councilmen—Fred W. Cady and Doy Gray.
Recorder—C. E. Hedge.
Treasurer—Miss Evans.

What do you think of the ticket? We think there could have been no better men found in the city. All are men of integrity and business ability; men whom you can trust in the more responsible positions; men who will conscientiously administer the town affairs to the credit of themselves and the people; it is just the kind of ticket the Times has been laboring. The truth is we are pleased with it.

New Auto Service

H. T. Peterson and James Gardner have inaugurated an hourly auto passenger service between Portland and Beaverton. An auto will leave Fourth and Yamhill streets, Portland, every morning at 6:15 a. m. and every hour thereafter during the day. Returning will leave Beaverton every morning, leaving Thyng's confectionery store at 7:00 a. m. and every hour thereafter, the last car of the day leaving here at 7:00 p. m. Extra

service will be added Saturday nights and Sundays. Fare 20c.

These gentlemen have been operating an auto service between Portland and Oregon City the past few months, but think they have a better run to this town. They report that they employ only very competent and careful drivers, and have never met with an accident in former service. They are offering Beaverton a quick, convenient and safe service.
