

LOCAL NEWS

Mr. and Mrs. L. B. Allen entertained Miss Lee Wilson and friend from Portland at Sunday dinner.

Jake Buckley is moving his family to Cornelius this week where he will make his future home.

L. A. Fernsworth, editor of the Banks Herald, was in Beaverton the last of the week visiting with Father O'Flynn.

Rev. W. L. Upshaw was again in the pulpit Sunday evening for the first time since his late illness.

Mr. James Wiley of Lake Minnetonka, Minn., is visiting with his brother-in-law J. W. Barnes.

All rural routes out of Beaverton are put out of commission on account of the storm and the carriers are only giving partial service.

The Oregon Electric was put out of business for a few days during the severe storm, but is again running on the old schedule.

The union services held in the M. E. church last Sunday evening were well attended. The next of this series will be held in the Congregational church next Sunday evening.

The snow is gone again, but who knows for how long. The weather man has certainly stuck his ladle into the wrong kettle this winter, and dished out the wrong dope.

W. H. Boyd reports that 25 large trees are down in the grove in front of the residence of J. D. Wilmut and that the ornamental shrubs in the yard are badly damaged.

The city council have decided to meet the town water system, installing meters at all private residences. This it is thought, may have a tendency to stop the leak.

Last Sunday the town stores were again closed tight and you couldn't even buy two for five. This is due to the dissolving of the injunction restraining the enforcement of the law.

Ernest Barnes reports that his father-in-law who lives in eastern Oregon sold hay to stockmen who packed it on their backs in sacks fifteen miles through five and a half feet of snow, to keep their stock alive.

Roy Poole is home this week visiting his parents Mr and Mrs. E. B. Poole. Roy has been attending the O. A. C. this year and being exempt from the examinations at the end of the winter term he finds himself with a little leisure time in which to take his breath. He expects to return about the first of the week.

Miss Goldie Vincent of the Beaverton high school was awarded the prize offered by the German speaking society for the best scholar in German. This is the first prize given by the society to a student of this high school and is something to be cherished by the possessor, not so much for the intrinsic value of the medal as for the effort and hard work it represents.

Beaverton School Notes

Owing to the unsettled condition of the weather the attendance in all the rooms has been very low for the last month. The following pupils of the upper grades were perfect in attendance for the month ending January 25: Eighth grade, Thelma Pegg and Edward Richardson. Seventh grade: Philip Thompson, Edith Barnes, Vena Thynn, Beatrice Bassac. Sixth grade: Violet Soraner, Velma Davies and Freda Zimbrick.

Mid-term examinations were held last week. Any pupil who averaged 90 in his studies, 92 in deportment, 90 in application and was not absent more than 10 days during the term was exempt from taking examinations. Many were exempt and those who took them in most cases, passed with good marks.

Monday marked the beginning of the second semester of this school year. Algebra III was finished, and Commercial Arithmetic taken up in place of it for the rest of the year. The course in Physiology was also completed.

The bad weather and lack of street car service in Portland prevented Miss Miller, the Domestic Science teacher, from coming last Friday. The week before, the Board of Directors and several of the teachers had been invited to luncheon by the High School girls. Rather than disappoint them the girls decided to take charge of it themselves, which they did successfully and served the following menu:

Cream of Tomatoes Soup; Miltation Steak with Horseradish; Mashed Potatoes; Twin Biscuits; Cabbage au Gratin; Cabbage Salad; Carrot Pudding with Hard Sauce and Whipped Cream; Coffee.

The guests are apparently still in good health so we trust there were no ill effects suffered.

In the Manual Training department the boys are progressing rapidly. Last week Prof. Burr lectured to them on Roof Construction and next Friday they will start constructing a roof. The boys tell us they will soon be able to build a complete house.

Prof. C. W. Burr being ill, at his home in Hillsboro, was unable to attend school last week, owing to the good organization classes were continued by the High School assistants and Grade teachers. Our best wishes for his speedy recovery. Birdie Channing of Aloha is a new pupil entering school here this semester.

Miss Franz, one of the teachers, is recovering nicely from her operation and will return from Seattle in about a week. The Parent Teacher Association of Beaverton failed to meet last week on account of the stormy weather. Notice of their next meeting will be duly published.

Washington Co. School Notes

Parents' Day was observed last week by a large majority of the schools in the county. The reports show that nearly 1000 people visited the schools on that day. The best reports come from Banks, showing 62 visitors, and Orenco 51. The inclement weather kept many away. One teacher reports the visit of a parent that had been a pupil in the district years ago and now has a pupil attending the same school. This parent had not been in the school building since she finished the eighth grade.

District No. 51, the school at Meacham's Crossing has made some substantial improvements this year. A well has been dug and play apparatus installed. The officers are Earl Hollenbeck, clerk; Mrs. G. E. Meacham, W. L. Thompson and Art Kime, directors.

District No. 43, Shady Brook School, reports that the school has now reached the standard mark. Mrs. Minnie Gates is the teacher.

The new school building at Manning was inspected last week by the county school superintendent and pronounced standard.

The Gaston High School has met all the requirements of a standard four-year High School. Mr. R. E. Winger is the principal.

In the May and June eighth grade examinations a new plan will be tried in testing the pupils in the subjects of U. S. History and Civil Government, according to a statement issued by State Superintendent of Public Instruction J. A. Churchill. During the examination the pupils will be allowed to refer to their text books, but the questions will be so framed as to test the ability of the pupil in expressing what he has learned in clear, concise language. The advantages of such a plan are, that it permits the teacher to emphasize the historical events which she considers most important; it gives the trained teacher greater freedom so that she can do a much higher quality of work than simply helping the pupils to "cram" for an examination; it frees the teacher and the pupils from so teaching and studying as to make the examination the end; it tends to give the pupils power of expression and eliminates the memorizing of unimportant dates and facts.

NOTICE TO TAXPAYERS.

Notice is hereby given that on Tuesday, February 15, 1916, the tax rolls for the year 1915 will be opened for the collection of taxes. The first half of all taxes shall be paid on or before April 5th following, and the second half on or before October 5th following. Interest shall be charged and collected at the rate of 1 per cent per month or a fraction of a month until paid. Interest at said rate applies to the first half if not paid by April 5th, and to the second half if not paid by October 5th.

All taxes remaining unpaid on October 5th, shall become delinquent, and on November 5th a penalty of 5 per cent will be charged and collected thereon in addition to the interest provided herein. Any day after the expiration of six months after the taxes charged against real property are delinquent, the sheriff shall have the right and it shall be his duty upon demand to make out and issue certificates of delinquency against such property. Certificates of delinquency shall bear interest at the rate of 15 per cent. On or as soon as practicable after October 5th, the tax collector shall proceed to collect all taxes levied against personal property, and which shall have been unpaid, and shall levy upon sufficient goods and chattels of delinquent taxpayers and sell same to satisfy said tax or said sheriff shall charge said personal property tax against real property and said tax shall become a lien upon said real property and shall be enforced in the same manner as other real estate tax liens.

J. E. HUNTER,
Sheriff of Washington county, Oregon.
By J. C. APPERDATE, Deputy.

All advertising must be in by Tuesday morning.

THE LAST STAND.

"On the level again," said a certain citizen, as he pushed open the door to the New Times office in the Fisher building. "Yes," answered the editor. "We are now down where we can be easily found. We are on a business footing and in on the ground floor."

The move just made by the only live newspaper in the east end of Washington county is for the best interest of that paper. The office is now located where the circulating public can not miss it.

We are also equipped to receive visitors, and news. What we don't get ourselves must find its way to us, and the public is the only medium by which this can come our way. If you know something which we don't, don't keep it to yourself but notify the Times office and let everybody know.

The P. T. A. will meet Wednesday the 16th at 3 o'clock, at school house. The usual program will be rendered. This is flag day and all should attend.

Read your home paper and keep up with the TIMES.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by P. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

BEAVERTON PEOPLE PRAISE SIMPLE MIXTURE
Many in Beaverton praise the simple mixture of Buckhorn bark, glycerine, etc., known as Adlerika. This remedy is the most THOROUGH bowel cleanser ever sold being used successfully in appendicitis. ONE SPOONFUL relieves almost ANY CASE of constipation; sour or gassy stomach. ONE MINUTE after you take it the gases rumble and pass out. Adlerika cannot gripe and the INSTANT action is surprising. CITY PHARMACY.

Did you ever stop to consider the terrible after effects of La Grippe? If you have not then you are needlessly EXPOSING your future health. Perhaps at some time in the future you will find yourself attacked by Bright's Disease, or some other equally uncurable affliction. The reason is very evident. You were CARELESS and did not take proper care of yourself when you should have. What a simple matter it would have been to have gone to the CITY PHARMACY and purchased a box of ARCH BRAND BOLD TABLETS and CURED yourself—PREVENTED those terrible AFTER EFFECTS. These wonderful little tablets can be used in the treatment of Cold in the Head, Influenza, Bronchitis, Catarrh, Coughs, Fevers, Headache and many other afflictions of the human race.
