His Golden Wedding.

Up and down the village street walked old Tompkins, dressed all in his Sunday best, and with a clean collar on.

"Hello, old fellow!" a friend hailed him. "Aren't you working today?"

"No," replied the old man proudly. "I'm celebrating my golden wedding."

"Really? Then you've been married 50 years!"

"Yes, I have."

"Then where's Mrs. Tompkins? Isn't she celebrating, too?"

"The present Mrs. Tompkins," the old man coldly rebuked the idle questioner, "has nothing to do with it."

The Department of Farm Crops, University of Idaho, has received during the spring, shipments of seed from the following foreign countries: Canada, Sweden, Denmark, Australia, and Japan.

The Bureau of Plant Industry of the U. S. Department of Agriculture has also sent samples of clover and other leguminous crops for the purpose of co-operative testing experiments.

HUSBAND OBJECTS TO OPERATION

Wife Cured by Lydia E. Pinkham's Vegetable Compound

Des Moines, Iowa.—"Four years ago I was very sick and my life was nearly spent. The doctors stated that I would never get well without an operation and that without it I would not live one year. My husband objected to any operation and got me some of Lydia E. Pinkham's Vegetable Compound. I took it and commenced

to get better and am now well, am stout and able to do my own housework. I can recommend the Vegetable Compound to any woman who is sick and run down as a wonderful strength and health restorer. My husband says I would have been in my grave ere this if it had not been for your Vegetable Compound."—Mrs. BLANCHÉ JEFFERSON, 703 Lyon St., Des Moines, Iowa.

Before submitting to a surgical operation it is wise to try to build up the female system and cure its derangements with Lydia E. Pinkham's Vegetable Compound; it has saved many women from surgical operations.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if bladder bothers you.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Money in Dandelion Roots.

Selling dandelion roots at 4 to 6 cents per pound offers a pretty fair premium on removing the dandelion pests from lawns, fields and pastures. Since 100,000 pounds or more are imported annually into the United States it seems that many a young boy or girl ought to make fairly good wages by collecting and preparing dandelion roots for the drug trade. The root is used medicinally in diseases of the liver and dyspepsia, reports H. S. Hammond, of the O. A. C. Botany department, Corvallis Ore.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts, which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, many breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

No Accounting For Juries.

Many verdicts of a strange, curious and humorous nature find birth not infrequently in coroner's juries and juries in justice's courts.

Uncommonly intelligent are the coroner's juries in Mississippi. Twelve men in Warren county, in that state, returned a verdict several years ago which read: "The deceased died by the will of God or some other disease unknown to the jury."

Another verdict, equally as solemn, reads: "We are of a Pinion that the Deceast met with her death from Violent Infirmation of the Arm, produced from Uncon Cause."

An old story, oft repeated, is that an English jury in a criminal case once brought in the following, "Guilty, with some little doubt as to whether he is the man."

Another is told of a Welsh jury, which reads: "We find the man who stole the mare not guilty."—Docket.

Got Even.

A young man who had been snubbed at the theater door decided to get even with his girl friends.

The girls occupied the first four seats in the sixth row and the young man had the fifth. They paid no attention to him. On the program was a monologist who began to talk of love to get a few laughs, as those artists often do. He said: "All the girls who are in love, please stand up."

Turning to the girl next to him, the young man who had been snubbed said: "Please let me out."

Naturally, the entire four had to rise. When they were on their feet the young man sat down, while the remainder of the audience roared in glee at the four.—Philadelphia Public Ledger.

Recognizing the Profession.

"Was your father a pirate?" asked young Fitztop of the girl of his choice at a clandestine meeting, after the old sea captain had urged his exit from the family mansion on the hill by the use of his pedal extremity.

"No, my darling," was the reply. "Why do you ask?"

"He seemed to me to be a good deal of a freebooter," said the young man.—Philadelphia Public Ledger.

A Reminder.

"Look here," said the indignant house owner to the agent from whom he had bought his home on the installment plan. "The paneling in my dining room is opening so you can put your finger through the cracks."

"That's all right," replied the agent. "The house is settling. And that reminds me, it's about time you settled up for last month's installment!"—Philadelphia Public Ledger.

"An' phwat is your Patsy doin' these days, Mrs. O'Hagan?"

"Ah, he's doin' foine! He's a conductor in the operry house, an' wears a swallowtail coat."

"A conductor, is it? An' phwat does a conductor do?"

"He conducts people to their seats."

Hanford's Balsam is good for blood poisoning. Adv.

"And nowadays, in addition, he is supposed to know how to act under water, in the earth and without air."—Puck.

Rubbing It In.

"The audacity of this laundress!"

"How now?"

"After reducing my garments to shreds she tries to charge me by the piece."—Louisville Courier-Journal.

There are many other reasons why—but try a can and see for yourself.

Blasted Out with IANT

You know the difficulty of getting the roots of stumps out with pullers, by burning, or by using explosives that merely shatter. You need explosives that not only shatter but also lift and heave—that tear the roots and make clearing easy. You can save work, time and money by using

IANT FARM POWDERS

—made by a Pacific Coast company, with 50 years' experience, to meet Pacific Coast agricultural conditions. More than 2,000,000 pounds used every year by farmers who have proved they reduce stump blasting costs.

There are two Giant Powders—Eureka Stumping Powder, for use in dry work, and Giant Stumping Powder, for wet work. Ask your dealer for them. Test them alongside of any other explosive. Write us and we will have our nearest distributor supply you—at lowest market prices—with a trial case that will prove to you the economy of using Giant Farm Powders.

Five Valuable Books Free

We issue five handsome, illustrated books to help you to blast cheaper and better—books on Stump Blasting, Boulder Blasting, Tree Planting, Subsoil Blasting and Ditch Blasting. Any or all of these—written by western men for western farmers—will be sent on request. Choose the books that you prefer and write for them today.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Correct.

Miss Wheat, the new teacher, was bearing the history lesson, which dealt with the career of George Washington. Turning to one of the scholars, she asked:

"James, what was Washington's farewell address?"

The new boy arose with a promptitude that promised well for his answer.

"Heaven, ma'am," he said.

Start and Finish.

A publisher of this city is credited with a unique criticism of a story teller who had begun promisingly, but soon degenerated into the lowest type of "best seller."

"This gentleman's biography," said the publisher, "can be comprised within two questions and answers thus: 'How did he begin writing?'"

"With a wealth of thought."

"How did he continue?"

"With a thought of wealth."
