She Was Shopping.
She had been sitting in the furniture shop for nearly two hours, inspecting the stock of linoleums. Roll after roll, the prearranged assistant brought out, but still she seemed dissatisfied. From her dress she judged her to be a person of wealth, and thought it likely she would have a good order to give. When at last he had shown her the last roll he passed in despair.

Warning.
"I can not understand why my second husband is so fastidious," confessed a Washington lady to her bosom friend. "He scarcely eats any thing. My first husband, who, died, used to eat everything I cooked for him."

Character Analysis.
"I always told Charley that he had too sensitive a nature," said young Mrs. Torkina.

WHEAT MARKET

Great Excitement Prevails on Beach at Chicago This Week.

PRICES HIGHEST SINCE 1887

Conditions Considered Dangerous by Many Traders—Corn Reaches Highest Mark Since 1867.

Chicago—Speculation has grown wild in everything, especially in foodstuffs, with grains taking the lead. There has never been anything like the speculative buying and advancing tendency of values, as shown in the wheat market of late.

A 18-cent advance in 24 hours was followed by an eight-cent break and a 12-cent bulge. To see December wheat sell at \$1.90 in Chicago, \$1.97 in Minneapolis, \$1.85 in Kansas City, \$1.89 in Winnipeg, and \$2.02 for drums wheat in Duluth, and \$2.03 for the cash article of the latter variety in Minneapolis is something that the grain trade of today has never experienced.

Predictions of \$2 wheat at Chicago, which were not expected to be realized before next March or April, may become a reality this week, unless something develops to check the bullish enthusiasm and the heavy volume of buying, despite the fact that prices have more than doubled within about a year. Wheat prices are the highest since 1887, when the market was artificial. Present prices are legitimate, as prices the world over are abnormally high. So long as nothing develops to disturb the confident feeling existing among holders, there is no telling how high prices may go. The level, however, is getting so high, with the market a long one, that it is regarded as dangerous by many traders.

The high prices are bringing out liberal quantities of wheat, as leases of farmers are met by the advance and interior reserves are being reduced, while the visible supply is increasing.

There is a general impression in the trade that the bulk of the cash December wheat in the United States and Canada is owned by foreigners and exporters. They are expected to take a delivery of the cash grain in December.

Cash corn sold up to \$1.12 for No. 2 yellow last week, or the highest since 1887. Corn at \$1 a bushel and over looks high by comparison, but with wheat above \$1.90 it is not out of line.

Russians Begin New Drive; Great Offensive in Galicia and Poland

London—A telegram received in Rome from a German source reports there are indications of the beginning of a tremendous new Russian offensive in Galicia and Poland, says a dispatch from the Italian capital received by the wireless press.

Berlin—The Russians have renewed their attacks on the Austro-German line west of Lutsk in Volynia, and war office announced Monday, delivering an assault Sunday after two days' artillery preparation in the vicinity of Zaturza. The attack, according to the official statement, failed completely, with heavy losses to the Russians.

Petrograd—Austro-German forces launched a series of violent attacks against the Russian and Rumanian positions on both banks of the river Bystritsa, in the region of Dorna Water, Sunday, says the official statement by the Russian war office, compelling the Russian advanced posts to abandon two heights.

Premium Paid to Holland, Washington, D. C.—A new arrangement for diverting Dutch products under which England will be assured of obtaining a greater percentage than she has been able to get by purchase in the open market in competition with German buyers was reported to this government. The report says England will pay for many Dutch agricultural products the same prices she now is paying her colonies, the English government making good the difference between such prices and those paid by Germany.

Shot Fired at Premier, Melbourne, Australia—An attempt was made recently to assassinate William Morris Hughes, the Australian premier, at his home in New Victoria, according to a Reuter dispatch from Sydney, which says the information was obtained from close friends of the premier. A man is said to have forced a window at night and have fired a revolver shot into the premier's bedroom. The bullet did not take effect. The would-be assassin escaped.

France Will Fix Prices, Paris—The French senate passed a measure Monday authorizing the minister of the Interior to fix the limits of retail selling prices of butter and cheese. These products now are bringing from 50 per cent to 150 per cent more than they paid before the war.

WHAT OUR NEIGHBORS IN CALIFORNIA SAY.

Portland, Ore.—"I want to extend to you my heartfelt thanks for the benefits derived from the use of your medicine for the blood and good advice obtained. I can't praise you enough. I had been a great sufferer; these things I was given up to die—the last time being four months ago. I doctored with several doctors but obtained no relief. Was told that an operation would effect a cure, as I submitted to one, but this proved like all the medicines I had taken—no benefit. I obtained, and started on once taking 'Favorite Prescription.'"

"Four months ago the doctors and nurse said it would be a year or more before I would be able to do my household work, and, of course, I thought as myself as I was not able to walk across the floor for several weeks, I am now able to do my household work and to care for my children and I do not feel as though I could ever thank you enough for the benefits I have received."—Mrs. MARGARET KIPP, 154 South Pasadena Ave.

Why should any woman continue to suffer, to lead a miserable existence, when Dr. Pierce's Favorite Prescription is sold by druggists, in either tablet or liquid form?

Miss Mason was explaining to her Sunday school class the lesson for the day, the subject being the tares and the wheat.

"Now, remember, children, the tares represent the bad people and the wheat the good ones." "Why, Miss Mason!" exclaimed a rowdy-looking boy, who had been listening through the lesson with deep interest, "did you say the tares are the bad folk and the wheat the good ones?" "Yes, James," replied the teacher, pleased at the lad's interest.

"Well, that's funny, I think!" remarked the matter-of-fact child. "It's the wheat that gets thrashed; the tares don't."—Philadelphia Ledger.

HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health—

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever. I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 518 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female trouble should not hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice.—It will be confidential.

All "Eats" Climb Higher Every Day.

Tacoma—The unprecedented rise in food prices continued Wednesday, with potatoes and flour the chief features. Potatoes advanced \$2 a ton and four 40 cents a barrel. Yakima potatoes are now \$40 a ton and locals \$25, and indications are that the rise is not at the highest point yet. Jobbers say that the price of potatoes will not be lower until next August, and that they will probably go higher. The New York sugar market advanced 10 cents and the effect is expected to be felt here in a day or so. Mr. Ultimate Consumer will have to tighten up his belt another notch.

Grapes arrived in large quantities from California. The Yakima Concord is off the market, due to a heavy frost. The late California grapes include the wine and black grapes. Some of the jobbers are giving the wine grapes other names because some of the purchasers fear the officers of the law will be on their trail as liquor manufacturers if it is known they bought wine grapes. The grapes are arriving in lug boxes, which sell at 55 cents. A few boxes of peaches may still be found on the market. California head lettuce is now on the market.

The fish market is flooded with dark fall salmon. The run of these fish this year is very heavy, forcing down the jobbing price to 54 cents a pound. As usual halibut and small fish are scarce. The meat market shows a firm tone, with tendency to advance. Eggs, butter and cheese prices remain unchanged.

All kinds of canned goods have gone up with the general advance, especially condensed milk. Wholesalers have received notice that both Carnation and Astar brands were overvalued and no more orders could be received for some time. Mount Vernon brand advanced 10 cents on the strength of this and the tone of the market.

Yakima Shippers Demand Care.

North Yakima—Yakima shippers telegraphed railroad companies Wednesday notifying them of their intention to begin offering consignments of fruit and to resort to the courts if refused. They demand care to relieve the shortage. H. M. Gilbert wired the Interstate Commerce commission that the Northern Pacific and O. W. R. & N. assert Eastern roads are holding their refrigerator cars for shipment of all kinds of merchandise, even salt, and asking the commission to compel delivery of these cars.

Roads Held Responsible, North Yakima—Shippers of the Yakima valley met recently and decided to serve notice on the O. W. R. & N. P. that they intended to tender their fruit for shipment and then hold the railroads responsible if it cannot be shipped for lack of cars. It is believed that there are over 4000 cars of apples yet to be shipped while it is almost impossible to get refrigerator cars enough. Fruit is coming in from the orchards at the rate of six cars daily for every car that is sent out.
