Causes of Car Shortage.

It is always better to get at facts of any given condition than to engage in condemnation based on prejudice.

For instance, what are basic facts and causes of car shortage we always hear so much about at this time of year.

From July to October is the time for moving crops and buying supplies, and laying in coal and fuel for winter.

Closing of Panama canal and congestion of traffic in eastern manufacturing centers increased demand for cars.

The Pacific Coast sends out more products for eastbound shipment than it receives, and June, July, and August saw 45,000 more cars go east than same month last year.

Many states have enacted laws forbidding work on Sundays and this tends to hold up use of all cars one-seventh longer.

Car builders in east manufacture other lines and have been unable to deliver new cars ordered to meet increased traffic. —Ex.

Rigolo Rossi and John Peterson disposed of their crop of garlic Monday for 3 1-2 cents a pound. They say that it is a poor price for the product so late in the season.

At the Annual Stockholders Meeting of the Bank of Beaverton held January 11, the officers were given a vote of thanks for their efficient service during the past year and a 6 per cent dividend was declared and a substantial amount carried to the Surplus Account. This certainly speaks well for our local bank. Their deposits now being over the \$100,000.00 dollar mark.

Adam George of Portland, was in town Sunday meeting old time friends. Adam has just returned from Alaska, where he was in the electrical business with the Treadwell Gold Mine Co. The business men up north give musicians preference in employment, so Adam "got in Jake" right off the reel, he being an excellent clarinet player in the Rose City. It pays to be a musician as man faraway in the cold solitudes of nature craves music. He cleared up a bunch of money in ten months then zero weather came on, so Adam traveled south to Oregon.

One of the best things the people of this community can do, is to be present at the entertainment that is to be given in an endeavor to raise funds with which to erect a new play shed for the use of the public school.

The charge will be slight in proportion to the entertainment which will be featured. Some of the best talent in Beaverton will be presented, which is in its self a good recommendation; but those under whose care the different numbers are being prepared, makes it an assured success.

Jim Lewis, who attempted to stop a Ford with his hand the other day, is recovering very nicely from a severe fracture of the arm sustained after the gold-durned thing had backed him into a corner.

Marriage licenses were granted the past week to the following couples. Linnaeus W. Paget and Mary C. Pitts. Frank J. Holboke and Anna M. Welter.

Rev. J. P. O'Flynn announces that the St. Cecilia parish is made up of over 100 families, 90 of whom contribute a certain sum annually to the support of the parish institutions. A determined effort will be made this year to lessen the debt considerably and it is expected that within six years the total debt will be eliminated. Then preparations will be made for the erection of a large stone or brick church which will be a credit to this end of the county.

Why Ammonia Cleans Clothes.
Ammonia, the great spot remover of the American people, is really a gas dissolved in water. It belongs to the alkali family, and on account of its mineral origin is the foe of all oils and grease, which explains the easy way it disposes of spots that soap and water cannot affect.

Recovered Too Soon.
"I thought she knew you?"
"I expect she does. I was engaged to her at one time."
"But she snubbed you!"
"Yes; you see, she threw me over, and then I didn't take to drink."—Philadelphia Inquirer.

Improved the Opportunity.
"I'm sorry I asked the girl to clean the typewriter."
"Why?"
"She took fifteen minutes to clean the type and two hours to manicure her finger nails afterward."—Louisville Courier-Journal.

It requires very little trouble to find fault. That is why there are so many critics.—Haines.

HEAR WITHOUT EARS

Police and Detectives Are Using
Lip Reading in Place of
the Dictagraph.

Thousands of deaf people are today throwing away all hearing devices and enjoying all conversation. This method is easily and quickly acquired thru our system. Absolutely the only thing of its kind in the country. Our proposition is entirely original. We guarantee results, it will amaze you. Cost is trifling. See what new New International Encyclopedia says on Lip Reading. Hundreds of people with normal hearing are taking up Lip Reading with for the many additional benefits gained. You can understand what the actors are saying in the moving pictures. You can understand what people are saying just as far away as you can see them. The eye understands beyond the range of hearing. Send no money, but mention this paper and state whether or not you are deaf. All particulars will be sent to you absolutely free and with no expense to you. Address, School of Lip Language, Kansas City, Missouri. (Pd Adv)
