Line of Accessories---Ladies' Rest Room

Three strong reasons urge you to buy the Ford car: First, because of its record of satisfactory service to more than fifteen hundred thousand owners; Second, because of the reliability of the Company which makes it; Third, because of its large radiator and enclosed fan, streamline hood, crown fenders front and rear, black finish, nickel trimmings, it is most attractive in appearance. To these must be added its wonderful economy in operation and maintenance---about two cents a mile; likewise the fact that by reason of its simplicity in construction anyone can operate and care for it. Nine thousand Ford agents make Ford service as universal as the car.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

**INSTANT ACTION
SURPRISES MANY HERE**

This grocer's story surprises local people: "I had had stomach trouble. All food seemed to sour and form gas. Was always constipated. Nothing helped until I tried buckthorn bark, glycerine, etc., as mixed in Adler-ika. ONE SPOONFUL astonished me with its INSTANT action." Because Adler-ika flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. L. R. Dean, druggist.

Public School Notes.

The scholars were surprised last week by "fire alarm" being sounded and yet the building was emptied in quick fashion, time 55 seconds.

St. Valentine Day was observed by all four rooms with Valentine boxes and the children from the first to the eighth grades enjoyed the occasion, receiving from 3 to 20 valentines each.

The boys have placed poles for a back stop for the baseball diamond, as soon as the weather moderates, wire netting will be strung--Then "Play Ball!"

The pupils of Miss Dora Van Blaricom's room have been composing short poems lately, and many of their verses handed in were remarkable for their originality and poetic rhythm.

The boys of the seventh and eighth grades have been organized as "Colored Jubilee Singers" and are rehearsing some "stirring Southern Melodies" for the coming entertainment of the Parent-Teacher's association. This will be their first appearance and will sure be the biggest "crowd of coons" ever in Beaverton.

Archie A. Pike director was a welcome all day visitor to the public school last week, spending one period with each department. Beaverton has progressive men on the school board who take deep interest in our school.

Students in the seventh grade Agriculture Class have been doing efficient work of late.

Last week the "growing of corn" was assigned as the topic for the written recitation at the board. The four high records out of a class of 19 were: Glencie Cheek, wrote steadily on the one subject 60 minutes; Hazel Barnes and Raymond Rossi 59 minutes each and Ethel Warren 52 minutes. This surely is a wonderful concentration of thought on one topic for seventh grade students.

Debate.

The sixth grade had a very interesting debate Friday afternoon. The question was: Which is the more intelligent, the dog or horse?

Geneva Goddard was the
