War Gardens Prove Profitable.

Ninety-six war gardens in Baker, Oregon, produced crops worth \$20 each, average, at an average cost of \$12 each. Prof. H. C. Seymour, state club leader, says that this is about typical of the work all over the state, where a special leader was provided. Hence many thousands of dollars were cleared in the garden work, not counting the increase obtained by advising non-club members and inducing many adults to cultivate gardens.

For Sale.

Coal oil heater, almost new also a few stoves of best.

W. E. Squires, Beaverton, Oregon.

BEAVERTON HAS MANY GOLD FISH FOR PETS

Dean's Drug Store Distributes Globe and Fish Free With 25c Purchase and Demand is Large.

There are many goldfish in the homes of Beaverton people and it is all due to the enterprise of our modern pharmacist. Dean's Drug Store has been the distributing point for these finny beauties and the enterprise of this progressive store is shown by the fact that he gave these pretty home ornaments free with 25 cent purchases at the drugstore. Not being able to wrap up the goldfish after the number of the ordinary package, he also presented his customers with a neat globe home for the fish.

This enterprising move is but one small part of the enterprise which marks this modern store. It is up-to-date in every particu-

lar and the affable and agreeable manners of Mr. Dean are not the least of the attractions which aid in bringing custom to this popular pharmacy. The store is neat and attractive. An air of cleanliness pervades the place. Only the most standard and recognized remedies are carried and the leading proprietary medicines on his shelves are those which he can most readily recommend.

The toilet articles and drug accessories are goods of merit, prices are reasonable and the service is of the best.

The prescription department is equipped with up-to-date equipment which assures accuracy, the stock of drugs is complete and Mr. Dean brings to the work a knowledge of chemistry and compounding that insures that your doctor's orders will be most faithfully carried out.

Real Estate

We truly believe this to be an opportune time to buy real estate. Land values are the lowest they have been in ten years. All farm products are commanding high prices and are likely to continue to do so for several years to come. Why not take advantage of the low price of land and the high price of farm products and buy now?

Few people realize the advantages to be derived from the services and advice of a reliable and experienced brokerage firm. We have been established in Beaverton for ten years. We point with pride to our hundreds of satisfied customers.

BIRTHS.

SMITH—Saturday morning, October 20, to Mr. and Mrs. William Smith, at their home a mile west of Beaverton, a 7-pound boy. Dr. C. E. Mason was in attendance.

NIELSON—Wednesday morning, October 24th, to Mr. and Mrs. Martin Nielson of Hazel-dale, a nine and one-half pound boy. Dr. P. M. Carstens was in attendance.

LITTLE NORA WALKER IS VICTIM OF FIRE ACCIDENT

Frightful Burns Claim Life of Tot After Seven Hours of Suffering from Burns.

Sunday afternoon Beaverton residents were shocked by the word that little Nora Walker, the four and one-half year old daughter of Mr. and Mrs. Charles Walker who live on the old Livermore place just west of town, had been frightfully burned in a grass and leaf fire in the woods near her home. Later that evening word came that she had succumbed to the burns.

The little girl was in the woods with her little brother. In some way she had secured some matches and sought to imitate her elders by building a fire in the dry grass and leaves. The flame caught in her clothes and before help could reach her the flaming garments had burned her from neck to shins. Dr. Carstens was summoned and did everything for the child that medical aid could render, but the best he could do was but to allay the suffering and when the reaction set in little Nora passed quietly from this life.

The accident happened almost at the noon hour and the child lingered until 7 o'clock in the evening. The little brother who was with her was not injured by the fire.

The stricken parents have the sympathy of the entire community in this sad bereavement.

Funeral services were held Monday.

Dance Saturday, November 10th.

Another of those enjoyable social dances will be given Saturday, November 10th by Woodward & Coughlin. Music will be furnished by Breardon's orchestra, which in itself insures an enjoyable time.

The boys are conducting these dances on a high social and moral plane that removes all objectionable features of the public dance and leaves a thoroughly enjoyable evening. Because of this policy, children under 16 years of age are not admitted unless accompanied by their parents.

Selling Many Fords.

Otto Erickson, the hustling dealer in Fords for Washington County, is one man who can boast of a flourishing business. He already has orders for 52 cars for spring delivery in this county and more are piling up with each passing week. Otto is a hustler and even the marvelous records of the Ford factory for efficiency may not be able to keep up with him, so if you want a Ford for next spring, don't delay, but place your order at the earliest possible date to insure delivery.

SCOUTS WERE BUSY WHILE LIBERTY BONDS WERE SOLD

The Boy Scouts of Beaverton are winning their laurels in the work for Uncle Sam. During the Liberty Loan campaign, this organization of six boys was active. The net results were five \$50 bonds and one \$100 bond. Ejer Carstens, patrol leader, sold the \$100 bond and two of the \$50's. Philip Thompson, scout scribe, Archibald Masters, assistant patrol leader, and George Thompson were each credited with a \$50 bond.

Now the boys are boosting the food control campaign. They have 19 families promised to sign up and have found only six who refused. But the boys are still working and will get a 100 per cent organization before the campaign closes.

Alfred Barzee is treasurer of the organization, Rev. W. L. Uphaw is scoutmaster and G. A. Van Antwerp and Willis Cady are assistant masters. There are six tenderfoot scouts and one candidate now in the organization, two former members having moved away.
