Congregational Church Notices.

One of the largest Congregations for many months assembled in the Congregational Church Sunday morning to hear Rev. Upshaw speak on the "Blessedness of the Unoffended". The Young People's meeting in the evening was largely attended and the discussions over the question box led by the president, Chester Smith, was very interesting. All the young people took a very active part.

The questions handed in for next Sunday evening are as follows:

"What do the Scriptures teach concerning the heathen who have never heard the Gospel?"

"After judgment are the wicked destroyed and cease to exist, or are they doomed to a punishment of continuous and

everlasting torment?"

"Should a Christian play any kind of games on Sunday?"

"Can a Christian condemn or reprove one who is not a Christian for playing games on Sunday or for any kind of Sunday desecration?"

"Why should we look up to the Jews?"

Rev. Upshaw gave a short talk at the close of the Endeavor meeting on "The relations of the Christian to the world."

The attendance at the Bible Study Class last week was the largest since the class was organized.

The lesson for this week is "The Freedom of the Believers."

Next week "Christ the Righteousness of God" following that we expect to take up the Study of the "Second Coming of Christ". This will cover several lessons and will be a very interesting study.

We have been very much pleased with the increasing interest shown in this Bible study which is far more profitable than giving your time to dissipation and pleasure.

If you have not already joined

this class you had better do so at once and give one evening a week at least to the study of this the greatest of all Books.

Sermon topics for next Sunday 11 A. M.: "Life's Flood Tide." 7:30 P. M.: "How to Lead Men to Christ."

The Honors of Atrocity.

The Sultan of Turkey has graciously conferred on the German Kaiser the diamond star of the Ittihar Order, Turkey's highest war decoration, and the Kaiser has decorated the Sultan with the star and chain of the Hohenzollern Order with diamonds.

The honors are even—the hero of the Belgian and Lusitania murders honors and is honored by the hero of Armenia massacres. No one will question the deserving of the honors or the respective fitness of the mutual donors and recipients.

But to the intelligence and conscience of the world a Liberty Loan button, showing that an American citizen has done his or her part in support of our Government, is a vastly more honorable decoration than the diamond orders of the Sultan and the Kaiser. It signifies only a simple patriotic duty done; but the diamond orders stand for colossal infamy and murder.

Food Conservation Most Vital Issue in Our War with Germany and Success of Our Arms Depends upon The People Here.

(U. F. Food Administration.)

It is impossible that anything but benefit can come to the American family which signs the Food Administration pledge.

Millions of women and children in Europe—our allies—can be saved from bitter hunger if you will eat one slice less of wheat

bread each day.

If you want Germany to win this war, waste food—use up the food needed by those who are fighting her.

If you think it better to whip Germany in Europe, rather than fight her here, help feed our allies and keep them in the fight. Sign up as a member of the Food Administration.

Germany is striving to fasten her system on Europe and the world, through starvation. You can help thwart Germany's ambition by enrolling as an active member of the Food Administration. Do not be partners of the Prussians.

America will deserve to lose this war if, through unwillingness to practice small economies, it fails to save food necessary to keep our allies in the fight until victory is won.

If American women fail to do their part in this war, it will be their first failure. President Wilson says the most vital part they can play is to enroll as members of the Food Administration and "cheerfully accept its direction and advice."

The women and children of our allies in Europe know hunger in its most bitter forms. There is no need that the women and children of America should be hungry. They may eat abundantly—but wisely and without waste—and still save the women and children of our allies from the extremes of hunger. That's why every woman is urged to enroll as a member of the Food Administration.

Millions of European farmers have left their fields to fight for the safety of America and the world. Those fields, therefore, haven't been producing much. Ours have. Europe's food has got to come from somewhere. America is the place. It's little enough to ask the individual American to conserve what our fields produce, so our European brethren can have plenty and keep in the fight. Save your bit!

Your plans for dinner, Mrs. Housewife, are just as important in their way as General Haig's plans for a night attack. Haig aims to get the maximum of results with the minimum of material. He uses plenty, but he does not waste any. So should you. That's the way you and Haig will win this war.

The boy you cheered when he marched away will stand knee-deep in trench mud; he will face poison gas and deadly flame. He will endure all the terrors of modern battle. That's his bit. Your bit, perhaps, is to save one slice of bread a day in order that he may not fight in vain.

And just as you say that you will not change your style of living a starving baby dies in France.

THANKSGIVING PROCLAMATION BY THE PRESIDENT.

THANKSGIVING 1917.

By the President of the United States of America—a proclamation:

It has long been the honored custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to the Almighty God for His many blessings and mercies to us as a nation. That custom we can follow now, even in the midst of the tragedy of a world shaken by war and immeasurable disaster, in the midst of sorrow and great peril, because even amidst the darkness that has gathered about us we can see the great blessings God has bestowed upon us, blessings that are better than mere peace of mind and prosperity of enterprise.

We have been given the opportunity to serve mankind as we once served ourselves in the great day of our declaration of independence, by taking up arms against a tyranny that threatened to master and debase men everywhere and joining with other

free peoples in demanding for all the nations of the world what we then demanded and obtained for ourselves. In this day of the revelation of our duty, not only to defend our own right as a nation, but to defend also the rights of free men throughout the world there has been vouchsafed to us in full and inspiring manner the resolution and spirit of united action. We have been brought to one mind and purpose. A new vigor of common counsel and common action has been revealed in us. We should especially thank God that in such circumstances, in the midst of the greatest enterprise the spirits of men

LADIES' REST ROOM

Three strong reasons urge you to buy a Ford car: First, because of its record of satisfactory service to more than fifteen hundred thousand owners; Second, because of the reliability of the Company which makes it; Third, because of its large radiator and enclosed fan, streamline hood, crown fenders front and rear, black finish, nickel trimmings, it is most attractive in appearance. To these must be added its wonderful economy in operation and maintenance—about two cents a mile; likewise the fact that by reason of its simplicity in construction anyone can operate and care for it. Nine thousand Ford agents make the Ford service as universal as the car.
