

**You must help me!**

I need your help to feed thousands of starving Belgian mothers and babies.  
 I need it to nurse 700,000 returned prisoners, dying of tuberculosis, contracted in German camps.  
 I need it to send rations to American prisoners in Germany through Switzerland.  
 I need it a thousand times over to rescue and return safe to you your brothers, sweethearts and sons who might be wounded in battle.

**Help me in my task!**

The big high school play, "Mr. Bob," given in the auditorium, Friday, December 14, was well presented by the dramatic society under the direction of Miss Thieszen. It was a success from every standpoint, the appreciation of the audience being shown at all times and in numerous ways, the financial results were gratifying as the cash receipts were over \$28 and by the careful expenditures and the number of donations to the cost of producing the play, the net returns to the school are almost \$24.

Edna Hocken, as Patty, the maid, showed her ability to become a real actress some day. Van Rodman was Jenkins, the dignified butler. He had a heart that beat for Patty and his attempts at love making caused a great deal of amusement. Vivian O'Connor as Miss Becky acted her difficult part exceedingly well. Wilma Norris soon proved to us that she is an old hand at this stage stuff. Perhaps she will be a professional some of these days. Elmathan Sweet as Philip did his part in such a manner that many who did not know the gentleman thought that the school had hired Douglas Fairbanks for the part. Gelene Goddard as the real Mr. Bob, was of the best, her coquetry finally winning the heart of Philip. Watch out, Elmathan! Francis Livermore as Mr. Brown finally came down but for a wonder the building didn't. It was probably harder on Francis than it was on the building.

During the intermissions Margaret Scherner rendered several difficult piano selections which were appreciated by all. The proceeds went to the domestic science class for apparatus for that department.

The Freshman Class met Wednesday and elected Edna Hocken president and Leroy Craig was made vice-president by self-appointment.

The French class is now learning how bread is made in France but we're glad they don't feed it to us.

The debating society has at last gotten well under way. Last Monday the society received a list of the debates scheduled for January 18. The affirmative team composed of Francis Livermore, Vivian O'Connor and Tillamook on that date to oppose the negative team of that town. Meanwhile the negative team on which are Wilma Norris, Elmathan Sweet, Jr. and Margaret Lewis, will stay at home and debate with the affirmative team from Forest Grove High School. The question to be discussed is: Resolved, that common carriers should be owned and operated by the Government.

The Beaverton and Hillsboro high school teams, played on the local floor last Saturday night, resulted in a score of 59 to 21 in favor of the local players. The Hillsboro players were Patton, Crandal, Carter, Bagley and Mann. The home players were: Ekstrom, A. Emmons, Rodman, Livermore and R. Emmons. The home team was far superior to the visitors, both in team work and basket making. Individual scores were as follows: Livermore, 4; Rodman, 9; A. Emmons, 22; and Ekstrom, 24.

Miss Clara Gerber of Cedar Mills was a Beaverton visitor on Tuesday and as a result of her call at The Times office, her brother, Arnold Wyman, has been added to the rapidly growing list of Washington County people who are co-operating to make this paper a real asset to the community. We have a pretty high regard for the loyalty of any young lady who will come to town in such a rain storm as was falling Tuesday and remember to subscribe for a paper that has passed through as many vicissitudes as has the Beaverton Times and we know that with the support of people like Mr. Arnold and Miss Gerber we are going to make this paper one that they will be proud to say they helped to support it.

**THE BOSS AND HIS SUPERINTENDENT.**

THERE ISN'T ANY TOBACCO THAT HAS THE SATISFYING AND LASTING QUALITIES OF W-B CUT CHEWING.

YES SIR! I KNOW FEW SEVERAL OF OUR MEN HAVE CHANGED FROM ORDINARY TOBACCO TO W-B CUT.

YOU'RE RIGHT.

**THERE'S** as much difference between tobacco as there is between sugar cases—the more sap there is in the leaf to start with, the longer it takes before the last drop of goodness is used up. W-B CUT is shredded; so that the satisfaction, stored in the rich, sappy tobacco, comes along easy, without so much chewing. When you chew W-B CUT, you are chewing tobacco.
