### Never Say "Enough"

An Irishman who was getting the worst of it in a fight was asked if he would say "enough?" He replied: "If I had strength enough left to say that, I wouldn't be licked."

That's the proper spirit. Never give up. A quitter never gets anywhere. If hard luck strikes you, brace up and go on just as bravely as you can. However, a little savings account at the bank has carried many a man through a tight place. Better begin now, before hard luck strikes, and open a little savings account with us. We will guard it carefully for you.

We will take care of your Liberty Bond without charge. We also have safe deposit boxes for rent, should your needs require.
