### County School Notes.

(Continued from first page.) school with the teacher and pupils helping.

The Oak Park school gave an Arbor Day program and planted some ornamental trees. A nice representation of the school patrons was in attendance. There was much discussion of the matter of standardization. Nearly all present expressed themselves in favor of arranging the lighting and making a few minor improvements necessary to meet the requirements.

Progress school had an entertainment Friday evening and raised \$21.25 to be used for the Red Cross and other benevolent enterprises.

Walter Cole of Cipole has sold \$50 worth of War Savings Stamps and is enrolled to membership in the Rainbow Regiment. We ought to have ten or 15 more this week.

### Scholls Miss of Ten Writes War Verse of Much Merit.

The teacher asked the children to write a patriotic composition and Alta Kirby, age 10, who lives with her grandfather, Charles Koerber, at Scholls, wrote the following:

Hail! Hail! You soldier boys,  
Keep your banner waving;  
Make it foremost in your joys,  
"Keep Old Glory waving."

When we look upon its stars  
And stripes that shone in many wars,  
We cry with all the strength of yore,  
"Keep Old Glory waving."

Many soldiers for it died,  
For home were many craving,  
But with their last breath they cheerfully cried,  
"Keep Old Glory waving."

One brave mother had a son,  
For his country gave him,  
Saying, "Do not fear to face the gun;  
Keep Old Glory waving."

## What Influence Has Advertising on You?

Are you influenced by advertising? It is a well-known fact among advertisers and advertising men that the public generally is reluctant to admit the influence of advertising. A man will go into a store and camouflage his intentions with a dozen excuses to prevent admitting to the merchant that he came in to get advertised goods. Yet he wears Knox hats, Keyser ties, Munsing or B. V. D. underwear, Florsheim shoes, and Kuppenheimer clothes, eats a patent breakfast food that costs four times as much and is neither as wholesome or as nourishing as plain oatmeal or graham mush, has Van Camp's pork and beans for lunch, drinks Ghirardelli's chocolate, Golden West coffee, or Multo or Bevo, and smokes Owl cigars and goes happily on his way imagining that he is master of his own soul when in reality he is ordering his very life in conformity with certain standards which someone had nerve enough to advertise and foresight enough to profit by the result.

If you are one of the people who are never influenced by advertising, just take the time to-night to check over your wearing apparel, the furnishings of your home, the groceries that furnish your table, the tools you work with and the pleasures you indulge and see how many advertised articles you really use and how many of them you really could not do without.

If you will do this faithfully, you will only be honest with yourself if you take the advertising of the home merchant in the home paper and profit by the news you will find therein, for after all, advertising is only store news published in an economical and convenient way.

## CORN WILL WIN DEMOCRACY'S WAR

America's Greatest Cereal Crop Is Now Moving to Market.

### MAINSTAY IN NATION'S CRISIS.

Surplus Wheat of the United States Has Been Sent to Famine Threatened Europe.

America's great corn crop, exceeding 3,000,000,000 bushels, will save the world's food situation, officials of the United States food administration believe.

Corn is the nation's best food cereal, housewives are beginning to realize. It contains all the elements needed to keep the body in a state of health and when used according to the scores of tried recipes, especially when combined with an added portion of oil or fat, will sustain life indefinitely. Indian warriors in colonial days lived on parched corn alone for many days at a time, and at Valley Forge parched corn was at times the sole ration of the Continental soldiers.

Owing to transportation difficulties caused by the war the corn crop moves more slowly to market this year than ever before. Now, however, the cereal is reaching the millers and consumers. In the meantime the nation's surplus wheat has been sent to Europe.

Today there are approximately 30 bushels of corn for every American. This quantity is greater by five bushels than in former years.

Corn has become the nation's mainstay in the crisis of war.

Just as this cereal saved the first American colonists from famine on many occasions, just as it served as a staple food during the War of the Revolution and during the Civil War, King Corn has again come to the front in the nation's battle with autocracy.

Corn meal is finding greatly increased use in the making of ordinary white bread. Hundreds of housewives and many of the larger bakers are mixing 20 per cent. corn meal with wheat flour to make leavened bread. This kind of a mixture is worked and baked in the same recipes and with the same methods that apply to straight wheat bread.

Corn bread—using corn meal entirely—is gaining a greater popularity than ever before. Housewives are coming to realize that every pound of wheat saved in America means a pound of wheat released for shipment to the nations with which America is associated in the war.

There are a score of corn products that today possess unusual importance for Americans. Corn syrup for sweetening corn cakes and buckwheat cakes and for use in the kitchen instead of granulated sugar is one of the leading products made from corn.

Corn oil, excellent for frying and for every other purpose filled by animal oils, is appearing on the market in large quantities. It comes from the germ of the corn.

### MADE-IN-GERMANY LIES CIRCULATED IN CANADA

Canada is also having trouble with Made-in-Germany lies circulated to hinder Canadian food conservation according to an official statement received from the Canadian food controller by the United States food administration.

The stories bothering Canada are of the same general character as those the United States food administrator recently denounced in this country, such as the ridiculous salt and blueing famine fakes and the report that the government would seize housewives' stocks of home canned goods.

The Canadian food controller estimates that when the people listen to and pass on such stories, each one has the power of destruction that lies in a battalion of soldiers.

"Stories without even a vestige of foundation have been scattered broadcast," said the Canadian statement. "Nor have they come to life casually. They have started simultaneously in different parts of the country and in each instance have been calculated to arouse public indignation.

"They are insidious, subtle, persistent. Bit by bit they dissipate public trust, the great essential in the work of food control.

"It lies with every individual to forebear from criticism; to refrain from passing on the vagrant and harmful story, and thus the more effectively to co-operate in work which is going to mean more than the majority of people yet realize."

### THE UNITED STATES FOOD ADMINISTRATION SAYS:

There is no royal road to food conservation. We can only accomplish this by the voluntary action of our whole people, each element in proportion to its means. It is a matter of equality of burden; a matter of minute saving and substitution at every point in the 20,000,000 kitchens, on the 20,000,000 dinner tables, and in the 2,000,000 manufacturing, wholesale and retail establishments of the country.

## "93"

For Your Hair and Scalp

### Rexall "93" Hair Tonic

This cooling, fragrant, refreshing liquid, rubbed gently into the scalp, helps to stimulate the circulation and enable the blood to nourish the hair, open the scalp pores and remove all traces of dandruff. Prices 50 cents and \$1.00 a bottle.

Though a complete common-sense hair treatment when used alone, you can get quicker results with Rexall "93" Hair Tonic if you will give yourself a shampoo once a week.

### Rexall "93" Shampoo Paste

Dirt, dust and dandruff, your hair's worst enemies, are easily and quickly removed by the delightfully fragrant cleansing lather of Rexall "93" Shampoo Paste. It contains no free alkali; it gets down to the scalp with but very little rubbing with your fingers, because it is quickly liquefied by the warmth of the skin.

It does not leave the slightest trace of gum or stickiness—but it does leave a cooling sense of refreshing cleanliness. 25 cents a jar.

### DELICIOUS CORN MUFFINS.

Here's an old fashioned recipe for corn muffins that has recently been revived and used with unusual success in several of the larger New York hotels: To make three and a half dozen muffins take one quart milk, six ounces butter substitute, twelve ounces of light syrup or honey, four eggs, pinch of salt, two ounces baking powder, one and a half pounds cornmeal and one and a half pounds rye flour. The butter and syrup should be thoroughly mixed; then add the eggs gradually. Pour in the milk and add the rye flour mixed with cornmeal and baking powder.
