FORD

The Universal Car

It's no longer necessary to go into details describing the practical merits of the Ford car—everybody knows all about "The Universal Car." How it goes and comes day after day and year after year at an operating expense so small that it's wonderful. This advertisement is to urge prospective buyers to place orders without delay as the war has produced conditions which may interfere with normal production. Buy a Ford car when you can get one. We'll take good care of your order—get your Ford to you soon as possible—and give the best in "after-service" when required.

WASHINGTON COUNTY SCHOOL NEWS

SCHOOL NEWS FROM ALL OVER WASHINGTON COUNTY. Gathered by N. A. FROST, County Superintendent.

A Program for Every Patriotic American

- I. Learn what you can about Uncle Sam's War Work.
- II. Give what you can to help our boys and to relieve war sufferers.
- III. Conserve and produce what you can of food and clothing.
- IV. Save what you can and lend to Uncle Sam. Start now. Buy Thrift Stamps and War Savings Stamps.

District No. 22, Middleton, reports four more Rainbow Regiment members, making a total of eight. The new ones are: Harry Sevik, Dina Anderson, Elsie Gerber and Sadie Pondelek.

The first district to report for the Honor Roll in War Savings is District No. 96, Mountain Home, M. N. Bonham, teacher. Every pupil and teacher is a War Saver.

The teachers had a fine meeting at Sherwood, March 9. State Superintendent Churchill made a fine talk on High Schools and one on the Course of Study for Grades. Mr. Maris, State Industrial Club worker, was present and told of the value of that work and plans for promotion. Prof. Patton's talk on Play and Miss Wood's class demonstrations were of especial practical value.

There was considerable discussion of the effect of the extra war work on the regular work of the schools. This was led by Prof. Reinemer and Mrs. Dow. The work in reading, history, geography and composition seems to be helped and the other subjects not hindered by the interest in war work.

The people of Sherwood gave the teachers a cordial reception and a fine dinner.

Mr. Maris is working in Washington County this week and next and will visit as many schools as possible in the interests of industrial work.

War Work Report.

Report for Washington County schools, March 1. Amount of Liberty Bonds owned by teachers: \$4,800.00

Amount of Liberty Bonds owned by pupils . . . 9,100.00

BEAVERTON HIGH SCHOOL

(Continued from Page One.)

The game last Friday night was the biggest success of the year, the score being 56 to 19 in favor of our boys. When we heard that the boys were going to play Hill Military Academy, some thought that a pretty big name, but we soon found out that the name was larger than the boys. Of course, largeness doesn't always count, but it did in this instance. The girls' team was heard to declare that they would play the second half with the visitors. It seems that they forgot to bring their rooters along. There was only one and he was half exhausted before the game was over from having to yell so much.

The Girls' Basket Ball team expects to play a return game with Forest Grove High, March 15, at Forest Grove.

Everyone enjoyed the moving pictures last Friday night. Look for posters announcing the next show.

Last Saturday the school was fumigated for German measles. There is considerable excitement in the biology class these days.

Miss Leiser is very proud of her "Frenchmen." Some of them are planning to go to France as soldiers and nurses.

One of these mornings the Beaverton Quartet is to favor the assembly with a song.

If anyone wishes to find out about the Sandwich Club, they must see Mr. Phillips personally.

The typewriting class is doing well, averaging about 100 words to the minute.

The Domestic Science class served the usual Tuesday luncheon to the members of the Beaverton Commercial Club. Messrs. Pike and Davis of the School Board and Mrs. Davis were also present.

Miss Thiessen recited very well in English this morning.

Miss Lena Matzke was missed from classes all day Wednesday. Maybe she has the measles.

No one can get into the Domestic Science room these days unless he has the "pass-word" or a skeleton key.

Miss Della Allen will favor the assembly with a solo Friday morning.

Archie Rodman was absent from school Wednesday. He thinks it is measles.

We all wonder how Irwin, Roy and Francis are getting along with the measles.

Miss Alpha Williams was taken suddenly ill with measles Monday.

Last Monday the students of the B. H. S. started out on another six weeks with a clean record. The exams are over and no one has succumbed yet, except Lucille and Vena who think the exams will surely give them the measles.

Pupils Enthusiastic

Preparation for the play to be given Easter Monday, April 1, by pupils of St. Cecilia's school, are going forward with enthusiasm.
