In accordance with a plan which was worked out by the United States Department of Agriculture, the local schools prepared and planted this ground Tuesday afternoon. Each room is to have charge of a designated plot. The Parent-Teachers association will supervise the caring for of this garden during the summer season. JOHN GILLANDERS SUC-CUMBS WHEN CRABTREE HOME AT LAUREL BURNS

John Gillanders of Dayton, father of Mrs. D. C. Tallman of this district and of Mrs. F. M. Crabtree of Laurel, died from the shock and excitement when the Crabtree home at Laurel, where he was visiting, caught fire from a defective flue and burned, Tuesday. There was no one at the house at the time but Mr. Gillanders, who suffered a paralytic stroke four years ago and has since been partially blinded and his grand daughter Miss Deloris Crabtree. The plucky young lady telephoned for help and neighbors responded promptly and saved everything in the downstairs part of the house, but the building and all contents of the upper floor were a total loss.

The excitement proved too much for the feeble health of the aged man and he passed away soon after being taken from the burning building.

John Gillanders was 84 years of age and had been a resident of Oregon nearly 50 years. He had been an Odd Fellow for 50 years and the funeral was held under the auspices of the order at Dayton yesterday afternoon at 2:30 o'clock.

He was a member of the Evangelical church and was held in high esteem by his neighbors as a devout Christian and a most worthy citizen.

He is survived by his widow, formerly Miss Laura Turpin of Portland, and by their two sons, Earl Gillanders of Pendleton and Herbert Gillanders of Gaston, and two daughters, Addie (Mrs. D. C. Tallman) of Beaverton and Pearl (Mrs. F. M. Crabtree) of Laurel.

Loyd Blauer started school last Tuesday. Loyd has attended Beaverton school before and we are all glad to see him back again.

Friday afternoon April 23, was given for making garden. School was called as usual at 12:45. Every rake and hoe was brought that was available. From the school the pupils marched to their gardens where they worked diligently until 3:10. A few industrious ones worked later than this. Everyone showed his talent in planting especially Prof. Phillips. I'll tell you he knows how to plant peas (five inches deep.)

School lunches were stopped last Friday. Monday noon many of the students went upstairs for soup, but were disappointed.

Everyone look for the posters for the high school play to be given Friday evening of next week. Get your tickets early for we expect a large crowd and you had best be on the safe side.
