

An Appeal to The Loyal Americans of This County

Hillsboro, Oregon,
April 29, 1918.

To the Loyal People of Washington County.

In view of the gravity of the food situation as to wheat and flour, a special appeal is made to you to consider the facts.

The allied armies must have 75 million bushels more wheat between now and harvest. **HUNGRY MEN WON'T FIGHT.**

To furnish this we **MUST** eat only half as much wheat as we did a year ago.

Do you know that in many sections of the country patriotic people have pledged themselves to eat no more wheat until after harvest?

Don't you know, as a matter of fact, that you can eat potatoes, corn, oats, rice and barley with your garden stuff until harvest, and be just as well and just as strong as if you had eaten all the fine wheat flour and pastry you wanted?

The only place you will suffer will be in the gratification of your taste.

The person, who insists on gratifying his palate without regard to our soldiers' needs in these times cannot be fittingly described in print.

The maximum amount of wheat flour that is allowed is one and one-half pounds per week per person. Americans who want to **DO THEIR ALL** will get along on a half pound per week. **EAT SPUDS.**

NOTICE TO FARMERS.

All stocks of wheat remaining in farmers hands must be marketed through regular channels before May 15. After that date wheat will be subject to requisition. Farmers having wheat on hand which they are unable to get to market before that time

should confer with the undersigned with regard to deferred delivery.

The assistance and co-operation of all loyal citizens is asked in securing the movement of this wheat. **WE MUST HAVE IT.**

SUGAR FOR CANNING.

The Food Administration has arranged to supply the needs of this great fruit producing country for sugar for canning and preserving.

Dealers will be supplied with certificates to be signed by buyers, reading as follows:

"I hereby declare to the United States Food Administration that I have purchased from—at an amount of—pounds of sugar to be used for canning and preserving purposes only.

"I hereby agree in consideration of the above, that I will limit the consumption of sugar in my household for all other purposes, to three (3) pounds or less per person per month."

Not over 100 pounds may be purchased on any certificate. Special permit will be necessary for additional purchases, but will be granted upon proper showing.

These economies are vital. Every loyal person in Washington county owes the country a sacred personal obligation to help. The task is stupendous. No one should "side step" now.

Yours for our free country,
CHAS. E. WELLS,
County Chairman.

Those who were fortunate to see the school film on Wednesday night of last week were well repaid for the time spent and the price of admission. Marguerite Clarke in Snow White would be an attraction anywhere and when coupled with a Bray cartoon and the excellent program by the school pupils, it is a worthy and complete entertainment.

Huber Musical Much Enjoyed.

The musical and social at Huber Monday night was of real excellence and was much enjoyed by the large attendance. It was a success in every respect and generous applause greeted every offering. Huber citizens possess a world of musical talent in the small community and it is to be hoped that it will be heard more often in the future.

Mint Your Own Money.

George and Bill were in a distant city. "By hokie," said Bill, "I left all of my money at home in my other clothes. Have you any?"

"No, I haven't," says George, "But, I'll 'mint' some. I didn't leave my money at home in my pockets but I left it in the bank. Whereupon he walked into a nearby bank and "cashed" a check. This illustrates another of the conveniences of a bank account. It is not necessary to carry a large amount of money—carry a check book and 'mint' it as you need it.
