

**When to Spray.**

The Times is in receipt of a request from O. A. C. that we distribute to our readers the information which they are to send us about spraying for this particular season. We have advised them that we will do so and the first installment, an advice that the regular spraying for apples and pears and the June spray for stone fruits may be omitted, appears in this issue. This service will be a regular feature in The Times and should be of much benefit to the growers who have been sorely beset with garden pests this season.

W. H. Livengood, who formerly owned the corner where the Cady building now stands, was here over Sunday. He is now living at Hemlock, Tillamook County, where he has been since leaving here five years ago.

John A. Mussig, who is now stationed at Camp Holobird, in Maryland, has written to his brother, Otto, that he is no longer driving the camp mail truck to New York City, having been promoted to a corporal.

The dance at Cedar Mills last Saturday night was well attended and thoroughly enjoyed by all who were there.

Miss Olita Cooley, teacher in the Ladd school, Portland, was a Beaverton visitor Friday last.

Julius Hendrickson of Hazledale was transacting business in Beaverton Wednesday.

Mrs. Carstens, Mrs. Campbell and Mrs. Kelly of Portland, the latter a sister of Mrs. George Thyng, were among the out of town guests present at a gathering Tuesday in Mrs. Thyng's honor.

Mr. and Mrs. Vilas Shepard of St. Helens motored on Saturday evening and on Sunday, accompanied by Mr. and Mrs. George Davies and family, Alfred Davies and Miss Merle Davies, spent Sunday at Gales Creek. They found the roads in very good condition and enjoyed the day thoroughly.

D. B. Cooley of Laurel was in Beaverton Sunday on his return from Oregon City. He visited over Sunday with his niece, Mrs. R. H. Jonas.

Alfred Zweiner of Tigard was in Beaverton Wednesday morning attending to matters in connection with the Liberty Loan. Mr. Zweiner was one of the loyal hoosters in the Tigard neighborhood who helped out that part of the county in line when Eastern Washington County went over the top so gloriously in the Third Liberty Loan. He can always be depended upon in case of anything for the public good and in between times he is busy keeping the roads of that section in the best repair of any part of Washington County.

A. L. Peachev of the Crater National Forest, for years a friend of the publisher of this paper, spent a few hours Saturday evening in Beaverton at the close of a hurried trip to Portland. Mr. Peachev expressed himself as well pleased with the territory surrounding Beaverton and says that it is the best farming territory he has seen. It is his first trip into this part of the state.

**The Little Check**

"You don't need to give me a very large check book," said a young lady who had just opened a bank account. "I will not write any large checks."

Of course that's just a joke but did you ever stop to think what a powerful thing a little check can become when properly filled out with your name at the bottom? It will buy your groceries, pay the business transactions, and safeguards your savings. It stimulates commercial confidence and signifies success. "The Check's the Thing."

\$10.00 will start a checking account and we do not make any charge for this service. 4 per cent interest compounded semi-annually on Savings. Safe Deposit Boxes for Rent.
