## Built to be Used

The Fordson Tractor is built to serve the Nation in its war needs. Both Mr. Ford and the Government insist that they shall not be idle. If they are not sold promptly, they will be shipped elsewhere. No tractor may stand still. We have a carload of these tractors coming for the farmers of Washington County. Everyone should be sold before it arrives. So place your order now, with the distinct understanding that if it does not measure up to what we claim for it—if you are not perfectly satisfied—that we will refund your deposit. This gives us a chance to supply your needs while the market is open, but does not ask you to "buy a pig in a poke."

**MANY JOIN LIMIT CLUB.**

Washington County has not yet Reached Its Quota and Additional Effort is Necessary.

Washington County has purchased and pledged as reported to the county chairman to date \$476,825 leaving a balance of \$57,000 to be secured during the next few days. Every person living in a district which has not pledged its quota should take a personal interest in knowing the reason and should make a personal effort to secure additional subscriptions. Remember, the average family should invest \$100 in War Savings during the year. Those in circumstances above the average should invest more.

The following is a list, as far as we have them reported, of those who have subscribed for \$1,000, which is the limit allowed to any one person:

District No. 5—Katie Vanandenhaegen, Peter Vanandenhaegen.

McCready, Dr. Pollock, Mrs. Pollock, E. S. Purcell, Mrs. E. S. Purcell, B. F. Purdy, Bertha W. Rapson, J. A. Thornburgh, Fred Uhlman.

- The Treasury Department issues a beautiful souvenir button to "limit" subscribers at a nominal charge of 25 cents. These badges can be secured of W. J. McCready at Forest Grove, or N. A. Frost, Hillsboro.

**Red Cross Organized at Whitford.**

A Red Cross Auxiliary was organized Monday evening at Whitford school house, by Mesdames Moore and Wells of Hillsboro. Thirty-three members were enrolled. The meetings will be held in the school house for the present. The first meeting will be on next Thursday afternoon July 11, when work on a supply of bed jackets will be commenced.

Members of the Home Guard are still drilling faithfully, the drill on Tuesday night being especially satisfactory to the officers. The uniforms have been ordered and are now being made. The guns have not yet arrived, but advices from the Adjutant General's office would indicate that they may be expected at any time now.

**WAR SAVINGS DRIVE IS STILL SHORT OF QUOTA**

Report Shows that \$12,910 Has Been Pledged or Purchased, But \$5,690 Still Lacking.

Despite the fact that a monster mass meeting was held on June 28 and that committees have since canvassed the district to secure pledges, School District 48's quota of \$18,600 has not been pledged for the War Savings Stamps and the combined effort has produced only \$12,910 of this quota, leaving a shortage of \$5,690 yet to raise.

The appeal is to be made to the pride of the members of the district to fill its quota without additional solicitation and it is hoped that the pride of the residents of this district, the excellence of the investment and the ease with which this security can be converted into cash will combine to put the quota over within the next few days.

The Fourth Liberty Loan is coming in October and November and it will entail too much work for those on whom this duty has fallen to make an additional canvass for the War Savings Stamps.

Mrs. Ed. Phelan and daughter of Los Angeles and Vilrov, Maass of the Naval Training Station at Mare Island, are visiting their father, F. L. Maass of Beaverton, Route 3.

Gerhardt Claassen was down from Camp Lewis over Sunday.

## The Turning Point

Can you look back to some time that was a turning point in your life, possibly the turning point that placed you on the road to success?

Many successful people can do so, and nine cases out of ten that turning point came when they decided to start a bank account and save some money. If you don't believe this, ask some of the successful men you know. How many prosperous men succeed without some connection with a good bank? Few, indeed. We stand ready to help you.

The July payment on Third Liberty Loan bonds should be paid not later than July 15th. To those who are paying on the installment plan: will you kindly give this matter your attention?

**SAVINGS DEPARTMENT.**

The interest of July 1st has been credited on our books and entry of the same will be made on the pass books at any time upon presentation. This department, paying four per cent. compounded semi-annually, is showing a remarkable growth, appealing to a great many investors.
