

Saving Sugar Saves Shipping

AMERICAN families would have less sugar than the people of war torn France, if we depended entirely on our home-grown sugar stocks.

Approximately 75 per cent. of our sugar is shipped to our shores. We produce about 1,000,000 tons of sugar a year. Our imports from abroad amount to over 3,000,000 tons a year in normal times.

The United States Food Administration asks each family to limit its use of sugar to two pounds per month per person for household use. The military situation demands that every available ship be placed at the disposal of the Army or Navy. When we save sugar, we save shipping.

Business Meeting Red Cross.

A business meeting of the Red Cross will be held at the local rooms next Wednesday afternoon at 2:00 o'clock.

An all-day session will be held to take care of some very necessary work.

Wm. Berst, Gerhard Claussen, Charles Carlson and Harrison Hughson were home from Camp Lewis over Sunday.

Valmore Storey was here from Puyallup, Wash., Thursday of last week for a visit with his father, A. E. Storey before reporting at Camp Lewis Tuesday of this week.

DOES WORK OF FOUR HORSES AND TWO MEN

Built to be Used

The Fordson Tractor is built to serve the Nation in its war needs. Both Mr. Ford and the Government insist that they shall not be idle. If they are not sold promptly, they will be shipped elsewhere. No tractor may stand still. We have a carload of these tractors coming for the farmers of Washington County. Everyone should be sold before it arrives. So place your order now, with the distinct understanding that if it does not measure up to what we claim for it—if you are not perfectly satisfied—that we will refund your deposit. This gives us a chance to supply your needs while the market is open, but does not ask you to "buy a pig in a poke."
