

HIGH SCHOOL NOTES.

To the faculty: !!!
May they commit to heart the lessons they teach.

The Rainbow Choral club organized Friday of last week. Miss D. Allen was elected as president, Miss E. Hocken as secretary and treasurer combined, Miss Lieser as general manager. They expect to make their first appearance on the night of their Xmas entertainment.

Girls' Athletic association adopted a constitution Wednesday that no girl belonging to that association shall play ball with the boy team. Thus sticking to our own rules we hope to attain success and shall compete for the county and possibly state championship.

The boys have been going through some hard grilling in ball lately, although it is noticed that the girls are working even harder which is undoubtedly due to the good leadership of Miss E. Weed (washerwoman).

The coming Friday a Student Body meeting will be held to decide whether they wish to become a school auxiliary of the Junior Red Cross. A very interesting talk along this line is promised by Miss Gaskill of the Sophomore class.

An examination taken in algebra brought most of the students out the small end of the horn.

A great deal of interest is being taken in the coming entertainment. The program will consist of four dialogues, two recitations, many musical numbers "can't be mentioned just yet."

A recent epidemic of severe headaches has taken hold of old B. Hi.

Miss Laura Olsen after a few days of illness is once more back in her old place.

Miss Irma Harris, vice president of the Student Body is ill with the Spanish influenza.

Miss V. Gaskill was absent from school Tuesday.

A new motto among the Sophomore class applies to many incidents which have recently taken place. It is as follows:

"Thrice armed is he who hath his quarrel just,"
And four times he who gets his blow in fust."
Song of the General Scientists.

I
We have boiled the hydrant water,

We have sterilized the milk.
We have strained the prowling microbe
Through the finest kind of silk.

II
We have bought and we have borrowed

Every patent health device
and at last Miss Leeg tells us
That we've got to foil the ice.

The Red Cross sent 15,000,000 cigarettes, 50,000 stacks of cards, 20,000,000 boxes of matches and 1,000,000 chocolate bars to England for American soldiers waiting to go to France. Germany received a big food parcel every week from the Red Cross. Return, postals prove it.

1400 lb horse, 12 yrs. old, will sell for \$100 or trade for good cow or hogs. Chas. Bernard.

FOR RENT—200 acre Dairy Ranch, about 75 acres under plow, 125 good pasture. New milk house, large dairy barn, running water, wind mill, small orchard and 7 room house, one mile from Beaverton. Come and look over the ranch. Will be home Saturdays and Sundays. Send word if you are coming. Earl E. Fisher, Beaverton.

The American Red Cross sent 3,000 tons of condensed milk to the children of prisoners in Archangel, Siberia, and 2,000 pounds of powdered milk to the children of France.

The American Red Cross provided one out of every 10 soldiers in France with a corn cob pipe.

Seven hundred portable houses for various uses were sent to France by the Red Cross.

AID GAS HEROES.

On the roof of the Pavilion Bellevue, near St. Cloud, is a most interesting hospital for soldiers who have been "gassed." The Pavilion Bellevue is the former home of Isadora Duncan and is in charge of the American Red Cross.

Lieut. Wilfred H. Day of Niagara Falls, N. Y., is in charge of this hospital, which treats only those who have been gassed, and is the first hospital of its kind to be established. Lieutenant Day has visited every country that was in the war, except Bulgaria and Turkey, and has worked in each one. During a recent visit to Worcester, England, he was received by the Lord Mayor and honored because of his work, and the Queen of Roumania conferred honor upon him, commending him for his work among the wounded and destitute of her country.

When you need butterwrappers, think of the Times office.

RED CROSS ITEMS.

The Red Cross has sent 2,375 women workers and 2,921 men workers to France for specialized work. Most of them are volunteers, but highly skilled.

The Red Cross is sending 1,500,000 packages of chewing gum a month to France for American soldiers.

Ten thousand pounds of ether were shipped to France by the Red Cross, so our soldiers might have relief from pain.

Greece and Serbia received 25,000,000 pounds of food in 80 days from the Red Cross.

Fifteen thousand automobiles since August 1 have been shipped to France for the Red Cross.

Jam at the rate of 500 tons a month goes to France for the Red Cross. Our soldiers get most of it.

Blankets numbering 1,200,000 were sent to France by the Red Cross emergencies.

S. A. T. C. to Demobilize.

The students' army training corps at the college is being demobilized, and all members of sections A and B will be mustered out by December 21. In making this announcement to the students President W. J. Kerr said that the college would do all it can in assisting men mustered out to continue college work. Special emphasis will be laid on vocational sections which will permit students to go on with their work even though lacking the necessary credits for degree courses. As rapidly as practicable the college will be put on a peace basis.

Baled straw and Winter Gray Seed Oats for sale. Dan Shaw. 49-52
