FRIDAY, MARCH 14, 1919

HIGH SCHOOL NOTES.

Beaverton boys have had bad luck this year so far but we play Millwau-kee on our own floor Friday night so we have a chance yet.

The Rainbow Choral Club is plan-ning to give a concert in the near future.

Joe Merrill is making good pro-gress in those subjects which he took up at a late date.

Basket Ball season is just about over. The boys hope to claim one game before the season closes.

English I has to outline all of the Knickerbocker writers and hand in Monday.

Miss Doris Allen was a visitor at school Monday.

Florence Snyder was not at school last week on account of sickness.

A "Loud Sock" day is coming soon at B. H. S.

Miss Edith Weed, Miss Violetta Spraner and Freeman Rowe are on the committee for the planting of the trees for the soldier boys.

The Physiology class is going right ahead. Just now they are studying the structure and anatomy of the Heart. Boys, lookout! your hearts are in danger.

We notice that every one who hasn't a cold is out of style.

The English IV. is having an awful time trying to decide whether Hamlet was really insane or not. One thing sure we can agree with is that Polonius has method in his madness.

Baseball season is the next thing to think about.

Watch for posters for the big con-cert. You had better begin to save up your extra pennies to pay your admission fee. You can't afford to miss it.

Irma Harris drew a map on the board last week. It was some of her good talent in drawing.

The Freshman are rather slow in putting in news. We have not yet had a note from them.

WANTED—A contract clearing land. W. Grout, Huber, Oregon.

Mrs. J. B. Wetherell, of Sumpter, is visiting her mother, Mrs. G. L. Newman.

Rev. Orth, of Eastern Washington, will occupy the pulpit at the Congregational church Sunday morning and evening.

Mr. and Mrs. Richard Guppy have returned from a business trip to LIMB WOOD 75 cents per load. Chas. Bernard. 3tf.

There is one place in Beaver-ton where you can get

"J. & N." Green
Trading
Stamps

And that's AT SPRANER'S

INVESTIGATE.

After looking over a number of tractors Bernard & Stipe have taken the agency for the International Harvester Co's. Titan. They will soon have a 10-20 tractor for demon-strating purposes.

This tractor is one of the few makes that run with all four wheels out of the furrow. It's weight, 5700 lbs, enables it to pull the plows as far as 18 inches to one side of the drive wheels and so to plow close to trees or fences.

The International Co. absolutely guarantee their machine to burn coal-oil which is a big saving and the guarantee that goes with the rest of the machine is worth a great deal when it is backed by this company.

The 10-20 three-bottom Titan sells for \$1350.00 F. O. B. Beaverton with a discount before May 1st. At this price it will pay to investigate this machine before investing in any other tractor.

The Portland Gas and Coke Co. have been asked to install gas at the homes of Jacob Stroud, Pete Van De Hey and Chas. Jones, but sent word this they "couldn't afford to lay an inch pipe for the business." If we correctly remember, not many months ago, when this corporation was pleading for a franchise in Beaverton, "they would do anything to please us." But alas! how times do change. If the Big Corporation is really hard up, it might be well to "pass around the hat."

Otto Erickson is getting ready to build an addition to the Beaverton Garage. San Francisco.

H. G. Vincent, who has been suf-fering with lumbago, is able to be about again.

Word has reached Beaverton that Dr. P. M. E. Carstens, of Portland, who suffered a severe infection from performing an operation at a hos-pital there, is recovering and will be able to resume his practice in a few days.

The regular services will be held Sunday morning and evening at the Methodist Episcopal church.

When you need butterwrap-pers, think of the Times office.

WANTED—To buy or rent 200 to 400-egg, second hand incubator—hot water system. Inquire at the Times office. 10-11
