# KEROSENE A MOST CONVENIENT PACIFIC HIGHWAY PAVING AND ECONOMICAL FUEL

The muss and dirt of a coal or wood cook stove add to the burden of the housewife. Coal dust seems to get everywhere and it means continual work to keep a kitchen clean when coal is used in the stove.

All this trouble is done away with when kerosene is used as a fuel. It is clean and convenient and makes far less work for the housewife. In addition to this, it is more economical than either coal or wood.

A good kerosene like the Standard Oil Company's Pearl Oil makes a distinct saving, not only in the household budget, but also in the time and energy of the housewife. Pearl Oil gives excellent results as far as good cooking is concerned and when it is used the kitchen never becomes overheated. A good cook stove with Pearl Oil will bake, broil, roast, and toast economically.

Having been refined, and re-refined by a special process, the impurties are removed from Pearl Oil so that it burns up clean and produces no

### OLD HATS MADE NEW

It is as practical to have your hat cleaned and blocked as it is to have your suit cleaned and pressed. Any hat not worn through can be made new. Beaverton orders received and delivered through the Times office. ROYAL HAT WORKS

The work of paving the Pacific Highway between Hillsboro and Portland is going along nicely, and but for the lack of adequate labor it would go faster.

The paving is of cement and has been finished from the city limits of Hillsboro east, Portland way, to Matson's Station, which is about two miles of the total distance.

The paving is 51/2 inches at the outside edges and is 71/2 inches at the crown, and is 16 feet wide with two feet of macadam at each side.

After the paving is laid it must season for about six to eight weeks, hence the road will not be open to traffic for some time to come. The bitulithic pavement has an advantage over cement in that respect as it can be used the next day after being laid.

## CANDIDATE GIVES ODD REPORT OF EXPENSES

Kansas City, Mo .- The law requires candidates for office to file a report of all expenditures. A patriot in Missouri ran for office and turned in the following absolutely truthful report of what it cost him to get

Lost 1349 hours' sleep thinking about the election.

Lost two front teeth and a lot of hair in a personal encounter with an opponent.

five sheep to county barbe

IS PROGRESSING NICELY Gave away two pairs of suspenders, four calico dresses, \$5 in cash and 15 baby rattlers. Kissed 126 babies.

Put up four stoves. Kindled 14 fires Walked 4076 miles.

Shook hands with 9507 people. Told 10,101 lies and talked enough to make in print 1000 volumes; attended 16 revivals and was baptized four different times by immersion and twice some other way.

Contributed \$50 to foreign mis-sions and made love to nine widows five grass, four sod.

Hugged 49 old maids. Got dog bit 39 times and was elected by 353 majority.

Ford Touring Car, excellent condition, well cared for; tires in good shape; upholstery and top nearly as good as new; equipped with shock absorbers; electric dash, side and tail

Donated one beef, four shoats and lights, operated from three-cell storage battery; speadometer; spetlight cutout; and all switches on dash. In quire Standard Oil Co. 1

When you need butterwrap-pers, think of the Times office.

# Don't Lose Your Head

As midsummer work piles up on the farm until it seems as if you could never get through it in the world, don't blow up.

Take an hour off in the evening and read this week's issue of

# The COUNTRY

Somewhere in it you'll find a hint that will save you some work-I don't know what it will be, because I don't know just what your particular kind of farming is, but there's enough variety in the articles so you're dead sure to find one that is certain to help you.

There's an article about hogging down corn—the labor-saving way; there's one about growing and shipping potatoes—the money-making way; another about shipping stock by motor—the time-saving way: antime-saving way; an-other about packing fruit-theattractiveway; others about building a farmhouse, feeding steers,

growing sheep, tending the poultry; and on the Handy Farm Mechanics Handy Ferm Mechanics page there's an idea that may saveyou a lot of time and cash—loading atruck with itsown power! So it goes. That's only part of one week's issue—part of n of a year's subscription—a real dollar's worth. Don't lose your head! Subscribe now!
