H. R. Mansfield, a cattle buyer for the Hillsboro Mercantile Co., met with a misfortune one day last week while driving cattle down near Gaston. He attempted to rope an animal and in some way the cow lunged and the thumb on his right hand was pulled off at the first joint. He was brought to the hospital at Hillsboro where the remainder of the thumb was amputated.

Mrs. William A. Marlin passed away at her home in Oak Park last Monday, her death being caused by an attack of acute indigestion. The family came to Oregon from Missouri, where the deceased was born, in 1853, and lived for a time south of this city, afterwards moving to Oak Park. She was aged 66 years. The funeral occurred from the Seventh Day Advent church Wednesday afternoon.

Mrs. George Paul and daughter and two children, spent a day last week with Mrs. Paul's sister, Mrs. Geo. Doughty. After spending one day here they left for California.

On Wednesday evening last the present and past members of the school board and the press met at the home of Peter Boscow and presented him with a handsome loving cup in appreciation of his forty years' service on the school board. He was quite overcome at first, but soon ral-

Mrs. Mary Helen Moore, aged 89 years died August 9th at the home of her son, E. W. Moore, in this city, old age being the cause of her death. She was born in Liberty, Missouri, and when fifteen years of age, came with her mother and step-father to Oregon, where she has resided ever since, with the exception of five years that she spent in California. She was a devout member of the Christian church, of which she had been a member for a great many years, her husband donating the ground on which the church stands and also doing a great deal of the work on the church. She was a grand good woman and endured many hardships during her life.

Auto travel between here and Portland these days is something of a Chinese puzzle. No matter which way you go you have to make detours, unless it is along the Cornell road, which is right now badly pitted almost the entire distance. Multnomah has its end of the highway from Bertha, west, finished, but the stretch between Beaverton and the line is closed, as the contractors do not want the dirt road pitted, as it makes it harder to get it ready for concrete. The Canyon road is more or less blocked by the grading at the hill a mile east of Beaverton, and you have to make a detour on the Walker road, and there you are. A few more obstructions and we shall be marooned.—Hillsboro Argus.
