One of the things which has made us notice particularly the qualities which business experience imparts to some men is the announcement this week of J. T. Stone that milk prices are reduced to \$3.65 per quart and \$2.00 per pint per month.

BURNING MONEY

Life is gay and blithe and sunny since the peace dove hit the breeze; every one is burning money just as though it grew on trees. I insist on thrift and saving, but there's none to heed my words; johnnies say that I am raving, and throw money to the birds. Men are drawing princely wages, and their breasts are filled with mirth, and they jeer foreboding sages who predict a day of dearth; but that day will come as surely as tomorrow's sun will rise; things will then be going poorly with the giddy spending thrift guys. Things won't boom along forever as they're booming now, my friends; and the man who's truly clever saves as ably as he spends. It is patent to the knowing, in expansive times like these, that the kopecks won't be growing always on the shrubs and trees. There will come a day of trouble, when this boom is left behind, and the kopeck and the ruble will be mighty hard to find; happy then the lads whose wages have been safely placed in brine, who obeyed the sears and sages, when the saving graft was fine. And how sick will be the mortals who like spendthrifts now behave, who reply with jeers and chortles when we call on them to save!

WALT MASON

The above, one of Walt Mason's famous prose poems, although copyrighted, is printed through special permission given by Mr. Mason to the United States War Loan Organization. Buy War Savings Stamps.

There are only 241 prisoners in the penitentiary at Salem, the smallest number that has been confined in that institution in forty years. The reasons for the remarkable decrease in population, according to Warden Steiner, are a liberal parole policy, an act of the 1919 legislature subtracting 10 days a month from the sentence period for good behavior, and the elimination of the liquor traffic through the advent of prohibition.

SCHOLLS
TELEPHONE CO.

Free service over Washington County. Connection with Bell System and Home Telephone Company.

THE CAPITOL

News of General Public Interest at the County Seat.

A son arrived at the home of Mr. and Mrs. Louis Hohman Wednesday last.

O. B. Gates has so far recovered from the two serious operations that he has recently undergone at the hospital in Portland, as to be able to be brought home.

At a meeting of the Coffee Club, held at Mrs. Hyde's recently, the matter of erecting some suitable memorial for the boys who gave their lives, was given consideration.

H. A. Ball has received the official appointment as postmaster of this city and has forwarded his bond. He expects to take possession in about two weeks.

The county school fair is being held Thursday and Friday of this week, on the court house lawn in this city. The big day will be on Friday, when all schools of the county will be closed and the children will be given a chance to attend, without having to be considered absent at school.

Deputy Sheriff Downs recently went to Los Angeles and brought home with him, Charles Phelps, who is charged with non-support. His wife resided near Gaston. Phelps made the deputy sheriff no trouble, whatever, on the trip home. He is boarding at the county jail.

The will of the late Cicero Hines, who died August 11, has been filed and his sons, G. M. and T. P. Hines are the executors. The farm of 117 acres has been distributed according to his wish and his wife previously provided for.

Last week Ferd Groner sold to M. R. Huff, 250 acres of his farm. Mr. Huff has, for the past two years, operated a farm at Witch Hazel. Mr. Groner retains the one hundred acres where the residence is located, and will devote his time to his walnut orchard.

At the national Encampment of Spanish War Veterans, held at San Francisco last week, Dr. L. W. Hyde was elected Surgeon General. This is a great honor, but one we feel the Northwest rightfully deserves, as the Second Oregon did splendid work during the Spanish-American War.

The mother and two cub bears were killed in one day by Ed Northup, F. A. Northup and Roy Nelson, one day the past week. The mother bear drove the little ones up a tree, then followed them, but she only went a few feet when she was shot by one of the men, and they soon killed the cubs.

Carl A. Nelson, while working at the Wenstrom Mill last week, suffered the loss of two fingers, or so nearly lost them that it was necessary for him to come to town and let the surgeon finish the job. The accident occurred while adjusting a saw. He is able to be about, but it will be some time before he will be able to use the hand.

E. W. Reeves, of this city, was the fortunate man who drew the Elks car, for the benefit of the Salvation

Army fund. Mr. Reeves lives on a ranch and when he was offered a Roadster for the Sedan, he made the exchange, thinking the Roadster would give him better service in his business than the handsome car that he had been so fortunate as to draw. He had just recently sold his Ford and the new car was very acceptable.

Mrs. Myra Ballard, of this city, and Mrs. Cynthia Smith, of Forest Grove, left last week, for an extended visit at Augusta and Topeka, Kansas, their old homes, where they have not visited since leaving there since they were girls. Part of their brothers and sisters they have not seen for twenty-five years, and two of them for forty years. This will be a pleasant homecoming to them and they will attend the family reunion at Augusta.

A very bold robbery occurred last Wednesday night at the home of O. E. McCarthy. Thieves unscrewed the lock on the door of his garage and helped themselves to his automobile, a six cylinder Oakland. In order to get it to the street it was necessary to pass right under the window of his sleeping room, yet he heard nothing of it. When he arose next morning and discovered his loss, he at once put the Sheriff next and he was soon scouring the country, but as yet the machine nor thieves have been discovered.

Saturday of this week will occur the formal reception of the boys of Washington County, who served their country during the late war, and this reception will be held in Hillsboro in the courthouse yard. A luncheon will be served at 12:30, to which people will be asked by the committee in charge, to contribute. After luncheon a well selected program will be carried out. American Legion will co-operate and chairman of the Patriotic League throughout the county requested to assist. All hope to have a big crowd and we know a good time is in store.

THE RIGHT MAN IN
THE RIGHT PLACE

The Independent has previously had occasion to comment on the fact that Washington county was exceedingly fortunate when N. A. Frost was picked as superintendent of schools. He has a habit of quietly sawing wood and carrying out business in addition to his official duties which has been wished upon him without making any fuss about it. He displayed this quality during the war work of the past two years, and about his only reward was that when it was found he did one thing well he was immediately given another. The latest thing he has devoted his attention to is the school fair which will be held next week and which he is

handling practically without assistance. It would seem that the least that can be done to show appreciation not only of the work of the young people but of the efforts of the superintendent is for everyone to attend and prove by a rousing attendance that the people know a good thing and a good man when they appear.—Hillsboro Independent.

High cost of living? You bet! Life is just one expensive eat after another.

First Class in
Everything

That expresses our idea when it comes to a drug store. Whether it is a prescription you want filled, a prepared medicine, a simple home remedy, a toilet preparation, soap or stationery, when you buy it at a drug store you have a right to expect a first-class article.

With this thought in view we have equipped our store with a complete stock of everything which a first-class drug store should carry and you will find every article first class.

Take our stock foods, for instance, or our poultry compounds. We have told you about them and if you have tried them you have found them to be the best in every respect.

When you have needed a cough remedy you have found that we have the best.

When you needed school supplies, you have found the best tablets and pencils at Dean's.

When sickness comes your doctor will tell you that you can get no better prescription service anywhere than Dean gives..

So why go further. Drop in for an ice cream soda. You'll find that first class, too.
