Hurry Up That Order for a Fordson Tractor

On account factory being 21,000 behind on bonafide
orders, no deliveries will be made to agents except
against bonafide orders on their files.

FORDSON TRACTOR CO., Dearborn, Mich.

The above telegram was received recently by the Otto Erickson Co
it's self explanatory.

\$1,000 behind on bonafide orders! Think of it! Already one carload
of our tractors, ordered in anticipation of our needs, has been transferred
to McMinnville.

The Tractor That Gives SERVICE—Read This Letter

Albany, Ore., April 17, 1919
W. W. Crawford,
Albany, Ore.

Dear Sir—
In reply to your inquiry as to the service we have received
from the FORDSON Tractor purchased from you last November,
wish to state that it is with great pleasure we cheerfully recom-
mend this Tractor to our friends and neighbors, basing our opinion
upon actual performance in the field.

Our FORDSON Tractor has been in constant use since the
date of purchase, plowing and harrowing land under all conditions,
hard, dry and sandy soil and in the rain, where there was so
much water in the field at times it would run in the furrow.

We wish to call your attention to one particular run of eight
days, of twenty-four hours a day, plowing. About half of this
land was stiff, stubborn soil, had been pastured and tramped down,
making it very hard to plow. The FORDSON had plenty reserve
power at all times and under all conditions at normal motor speed.
During the entire eight days run we kept an account of fuel and
oil consumed and our total expense did not exceed fifty cents an
acre, in fact our general expense is from forty to fifty cents and
never exceeded fifty cents an acre.

The eight days continuous run was made without a single me-
chanical repair or adjustment; only stops made were for oil, gas,
water and change of drivers. For our night run our light was fur-
nished direct from the FORDSON magneto.

In cultivating forty acres of orchard we found it more conven-
ient than with horses for plowing round trees, head-lands and cor-
ners. We found the FORDSON to be durable, reliable and econom-
ical.

Yours truly
WILSON BROTHERS.

Divorces were granted to the fol-
lowing couples the past week: Lulu
M. Marshall from Warren P. Marshall;
Edward W. Blanchard from Julia C.

son H. Maxwell; Clema Schlegel from

The poultry men of Washington
county are today, making a tour of
the most of the large poultry plants
and will assemble on College Way in
Forest Grove at nine o'clock and take
in the main ones around that city and
then take in the plants in the eastern
part of the county. They are expect-
ing to have C. S. Brewster, of the
Oregon Agricultural College with
them and also Mr. Upson, of the Ore-
gon Poultry Association.

W. H. Boyd returned Sunday from
Dayton, Ohio, where he was in atten-
dance at the sessions of the National
Bural Letter Carriers' Association.
He had a glorious time and made
friends with the rural carriers by
presenting them with samples of Bea-
verton's apples. The rush of carriers
Westward has not yet begun but it

is safe to say that they will remem-
ber these apples and the story of
them found its way into the columns
of Dayton's big dailies.

A. Jacobsen returned to his home
on Cooper Mountain Saturday from
Vancouver, Wash., where he has been
employed in the construction of con-
crete ships for the government quar-
termaster service. The completion of
the carpenter work on these ships
gave a short lull in the work while
they left drydock to test their keels
and Mr. Jacobsen spent the short vaca-
tion at home on his farm.
