

Akin to the Violin

AKIN to the woody tone-sweetness and the full resonant tone-volume of a fine violin are the musical qualities of the

STRADIVARA

"KNOWN FOR TONE"

What Stradivari, the master violin maker, did for the violin has been achieved again in this wonderful instrument

The STRADIVARA Sound Board

The thin, edge-grained spruce Sound Board, extending the full width and depth of the cabinet like the sound board of a piano, is responsible for the marvelous tone qualities of the music that is produced so beautifully by the Stradivara.

Human voice, violin, cello, piano, wind and reed instrument are all rendered by the Stradivara with sweetness and naturalness unequalled. There is a remarkable absence of metallic noise. The Sound Board transmits nothing but the pure music of the record.

Plays All Records With True
Reproduction of Original Tone

A simple turn of the Stradivara Universal Tone Arm and the substitution of a different needle changes the playing from one kind of record to another. With the Stradivara you have an unlimited choice of artist or selection.

Wouldn't it be a good plan for the stage cars, which come through Beaverton every half hour or so, to have some regular place to stop rather than honking their horn from one end of town to the other? Some people living here have nerves.

Mr. and Mrs. Cleveland and two daughters, of Portland, were Sunday guests of Mr. and Mrs. E. E. Swenson. They were once neighbors of Mr. Swenson's daughter's family at Salina, Kansas.

Judging from the number of gentlemen nursing presidential ambitions, we are inclined to the opinion that America is well supplied with men of super-greatness—in their own estimation.

Be an optimist, girls. Perhaps you can annex him this year.

Full a mile of a smile occasionally. It will not crack your face, nor yet dampen the ardor of your sunny disposition.
