

Akin to the Violin

AKIN to the woody tone-sweetness and the full resonant tone-volume of a fine violin are the musical qualities of the

STRADIVARA

"KNOWN FOR TONE"

What Stradivari, the master violin maker, did for the violin has been achieved again in this wonderful instrument

The STRADIVARA Sound Board

The thin, edge-grained spruce Sound Board, extending the full width and depth of the cabinet like the sound board of a piano, is responsible for the marvelous tone qualities of the music that is produced so beautifully by the Stradivara.

Human voice, violin, cello, piano, wind and reed instrument are all rendered by the Stradivara with sweetness and naturalness unequalled. There is a remarkable absence of metallic noise. The Sound Board transmits nothing but the pure music of the record.

Plays All Records With True
Reproduction of Original Tone

A simple turn of the Stradivara Universal Tone Arm and the substitution of a different needle changes the playing from one kind of record to another. With the Stradivara you have an unlimited choice of artist or selection.

CORRECTING A MISTAKE

Having been absent since New Year's day from Beaverton, and having come home Sunday, 11, I was surprised to find an article about me in the paper, which is absolutely false, about going away with my sister, Mrs. Ross, and if Mr. Ross will speak again against my reputation, he will find himself in trouble.
