## The STRADIVARA Sound Board

The thin, edge-grained spruce Sound Board, extending the full width and depth of the cabinet like the sound board of a piano, is responsible for the marvelous tone-qualities of the music that is produced so beautifully by the Stradivara.

Human voice, violin, cello, piano, wind and reed instrument are all rendered by the Stradivara with sweetness and naturalness unequalled. There is a remarkable absence of metallic noise. The Sound Board transmits nothing but the pure music of the record.
