General Hauling—Long Distance Moving

Beaverton office at Stipe's Garage

Parents of this community can not take too much interest in our public schools. Too many of us are content to just let things rock along, trusting to the teacher to do that which should be done. We do not seem to remember that the teacher appreciates encouragement as well as the pupil, and that both will work truer to form if we extend our cooperation by taking an active interest in school affairs.

FOR SALE—A Ford, 1915, good condition for sale at a bargain. Highway Garage, Beaverton. 10f

If you have Wheat, Oats, or Clover Hay to sell, I will pay you the top price.

WHAT OF TOMORROW?

Today American products, exorbitant in price, are in great demand in Europe. This is so because Europe, devastated by war, can not make these articles themselves fast enough to supply the immediate demand.

But in time Europe will be making sufficient for home consumption and will have an additional output for export.

In America wages are abnormally high, as are also the raw materials. The cost of manufacture is therefore "in the sky."

In Europe labor is much cheaper and articles can be marketed at a cost below that for which we can produce them.

In time, when Europe has recovered, America will be required to compete with these countries for world trade—America with its high cost of manufacture against Europe with its low cost.

That is the condition which the present insane price inflation will bring about.

The misfortune of others has made us fortunate today—has enriched us beyond the dreams of avarice.

But tomorrow it may be the reverse.

It is worth our serious consideration, when we hear people talk of prices going even still higher.

Even a Shylock meets his Waterloo sooner or later.

WHAT'S THE MATTER WITH AMERICA?

What's the matter with America these days?

Too many diamonds, not enough alarm clocks.

Too many silk shirts, not enough blue flannel ones.

Too many pointed toed shoes, not enough square toed ones.

Too many serge suits, not enough overalls.

Too much decolette and not enough aprons.

Too many satin upholstered limousines and not enough cows.

Too many consumers and not enough producers.

Too much oil stock and not enough savings accounts.

Too much envy of the results of hard work and too little desire to emulate it.

Too many desiring short cuts to wealth and too few willing to pay the price.

Too much of the spirit of "get while the getting is good" and not enough of the old-fashioned Christianity.

Too much discontent that vents itself in mere complaining and too little real effort to remedy conditions.

Too much class consciousness and too little common democracy and love of humanity.—Fargo Forum.

HOME PAPER AD SELLS IT

"Ever try selling that cow or pig or old plow or thousand baby chicks by an ad in the local paper?" asks George W. Kable, Benton county agent, of his Farm Bureau News readers. "It's a cheap and easy way to get your wants before the public. It's a good thing to watch the ad columns of the home paper, too, for some good bargains are often found there. Every farmer should subscribe for the county paper. Many news items, notices and local events you ought to know you will never know unless you read the home paper. We say this because we believe it and because the papers have always been 'Johnny-on-the-spot' in aiding the farm bureau."

Another glimmer of light on the basic reason why Messrs. Dempsey and Babe Ruth get so much more money than a college professor is found in the fact that the newspapers have never put in extra telephones to answer queries as to whether the professor has deciphered any more Babylonian tablets yet.—Ohio State Journal.

WASHINGTON COUNTY SCHOOL NEWS NOTES

A very limited amount of garden seeds and flower seeds has been received from the Department of Agriculture. They will be distributed to school children who request them as long as they last.

N. C. Maris, Industrial Club Worker from Supt. Churchill's office in Salem, is assisting the County Superintendent in promoting the club work in Washington County this week.

The Teachers' Association meeting at Hillsboro, Saturday, March 15 was fairly well attended in spite of the very stormy day. Mrs. Ruby Shearer Brennon of Portland and Miss Kate Houx of Monmouth Normal both gave splendid talks on grade work in arithmetic, reading and geography. Mr. E. F. Carleton from the State Superintendent's office gave a clear and convincing explanation of the need and working of the proposed two mill state wide tax for elementary education.

A salary scale suggested by County Supt. Ager, of Jackson County, for his teachers, was presented to the association and discussed at some length. No action of any sort was taken by the association as such. The teachers of Washington County are inclined to be conservative and to act with considerable deliberation.

O. A. C. CLUBS TO HOLD JOINT MEETING

The Washington County O. A. C. club at Corvallis, of which Harold Robinson of this city, is president, will meet with the recently formed O. A. C. club of this county in Hillsboro, Friday evening, March 26, at 8:00 p. m. The meeting as planned will be in the nature of a "jollyup" and will give the graduates and former students of the institution an opportunity to become acquainted with the students now in attendance.

Some good speaking and some mirth provoking stunts are promised by J. C. Leedy, president of the County club. Good "eats" are also on the program as the ladies have been notified to bring sandwiches and cake. The place of meeting will be the Hillsboro Grange hall.

N. G. Freeman has purchased the Dr. Robinson property on Pacific Highway, from J. Frank Stroud, and expects to occupy it soon.

New Gingham are in at Bishop Bros.

FIVE HUNDRED PARTY

Mrs. Martin Burgie entertained a number of her friends at a delightful Five Hundred party Friday afternoon. Her home was beautiful with its decorations of violets and daffodils.

Mrs. Doy Gray had high score for the afternoon and received a beautiful buffet scarf made by the hostess. The invited guests were Mrs. J. E. Davis, Mrs. H. O. Stipe, Mrs. Elmer Stipe, Mrs. Otto Erickson, Mrs. Karl Swenson, Mrs. R. L. Tucker, Mrs. E. D. McGowan, Mrs. Doy Gray, Mrs. Geo. Blaser, Mrs. Lou Schellenberger and Mrs. J. W. Barnes.

R. Foster Stone's lecture and musical recital at the high school Wednesday night was highly praised by those who heard it but was greeted by rather a small audience because of the many other attractions locally and in Portland.

CERTIFIED POTATOES PAY

Potato growers of Washington County plan to profit by the experience of growers in adjoining counties. In Multnomah County particularly a few of the potato growers have taken up certified seed growing and this spring they have received orders for five times as much seed as they have on hand at a price fifty cents above market quotations.

To be certified the potato seed must pass two inspections during the growing season and be again inspected after digging and in order to pass these inspections they must prove to be disease free and the tubers must be uniform in type and true to variety name.

The cost of certifying is \$2.50 per acre and should they not pass no charge is made. A number of growers are planning to start this industry this year particularly in the vicinity of Forest Grove and Tigard.

Where this work is undertaken if certified seed cannot be obtained for beginning, samples of seed on hand may be sent to the Seed Certification Committee at Corvallis, for inspection and if of sufficiently good quality they may be used for seed.

COUNTY AGENT

NOTICE TO CREDITORS

In the Court of the State of Oregon for the County of Washington. In the Matter of the Estate of George W. Justice, Deceased.

POLITICAL ANNOUNCEMENT

To the members of the Republican party and the voters of Washington County:

Having filed a petition for nomination for the office of County Clerk, I will say in seeking the nomination, I am not unmindful of the generous treatment and loyal support I have received in the past from the county of my birth and lifetime residence. In no sense am I demanding the nomination, but will certainly appreciate it if you desire to grant it.

H. A. KURATLI
