Just Where and How Is the Money to be Spent?

*A businesslike Answer to
a businesslike Question*

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

- 1. FOR THE CHURCHES WORK AT HOME.** A more efficacious use of funds. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?
- 2. FOR HOSPITALS AND HOMES.** Every year thousands of men and women seriously ill are turned away from church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.
- 3. FOR HIGHER EDUCATION.** Of the 60,000,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the churches. Many of these institutions have had no great endowment, and their needs are just as pressing as the needs of larger schools and you have your part to play in their support.
- 4. FOR RELIGIOUS TRAINING.** At least 12,000,000 children and young people under 25 years of age are rearing American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to be a democracy, so long as one-third of the babies of India die before their second year and one billion are not saved by a Christian doctor or teacher as truly as though he worked at home.
- 5. FOR THE CHURCHES WORK ABROAD.** Influence came first from the Orient thirty years ago, and now it is coming from the Orient. As long as China has only one physician to every 100,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.
- 6. PREACHERS SALARIES.** The greatest need is called the "hunger for preachers" and will be met by the fact that 800 of our preachers are paid less than \$2 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.

SIGNS OF THE TIMES

Have you noticed the sign that appeared this week on the Main street of Beaverton? It stands right out from the building and is nicely painted on both sides. It's a home product and was painted by E. E. Swanson, and is a neat specimen of work. It now tells everybody that "JOB PRINTING" is done at our shop, and is a standing invitation to you to come in and get your printing done here.
