

## CIRCUIT COURT NOTES OF SPECIAL INTEREST

A Number of Important Cases Disposed of.—New Suite Entered.—Juryman Made.

The mills of justice continue to grind down at the County Seat and the independent reports the following:

Testimony in a case in the circuit court Monday and Tuesday was an eye-opener to persons who had not realized the magnitude of the loganberry industry and the fact that big money is involved. It was shown that the market quotation for the baby plants last year was \$150 per 1000 and sufficient plants could not be secured to meet the demand. The case was that of W. A. Firman vs. A. B. Northey and was brought to recover the value of plants alleged to have been taken illegally by defendant and sold by him. The case was begun Monday and ended Tuesday afternoon when the court gave Firman judgment for \$1275. An interesting feature was that the plants Northey was alleged to have taken were dug from land owned by him and probably under the assumption that he owned them.

The land in question was under lease for one year to Firman, who also leased other tracts adjoining. Light was shed on loganberry culture when it developed that the plants are transplanted for nursery purposes, and testimony showed that the plants on the Northey land taken and sold by him had been transplanted from land leased from a man named Holt, while the tips from the Northey place had been taken to another tract and when sufficiently developed sold to a Yamhill county nursery.

The suit of Gay vs. Gregory, involving a claim for \$10,000 damages, was set for Wednesday, but was postponed because of the absence in Canada of material witnesses. A number of special jurors had been added to the regular panel and they appeared Wednesday, but found nothing to do. They were S. A. D. Meek, Jake Schneider, Nels Larsen, C. Blaser, W. G. Walker, Charles Roe, John Ireland, B. Lamont, August Tews and Claude Rhase.

Two cases heard after the independent report of last week were E. F. Burlingham vs. Gertrude Brooks and Andrew Osborn vs. the same defendant. Both cases were actions to collect for wages alleged to have been delivered and were taken under advisement by the court.

In spite of the number of indictments returned by the grand jury the county jail still remains empty, for the accused have either appeared and pleaded guilty and taken their medicine or are out on bail on pleas of not guilty.

Joseph Galway, indicted for non-support, pleaded guilty and was paroled on a sentence of one year and costs on condition that he pay \$25 per month alimony.

John B. Hamilton, uttering profane and abusive language on a highway, withdrew a plea of not guilty, and was paroled on a fine of \$500 on condition that \$100 be paid.

C. E. Taylor faced a charge of having shown obscene pictures and after pleading guilty was sentenced to six months in jail and paroled upon payment of \$25.

Melvin Davis, charged with rape, entered a plea of not guilty.

Harold Joslyn pleaded guilty to a charge of larceny and was sentenced to the penitentiary for five years and pay \$25 costs. Parole was extended upon payment of costs.

B. Sobolewski, charged with violation of the prohibition law, pleaded not guilty. He had a quantity of wine in his possession which he claimed was made before the law became effective, but the officers were of the opinion that some of the liquor appeared to have a much smaller age than claimed.

New suits filed since last report include the following:

C. E. Bode vs. A. W. Fischer and W. H. Wehrung is an action to collect a note for \$15,000 alleged to have been made by Fischer in favor of Wehrung, March 24, 1919, and after having been endorsed by the latter sold to plaintiff. The complaint recites that Fischer neglected to pay the note when due and when demand was made upon Wehrung as indorser,

**THE FOUNTAIN OF YOUTH  
NOW GROWS ON THE FARM**

(A New York dispatch in The Oregonian under date of April 21, recounts how a Kansas doctor has restored youthful energy to devitalized mankind by the simple operation of transferring glands of goats to the human body.—Ed.)

Farewell to old age! No more we'll get frightened  
When some of the hair turns white on our head,  
For lately we have been somewhat enlightened,  
If we can believe what we have just read.

A doctor, it says, has startled our nation:  
For back in New York, he's proving his plan,  
Just fifteen minutes for one operation  
Changing the glands of a goat to a man.

Away with the thought of growing old longer,  
With late improvements we must keep in step;  
Instead of weaker, get stronger and stronger,  
Age by this method is given more pep.

Some came to our land to search for a fountain,  
Reported to give perpetual youth,  
Through valley they went, and over the mountain,  
But found the statement mistaken in truth.

For ages untold man has been a-seeking,  
Something to renew their vigor and life;  
Quite recently we have heard the press speaking  
How it has been solved with a surgeon's knife.

We all like to see each latest invention,  
And these working parts we mentally note,  
The science and skill which to you we mention,  
Really and truly, that gets our goat.

O. O. SMITH.

The new creamery on the Mensig place reports a rapidly increasing business. Mr. Stone intends to thoroughly renovate, paint and make it one of Beaverton's beauty spots.

Payment was refused.  
Eva Armstrong asks divorce from Edward Armstrong, whom she married in Portland February 5, 1919. She charges that defendant applied vile and profane names to her, failed to properly provide and made false accusations affecting her character. Alimony of \$25 per month is asked by plaintiff as well as return of her maiden name of Eva Killen.

Another divorce suit is that brought by Annie Quick against Arthur Quick. The couple were married in Montana June 15, 1918, and plaintiff charges failure to properly provide and being compelled to work beyond her strength until she was obliged to leave the husband and return to her parents. She asks return of her maiden name of Annie Warren.

Credit Service Co. sued E. A. Keller to collect \$188.16 alleged due for merchandise sold and delivered. Plaintiff alleges that a check given in settlement was returned from the bank protested.

## DO YOU WANT TO HELP COUNTY NURSE ABOUT?

Then Read What She Needs and Be Ready to Tell What you will Do.

Do you know that the Washington County Health Nurse is the only County Health Nurse in the state of Oregon without a car? That she is called the "Walking County Nurse?" That a car would increase her efficiency fully fifty percent? That the distant points from established transportation lines are entitled to and would receive a visitation from the Nurse if means were provided for reaching them? Many square miles in Washington County are so situated and to make it possible for our Nurse to reach all and every one within her district a campaign to raise funds by popular subscription is to be made by the Washington County Health Association fostered by the Tuberculosis Association of the state of Oregon.

The various Washington County Health and Nurse committees are to supply a list of names of persons within their respective districts who would likely contribute toward the purchase price of a car for our Nurse. To each address furnished by the committees The Oregon Tuberculosis Association will forward a circular letter soliciting subscriptions for the purpose mentioned. With the circular letter will be enclosed an addressed and stamped return envelope to convey the subscriptions to the designated assembling point. The Oregon Tuberculosis Association assumes all expense of the undertaking.

Our County Public Health Nurse means much to this community and each public spirited individual and organization is respectfully urged to cooperate to perpetuate the movement, increase its efficiency and extend the service to the remote districts not now reached.

MRS. J. C. HUNTLEY, Com.-Vice-Pres.  
MRS. R. W. COOK, Chairman  
Nurse Com.

**Don't Let Her Talk About You**

"There was an old woman  
Who sat on a chair  
A-muttering things  
That would raise up your hair.

It was all about folks  
Who stay home of a Sunday  
For some little thing  
That wouldn't "faze" 'em on Monday.

I'd hesitate long  
To repeat what she said;  
But the worst was of folks  
Who lie late abed.

Now Sunday-school scholars  
Take an old lady's warning—  
Get up with the lark;  
Be on time Sunday morning."

**Percy Case Badly Burned**

Percy, Cane, carshop employe of the Southern Pacific, was badly injured Saturday night, when he came in contact with a live wire carrying 1150 volts. As it was, Mr. Cane sustained burns on his right hand and chest but they were not deep and he will soon be at work again.

**WILL FILED TEN  
YEARS AFTER DEATH**

A will filed a little more than 10 years after the death of the maker was added to the files of the county clerk's office last Friday when the will of Andrew Krueger was presented for probate. It was made December 20, 1909, and the petition accompanying it states that Krueger died February 19, 1910. The value of the estate is estimated at \$4000, all real property, and after making bequests of \$1 each to three sons and three daughters, the residue is willed to the widow. The document directs that \$800 be paid from the estate to Robert Krueger and \$400 to Herman Krueger, sons and the former is nominated as executor.—Hillsboro Independent.

**SILAGE LOWERS FEED COST**

Substituting silage, straw and molasses for hay under conditions prevailing in the winter of 1917-18 lowers the average feed cost of cattle in the willamette valley from 20 cents a head per day to 11 1/2 cents, reports the animal husbandry department of the O. A. C. experiment station. At present prices molasses supplies nutrients at about 65 per cent of the cost of wheat, corn or barley.

**Oregon Man Leader in  
Great Religious Program**

**WILLIAM HIRAM FOULKES.**  
On the "general staff" of perhaps the greatest alliance of American Protestant Churches in history—the Interchurch World Movement—is a former pastor of Presbyterian Churches in Oregon, Idaho and New West: William Hiram Foulkes of New York City.

Vice chairman of the Interchurch executive committee and associate general secretary in its cabinet, Mr. Foulkes still finds time to direct the \$44,000,000 New Era Movement of the Presbyterian Church, which is that denomination's part in the interchurch program for Protestant cooperation in world-wide missionary advances.

Born in Quincy, Mich., Mr. Foulkes preached in Elmira, Ill., Clinton, Ia., and Portland, Ore., before he came out of the West to become pastor of Rutgers Church, New York City. His nation-wide campaign for aged clergymen, as general secretary for ministerial relief and sustentation of the Presbyterian Church, made known his ability as an orator. In 1916 he was sent to Edinburgh as a delegate to the World's Missionary Conference. He is secretary of the executive committee of the Presbyterian National Service Commission.

**SKOOKUMVILLE READERS PLEASE NOTE THIS**

South Bend, Wash.

To the Editor of the Beaverton Times.

Dear Sir:—I wish to tell you how much I think of Beaverton Times. It is like getting a letter from home. The only fault I find there is no news from Skookumville. Where are the McLeods, the Walkers, the Howells, the Thurstons, etc. Are they all dead? I lived in that neighborhood 30 years and there was lots doing all the time I was there. I am living at Alta Vista, South Bend, Wash., the most beautiful spot on earth. Wish success to your paper, the Beaverton Times.

Yours truly,

MRS. ELEANOR GILFISHIN.

**AUTO LICENSE FEES**

No increase in auto license fees is required in order to pay the interest and principal of all state highway bonds that can be issued under the pending 4% constitutional amendment that will be voted upon at the May 21 election. Neither is any increase required in the gasoline tax. Nor is any tax on property involved. Revenue from the auto license fees and gas tax at present rates will be ample to care for both interest and principal of all the bonds that can be issued under the proposed 4% limitation. The present road bonding limit is 2% of the assessed value of property in the state. The increase is necessary in order to make it possible to complete the main state highways within the next few years, instead of waiting indefinitely for their completion from annual revenues. By issuing the bonds, the roads can be provided for use while the auto license fees and gas taxes are being paid.

**NEW OPERATOR AT CENTRAL**

Mrs. Lnie Boring has resigned as Beaverton operator for the Scholls Telephone Co. and was succeeded on Sunday by Mr. and Mrs. R. C. Stanfield, lately of Portland, but formerly of Montana. They are experienced telephone people.

## DISTINGUISHED PARTY HERE NEXT WEEK

Three Hundred Visitors Expected for Jersey Jubilee Celebration to be Held May 4, 5, and 6.

The Jersey Jubilee, which takes place May 4, 5, 6, will put in the first day in Washington County.

The route planned begins at Portland at 8 A. M. May 4; comes through Hillsboro and Forest Grove, arriving at the farms of D. G. Lilly and Theo. Williams at 9:55, making a thirty minute stop, then going to Geo. F. Bierdorf's arriving at 11:05, stopping again for thirty minutes, and proceeding to the J. J. Van Kleeck farm, where lunch will be served, and the World's Record yearling cow will be seen.

The crowd will then leave at 2 P. M. for the upper part of the valley, where other herds will be visited; finally ending at Salem the evening of May 6, where a banquet will be held.

The Jubilee will be opened at Portland the evening of May 8, when a banquet will be given to the officers of the American Jersey Cattle Club, and other Eastern Representatives.

The Jubilee is taking much the same route as it did last year, with the exception that Washington County is included at this time, and it is expected that more than twice the number of visitors will be received than on the previous occasion, it being stated by the committee that more than three hundred visitors will be in attendance.

Washington County breeders are making plans to royally receive the visitors, and the Commercial Clubs of the County will also assist.

Beaverton people generally and the business men of the city in particular, should make it a point to attend the celebration at the J. J. Van Kleeck farm, where noon lunch will be taken and where Lulu Alpen, the champion yearling Jersey cow will be observed by the visitors. The distance is short, the roads are good, Beaverton Grange holds a picnic at the Van Kleeck farm that day and it is no more than justice to Mr. Van Kleeck, the Grange and our own interests to show that amount of interest in an affair which has called men of prominence from such great distances. All who attend will be fully repaid for the time and effort.

Ben Thurner, a well known resident of Cornelius, was a visitor here Wednesday.
