

# Some of Our Specials that We Have to Offer

It is our intention to have merchandise at all times, at prices, that are attractive, but—we NEVER sacrifice quality in order to have something at a price. PRICE is a secondary matter. You know as well as we do that the best is none too good. Therefore, we buy nothing but first-class merchandise, in Groceries as well as our Dry Goods. We do exactly as we advertise. What we say in our ads. means just as much to us as it does to you. When you buy anything from us as a first-class article you have our guarantee. If it isn't right we make it right. That is the way we do business. SATISFIED CUSTOMERS THAT IS WHAT WE WANT.

The function of a strong, progressive bank such as this is to serve every customer to the very best of its ability.

But safety should never be sacrificed in the giving of service. Safety first, last, and always—that is the business motto of this bank. It will never be anything else.

We invite you to feel you consult us in the matter of your financial affairs. Let us get acquainted, in whatever department you are seeking safety with service.
