

Mystery Tied with Red Tape

The time has long passed when a bank was surrounded with so much mystery and red tape that customers felt ill at ease every time they went to the bank to transact business.

Today, the progressive bank is a FRIENDLY INSTITUTION—designed to give service cheerfully and as a BUSINESS DUTY rather than as a favor.

At least, that is how this bank regards it.

Perhaps that is one of the good reasons why many refer to this bank as "my bank," based on the spirit of friendliness and co-operation they encounter whenever they call.

Perhaps, too, it is another reason why people like to save where they think they are welcome, and where, in addition, they know their money is absolutely safe.

Whether you wish to open a savings or checking account, or wish to transact business in one of the other departments of this bank, you will appreciate this spirit of friendliness which we believe is good business.

HIGHWAY CLUB WILL MEET AT GALES CREEK

Perry Gabbert, of Timber, is a live booster for the Inland Double Loop Highway and for the Union High school. He was here Friday of last week and says there are 800 people in Road District No. 42 who have no road except the railroad by which they can get out from their homes. The Gales Creek route is settling up rapidly and has now four times as many people as it had four years ago. A committee is busy taking a census of the district and will have a report ready for the meeting which is to be held at Gales Creek, August 14. George McGee, former county surveyor, is in charge of the Timber district; James Churchill is directing the work in the Gales Creek section and Peter Bergerson will list those between Timber and Vernonia. A complete survey of the population, taxable wealth and resources capable of development is their aim.

School District No. 110 has a taxable wealth of nearly \$300,000 and Lydia District lists \$400,000 taxable property, all of which will become a support of the Union High School.

ATHLETIC DIRECTOR HAS FINE RECORD

L. H. Strong Was Star Athlete in Arizona.—Don Butterworth is Busy.—Visitors Here.

L. H. Strong, who comes to Pacific University as athletic director, did exceptional work in all lines of athletics at the University of Arizona. He held the Arizona state records in the pole vault and high and low hurdles. He was the best all round athlete at the University of Arizona during the years '07-'11.

Miss Lottis Peters, '06, the new librarian and registrar, was in Forest Grove Wednesday, getting ready for her new tasks.

Ex-service men who received aid from the State last year will not need to file new applications this year, but a supplementary affidavit must be filed. The new law requires that those who benefit must have at least sixty hours a month of classroom work, and the executive officer is required to make detailed reports on attendance and quality of work.

Miss Vivian Hippie, of Henning, Minn., will be a Freshman next year. Cleo W. Howell, of Oregon City, will be a member of the Freshman class.

Prof. L. F. Anderson and Mrs. Anderson, of Whitman College, were visitors at the college Tuesday. Albert Schneider writes that he will be back in school and will be accompanied by his brother Oscar.

Several boys have written during the past week that they are eager to come to Pacific University but will be unable to do so unless they can secure work to help pay expenses.

Donald Butterworth has been quite successful in finding new students for the college. Now he says he is "working on a fellow who is the most stubborn creature I ever met. He is dead set on going to the University. But before this summer is over I am going to talk him out of it or my name is not Don Butterworth."

Irene Bilberry, 71, and Bessie Smith Howard, 19, visited at the college Monday.

OUTING

Out where the hills begin my lad
Near where the tall trees grow,
Out where the winding trails lead you
To where the trout streams flow,
Out where the springs begin to spring
That is the place to go.

Up where the ranger lives my lad
That is the place for you
Up where the look out cabin stands
Look what a lovely view,
Up where the air is fresh and pure
Your health you can renew.

Go up in the mountains, my lad,
Where ferns grow like a tree,
Go where water is icy cold
That is the place to be,
Go from your town up in the wilds,
Go where you can be free.

Out with your camping outfit my lad
Out where the woods appeal,
Up where the trout in dark pools stay
Up with your line and reel
Go ask your boss for two weeks off,
Go when days are ideal.
O. O. SMITH.

FOREST GROVE LOCALS

(From the News-Times)

Mr. and Mrs. V. S. Abraham returned Saturday night from a three months' visit in Iowa, Nebraska, Wisconsin and Illinois. They find crops in excellent shape there but none so good as in Oregon and they are glad to get back home after a fine trip.

Mr. Abraham will be on the ranch and will build a prune dryer to take care of the big prune yield.

Mr. and Mrs. E. J. Miller, daughter, Jennie, Miss Emily Stewart, Mrs. Clarence Brown and daughter, Jean Mary, Dr. and Mrs. Charles Hines and daughter Margaret, Mrs. E. E. Williams, Mrs. A. E. Scott, Mr. and Mrs. G. G. Paterson and son, Lyle and daughter Viola, and M. R. Johnson made up a party that spent Sunday at Soda Springs to enjoy the cool shade and charming environs of that pretty spot. Despite the fact that the party above named is composed of rather staid married folks and their children it is said to have been one of the "spooniest" times ever witnessed at the Springs. The above party, including also Mr. and Mrs. H. H. Galt and family, of this city, who have been camping at the Springs for several weeks and Mr. and Mrs. Dick and Mrs. Wm. Lively and 10 children from Portland spent a couple of hours "fishing for a silver spoon" out of the famous Soda Spring, which included dipping into the water and sending one of the boys into the spring head first to get the coveted spoon, which looked so bright and tempting through the crystal waters as it lay at the bottom of the deep spring, but like many a pot of gold at the end of a rainbow of the gaudy bubbles that tempt one to unusual effort along life's thorny pathway, it proved to be nothing but a "tin spoon."

Rev. and Mrs. W. Walter Blair spent last Sunday in Portland as the guests of Mr. and Mrs. W. H. Doane, of that city. Mr. Blair occupied the pulpit both morning and evening at the First Congregational church. Mr. and Mrs. Doane are former Forest Grove people and enjoyed showing Rev. and Mrs. Blair over the city.

Harold Benjamin, who has been attending summer school at Eugene, visited his parents, Mr. and Mrs. S. Benjamin, Sunday, and on Monday

left for Umatilla, where he will be superintendent of the city schools of that place. They are just organizing a High School there and Mr. Benjamin goes to complete plans for the year's work.

Mrs. S. N. Short passed through Forest Grove on Tuesday to her home in Wilson District, after spending a week visiting her daughter, Lyla, at Bay Ocean and son, Harold, at Barview, also at the B. J. Simpson home at Bay City. The Simpsons lived at Forest Grove a few years ago and Mr. Simpson was the agent for the S. P. Railway here.

Mrs. E. A. Heiler and son, Thos. and Frank, Miss Hazel Piser, Mr. and Mrs. A. V. Olson and mother, Mrs. Ella Olson, Mr. and Mrs. F. S. Allen and baby were Sunday visitors at the Raines home up Gales Creek way. They report a very fine time, and plenty of delicious fried chicken.

The Wiles Auto Company is installing a fine cluster light on the street at their place of business. The sidewalk on the east of the building and that of Chalmers & Wilson, is also undergoing improvement and is now full cement to the street curbing making a very much better appearance.

Mrs. Martha Whitney, who has been visiting her sons at Bandon and Myrtle Point, returned home Tuesday. She reports a very enjoyable time. She expects to remain here at the home of her daughter, Mrs. J. A. Thornburgh, for a couple of weeks.

Mrs. M. A. Armentrout, of Lewiston, Idaho, came Tuesday for an extended visit with Forest Grove relatives and friends. Mrs. Armentrout was a resident of this city for a number of years, but has been living in Idaho for some time past.
