BEAVERTON, OREGON, FRIDAY, OCTOBER 1, 1920.

NO. 40

EAST END SCHOOLS IN FRONT RANKS

Teachers' Salaries Going up, Comm. Growing—Attendance Indicates Increased Interest in Education.

Prof. Roy Bierly, one of Washington County's popular educators, passed through town Wednesday. While here he stated that teachers' salaries were advancing over at Beef Bend, also at Midway, both country schools west of Tigard, teachers are receiving \$150 per month.

At present Mr. Bierly is principal of the Garden Home school. In this school the attendance has been increasing rapidly of late—present enrollment is 94 pupils. Another instructor has been employed recently, bringing teaching corps up to three teachers.

"SENATOR" STANFIELD WAS IN FOREST GROVE TUESDAY

R. N. "Bob" Stanfield, who will represent the State of Oregon in the United States Senate after next March, was shaking hands with Washington County friends.

After conferring with Republican leaders in Hillsboro and while enroute to Banks where the bankers of the county were in session. He was accompanied by Sheriff George Alexander and County Treasurer E. B. Sappington.

"FLEETS OF FOOD FOR BARROWS OF JEWELS"

Herbert Hoover Warns America's "One-Third" Their Diamonds Are Unsecure as Tinting Crowns.

"There is a parallel between our present economic condition and that which followed the Civil War; the same conditions of extravagance and big prices which resulted in a great panic and years of hard times," says Herbert Hoover in an article of helpful hints, "Thrift and American Women," in the Ladies Home Journal.

Mr. Hoover explains that we may hope to avoid financial disaster which followed the Civil War "because we believe our economic position much stronger than it was in those early days." But he warns that we are confronted "with world conditions of upset" which were unknown half a century ago and he comments:

"This is not just something for statesmen and professors to worry over but it reaches into the Ameri-

REXALL STORES STRAW VOTE RETURNS RECEIVED

First Nation-Wide Returns Posted in Local Store—Harding Leads by Wide Margin.

The first returns from the nation-wide straw ballot, which the 8000 Rexall stores throughout the country are conducting, were received Wednesday by Dean's Drug Store local representative. All states, except Louisiana and Mississippi, are represented and the results indicate a sweeping victory for Harding and Coolidge. Ballot boxes are placed in each of the 8000 stores and the public is invited by posters, window displays and personal solicitation to cast secret ballots for their choice. No effort is made to influence the vote in any way and it is sought to get a clearly indicative result as possible.

The first returns, which are now posted in the local Rexall store, show a total vote to noon of September 23 of 109,524 of which Harding receives 71,597, and Cox, 42,018. From this the statistician predicts 303 electoral votes for the Republican candidate and 150 for the Democratic; 268 are necessary to a choice.

Four years ago the Rexall straw vote predicted the result some days before the election with remarkable accuracy.

High School Notes

For the coming basketball season the Athletic Associations of the Beaverton High School offer for sale Season Tickets which will admit bearer to all athletic contests held in the gymnasium. The price of these tickets will be two dollars. As twelve or fifteen games will be played these tickets make the admission very reasonable. Ask any B. H. S. student about them.

Some of our Senior and Junior men are so jealous of the Freshmen's green caps and don't dare wear them themselves and so they get out of it by wearing green sweaters.

A long addition was made to our school Tuesday morning. Yes, Harold Perry is back.

The Freshman reception given by the upper classmen Friday evening was a decided success and mess, at least mess for the pie eaters. Miss Hocken's address to the Freshies will go down in High School history as a decided oratorical masterpiece. Altogether they were well entertained.

A dramatic club meeting was held on Tuesday, Sept. 28, for the purpose of electing officers. Officers elected were:

Edna Hocken, Pres.; Joe Merrill, Vice Pres.; V. Spranger, Secy.; A. Williams, Treas.

Motions were made and carried that two committees be appointed to select characters and the kind of plays. A faculty advisor was also selected.

Messrs. L. R. Dean, Walter Harris and Medley returned Tuesday evening from their hunting trip near Roseburg. They were gone two weeks, but had very stormy weather while away which interfered with their hunting.

GRIOT OF ACCIDENTS KEEPS DOCTOR BUSY

A Fall Down Stairs, a Rockless Ford, a Gun and an Axe Make Suffering for Beaverton People.

John Schmidt, of Aloha, came to D. Mason's office Tuesday morning to have a bad cut on his hand attended to. He was chopping wood early that morning and accidentally struck his left hand between the thumb and finger. No tendons were severed, but several stitches were required to close the wound.

Tuesday afternoon, while John Algeheimer, of Cooper Mountain, was crossing Pacific Highway near the Ship's Garage, he was run down by George Baker, driving a Ford. Mr. Baker had just crossed the Southern Pacific tracks and turned toward the post office. Mr. Algeheimer suffered a broken ear drum and probably a fractured skull. Dr. Mason attended him and he was later removed to his home.

Thursday night of last week, while Mrs. J. W. Barnes was walking through the hall in her home south of town, she fell down the stairs and sustained severe bruises. Mrs. Barnes recently had several teeth extracted and was still feeling the effect of the anaesthetic. She thought "that she had passed the stairway but had not and in the dark did not notice her mistake. She was unconscious when found and suffered from severe bruises about the head and face.

Earl Johnson, grandson of E. E. Swenson, who visited here the first of September from his home in the Dalles, was delivering papers in his home town Sunday when he was struck by an automobile which passed over his stomach and injured him severely. Latest reports are that he is suffering greatly, but doctors do not believe that any serious internal injuries resulted.

Walter Walker, 16 year-old son of Mr. and Mrs. C. E. Walker, of south of Huber, accidentally shot himself Sunday while returning home from a neighbor's with a small rifle. He had snapped the cartridge and it refused to fire, but on the way home he carelessly snapped the gun again and sustained a wound in the left leg and large toe of that foot. Dr. Mason attended him and the injury will be only temporary.

Cooper Mt. News

Joseph Finta has leased the Frank Livermore ranch and is moving in this week.

Matt Blomquist has built a new woodshed.

Buck & Sons are delivering goods in a new Dodge.

E. Mink is erecting a new house. Mr. Livermore, who has been down at Seaside for his health, is improving.

Hawley Elliott, south of Aloha, is piping water to his residence from the main line.

Measmes Bertach and Sams were Hillsboro visitors this week.

Mrs. Oberg is digging her potato crop.

Julius Henrikson is building a new house. Archie Pike is rushing his plowing with a Fordson.

"TIS AN ILL WIND THAT BLOWS NOBODY GOOD"

Prune Growers Lost Heavily by Rains, but Apple Growers are Smiling as Result.

"Tis an ill wind that blows nobody good," says the old proverb and it has been amply exemplified in the recent rainstorms which have wrought so much damage in the prune growing sections. Scarcely a day passes that new stories of damage to the prune crop do not come to light.

But like a ray of light through the gloom comes the smile of the apple grower who say that it has improved their crop in quality and quantity.

"Our apples have colored beautifully and have grown greatly in size since the rains began," said David Pitt, of the Pitt & Stauffer orchards, south of Beaverton. Similar reports come from other growers and the famous apple sections are much pleased with the season.

Bernards-Duyck

At ten o'clock on Wednesday Martin John Bernards and Angelena Genevieve Duyck were married at St. Anthony's Church, Forest Grove.

The bride entered on the arm of her brother Peter, preceded by the two little flower girls, Marcella and Patricia Duyck, accompanied by Miss De France, of Portland, a cousin of the bride, and by Miss Margaret Bernards, as maid of honor. Mr. Bernards entered from the vestry. The solemn and impressive nuptial mass was read by Father Murphy, assisted by Father Heesacker of Beaverton. Father Von Clarenback of Verbort, in whose parish Mr. Bernards is a member, was also present at the mass. The wedding march was played by Mrs. Wilcox of Hillsboro and Mrs. Margaret Jones sang beautifully during the service.

The bride looked even more charming than usual in her gown of heavy white satin with wreath and veil. Miss De France wore a taupe color and Miss Bernards a creation in gold georgette shading with deep orange. The two little flower girls were in pale mauve color and carried baskets of nasturtiums.

After the ceremony the members of the two families with a few intimate friends assembled at the Laughlin Hotel where a sumptuous wedding dinner was served.

Angelena Duyck is the daughter of Mrs. Lucy Duyck and has passed her childhood and girlhood in Forest Grove. She is a graduate of the Forest Grove High School and a member of the Senior class of Pacific University. Martin Bernards is a recent graduate of that institution and a farmer who knows how to work with his head as well as with his hands. Mr. and Mrs. Bernards will leave soon for an extended trip to California. To the gratification of their many friends, however, they do not intend to desert Oregon permanently, but will return after their southern tour to Mr. Bernards' model farm at Verbort.

C. E. Hedge is repairing the roof of the W. P. McGee store with roofing paper. David Pitt is doing the work.

CANYON ROAD PAVING COMPLETED YESTERDAY

New Thoroughfare Shortens Distance Between Beaverton and Portland Nearly Four Miles.

Paving on the Canyon Road between Beaverton and Portland was completed yesterday and the new highway long the popular route to Portland in the days of the old dirt and rock roads, again comes into its own as it shortens the distance into the city by nearly four miles and avoids the congestion of Terwilliger Boulevard, always a terror to the new driver.

Washington County people will greatly appreciate this convenience. The road has no grade over five per cent, this side of the hill and the grades on the Multnomah county side can be negotiated by most cars in high.

OBERLIN GRADUATES HELD REUNION

About fifty Oberlin graduates gathered on the campus of Pacific University Saturday evening, Sept. 25th, for a picnic reunion. Although the weather was decidedly unfavorable, the Oberlinites refused to be discouraged and gathered in the President's office for a big picnic supper about the fire-place followed by an informal program, including a detailed report by Dr. Bates on the 1920 Commencement. This report was admirably handled and started a series of interesting reminiscences from the various members present.

The evening closed with an old-fashioned sing in the studio of the Director of the Conservatory. A number of people sent regrets at not being able to be present. Of particular interest was the message of good will from Mr. and Mrs. Penfield of the Oberlin class of '01.

There are five Oberlin graduates on the faculty of Pacific University—President Clark, Dean Bates, Miss Erma A. Taylor, Director of the Conservatory of Music, Mr. Don M. Dailey, Professor of History and Economics, and Miss Hulda Luechauer, Director of Physical Education for Women. Included among those present were the following: Mr. and Mrs. G. E. Murphy, Mr. and Mrs. O. B. Riddle, Mr. and Mrs. Palmer Fales, Miss Alice Willard, Mr. and Mrs. Francis Tenny, Miss Bertha Tontz, Miss Minnie Tontz, Mr. M. E. Thompson, Mr. and Mrs. W. W. Thompson, Mrs. Mary Thompson Moore, Mr. and Mrs. T. W. Veness, Dr. and Mrs. G. A. Blachly and daughter, Mr. and Mrs. C. L. Booth, James T. Brand, Marshfield, Miss Alice Cole, Mr. and Mrs. J. H. Cowen, Mr. and Mrs. James Dunn, E. C. Dye, of Oregon City, Miss M. Gilbert, Mr. and Mrs. H. C. Huntington and Miss Jean McKercher.

THREE NEW TEACHERS ADDED TO SCHOOLS

Beaverton Becomes Educational Center of Eastern Washington Co. Under Board's New Policy.

The new policy of the Board of Directors of the Beaverton School district is fast putting the schools of Beaverton in the front rank, both as to numbers and quality of work. There is no secret as to this. It is merely the willingness to spend the right amount of money for the right kind of instructors. Three new teachers have been added to the teaching force since the opening of school and new pupils are coming in rapidly.

D. Cochran will teach history, mathematics and manual training. He is a capable teacher of several years' experience and excellent preparation.

Miss Grace Hutchinson, a graduate of the University of Wisconsin, is the new instructor in languages and her work in French and Latin is winning great approval from her pupils and fellow teachers.

Mrs. Inez Suttle, of Portland, is assisting in the grades and teaching music throughout the school. Her experience is ample and her preparation is excellent.

Enrollment now numbers 85 in high school and 180 in the grades.

Mrs. Percy Cane and little son visited at Forest Grove Friday, with her parents, Mr. and Mrs. Milne. L. Shindler, of Milwaukee, has returned home. He had charge of the Drug store while Mr. Dean was away.

Mr. and Mrs. Fred Cane and daughter Florence, of Yamhill, visited Sunday with their son, Percy Cane, and family, of Beaverton.

Those attending state fair during the week were: Mr. and Mrs. Geo. Thynge, Mr. and Mrs. Jacob Kemmer, Mr. and Mrs. John Hoggood, Mrs. N. G. Freeman, David Pitt, Mr. and Mrs. A. Rossi, Mr. and Mrs. Hugh Lewis, Mr. and Mrs. Otto Erickson, Mr. and Mrs. L. L. Lawrence.

Elmer Stipe, A. M. Hocken, Claud Adams and Carl Deasinger returned Tuesday evening from their trip to California. They report a fine trip and were across the border into Mexico.

The office of the Beaverton Times is located in the old bank building, just east of the post office. News items may be left there, subscriptions may be paid and orders for advertising and job work will be received by E. E. Swenson at any time that we are not in.

We specialize in prompt printing.

It is our purpose to make the Times the best paper in Washington County, the biggest value for your dollar anywhere and the best booster for Beaverton and vicinity that has ever been here.

Let us have your support and help and we will succeed in doing this to the fullest extent.
