The fact that I am one of the pioneer Automobile Dealers in this County and have been selling new and used cars for the past several years and the further fact that I have resided in this County for the past thirty-five years is your protection.

I wish to emphatically impress on the public that I will personally familiarize myself with the details of every transaction made during this sale and will make myself personally responsible to each purchaser. I am running this sale myself and I intend to sell every car before December 10th, regardless of price.

This sale is being advertised throughout the County, so you had better get around early for first choice. Come early if you can, but come anyhow.
