Chautauqua Presents Native Maori Singers

Ellison White present on the closing evening of the Chautauqua Festival a big program, "An Evening in the South Seas," an attraction entirely unique on the American platform.

Five Maori singers have been brought directly from New Zealand, and they will present for the first time in this country the bewitching native music of their New Zealand home.

Headed by N. H. Papakura, famed throughout New Zealand as the leading tenor of the islands, and coming from a race that is essentially musical, they present a most interesting program.

return home in April. The trip was made by train to San Francisco and by boat from there to Balboa.

When the dairymen met here last week they enjoyed a lunch of milk, cheese, sandwiches and doughnuts. The cheese, made in the new factories of the Dairymen's League, was pronounced to be a first-class article.

Traffic officers have secured stop watches and are measuring off sections of the highway in order to have a double check on speeders. Tested speedometers are already in use but disputes often arise when arrests are made.

With the arrest of George Morrow, who lives near Orreno, it is thought that the source of a large part of the moonshine whiskey and illicit wine that has appeared in Hillsboro recently has been cut off. When he was taken into custody by the Sheriff's office, several bottles with moonshine whiskey and wine were confiscated.

While enroute from Nashville, Oregon, to Hillsboro Mrs. M. M. Ferguson took a Southern Pacific train out of Portland when her ticket read via the Oregon Electric. Trains planned to transfer her to the Oregon Electric at Beaverton but while she was standing in the aisle the train made a safety stop to prevent running down a boy who unexpectedly crossed the track and Mrs. Ferguson was thrown down and her hip fractured. She is at the Washington County Hospital under the care of Dr. Robb, but her advanced age of 79 years renders the injury a very serious one. She is the grandmother of Mrs. Robert Batchelder, whom she was coming here to visit.

### Dirt in your Engine Oil—Get rid of it!

A LARGE quantity of dust-laden air is "inhaled" by the daily operation of an automobile engine. With this road dust, carbon and fine particles of metal get into the lubricating oil and circulate through your engine, lowering the efficiency of its operation. Add to this dirt the gasoline that escapes past the pistons and dilutes the oil—

Here you have a combination that wears and tears and grinds away, every day adding a little more dirt and forcing a little more unnecessary wear on bearing surfaces. Result: slow response—less power—poor performance—shorter engine life.

Our new Modern Crankcase Cleaning Service is the enemy of dirt in the crankcase—it means "clean oil in a clean engine." The

new, scientific, thorough flushing agent that does not contaminate the fresh Zerolene refilled into your cleaned crankcase. This modern, convenient service, given quickly and at a nominal cost, returns your engine to you clean and fresh, ready to give that satisfactory performance you expect. Today: Bring in your car for Modern Crankcase Cleaning Service.
