TELEPHONE COMPANY STOCKHOLDERS MEET

Quorum Reduced to Ten and J. E. Bennett Re-elected Director at Stormy Meeting.

Stockholders of the Scholls Telephone Company at their annual meeting in the Grange Hall at Scholls Saturday decided to reduce the number of stockholders necessary for a quorum from 25 to 10 in order that the essential business of the company may be transacted without the necessity of an expensive campaign to get a quorum.

Upon the expressed determination of President E. C. Mulloy to resign at the next meeting of the Board of Directors, the stockholders present suggested the naming of J. W. Raymond to succeed him, in the event he should carry out his intention. The meeting was convoked by a threat from the president and other members in an attempt to fix the responsibility for a former official of the company but the calmer judgment of other members prevailed and the ancient history of the company was left to rest undisturbed, so far as any official action was concerned.

A committee from the Beaverton Commercial Club, headed by Frank Hain Johnston, of the Standard Oil Company offices, laid the grievances of local subscribers before the meeting and was promised immediate relief.

Mistake in Dates

The advertising put out for the Hillsboro-Beaverton high school basketball game gave the date as Jan. 14. This was due to a mistake in arranging schedule and Hillsboro has another game tonight. The game will be played Saturday night, Jan. 15. It will be a good game and worth seeing.

HIGH SCHOOL STUDENTS TO APPEAR WEDNESDAY

"Looking for Mary Jane" is Vehicle in Which Pupils Will Display Historic Talents.

It's coming Wednesday night. The much talked about and much looked for high school play, "Looking for Mary Jane," will hold the boards at the high school auditorium Wednesday night. Tickets are on sale by high school students and reservations are being made at Dean's drug store. The play is an exceptional one for high school production, containing an interesting plot, not too difficult, yet giving plenty of opportunity for the bringing out of every talent of the performers. It is filled with good clean comedy situations which show up at unexpected moments and add greatly to the enjoyment of the production. The story, briefly, is of a young man whose rich father has cut off his allowance until he announces his engagement to Mary Jane who is supposed to be living at a boarding house. The young man and his chums start to find the young lady. They discover a young lady and all the girls fall in love with her. She is not the right Mary Jane but the situations which arise make a very enjoyable evening and the characters are well sustained in the local cast which contains some of the most popular of last year's actors together with several new ones who are said to add much to the play.

Aids from supporting the local schools in their endeavors, Beaverton people will find themselves well repaid in the way of entertainment. We shall hope to see the house filled to capacity.

Fazel is said to be the leading thinker of Persia who is at present traveling in this country in the interests of universal peace, universal education, the solution of economic problems and making a study of the social and educational conditions of America.

Experiment Station Report

Scientific farm practice as developed and recommended by the Oregon Experiment station should be kept years in advance of general farm practice, in order that the new methods, crops and varieties may be fully tested before offered to the farmer, says James T. Jardine, director, in his report for 1918-20 just off the college press. Much information that has added to the profits of farming, and even more facts under investigation with promise of eventual solution, are explained in the report. Copies free on request.

CIGARETTE CRUSADE IS STARTED BY W. C. T. U.

The General Laws of Oregon, 1917, provide that it shall be unlawful for any person to sell or in any way give to any minor any cigarette or any paper or tobacco for making a cigarette and makes it the duty of every mayor, sheriff, deputy, police officer, constable or marshal who shall see any minor smoking or having in his possession any cigarette to inquire where said minor procured the cigarette and upon failure of the minor to give the desired information to arrest the minor without the formality of a warrant and take him before the court. It is likewise unlawful for the minor to smoke or have cigarettes in his possession.

The local W. C. T. U. have decided upon a campaign of law enforcement in this particular in Beaverton. Copies of the law have been distributed throughout the town.

ONE HUNDRED A PAIR

Two pairs of shoes were designed to retail at \$100 a pair in a factory in Massachusetts.

Farewell to the price the shoe shops were making. Those cheap kind of shoes they made in war times. Those big display ads, which gave us a shock.

That took all our change, our nickels and dimes. Back on the sea coast, they call it Atlantic. We lately have read this small bit of news.

For would not this new almost drive you frantic. One hundred a pair for two little shoes.

And each one was made of fine patent leather. The tammings of which were made of leaf gold. How long would they last in this rainy weather.

And how much water would such a shoe hold. The same kind of stuff they put in the lining. With gold on the hooks and on the eyes, too.

And twenty to gold there also was shining. Inserted within the heel of each shoe. Two pairs of this type the paper was saying.

The other was tan, that's what the news said. For lining in this, they found there was laying.

Some kind of satin, the color bright red. And just at the top near the wearers stocking.

Was placed a gold watch known as the wrist kind. And to know the time would it prove quite shocking.

For them to look down, their time piece to find.

PLANS WELL UNDER WAY FOR RECEPTION COMMITTEE GIVEN ASSURANCE OF ROAD

Committee Has Not Been Idle and Every Resident of Beaverton Will Be Made Welcome.

If you have anything else planned for Tuesday night, better hasten to cancel the engagement, or better yet, insist that the engagement be kept at Pacific Theatre. Bring your friends and neighbors. Gather up the strings and let the old timer learn to know the new timer. Make the newcomer feel at home and that he is a part of Beaverton.

The commercial club has a committee at work. In fact, all members are working hard at plans for a bigger and better meeting for next Tuesday night than the one held last year. And that is considerable of an undertaking for the committee that put over the "Chat With Your Neighbors" evening last year left an enviable record and set a mark for others to reach.

But plans already announced for the Tuesday evening meeting indicate that it will come up to all expectations. A short but excellent program has been arranged and our local talent is not excelled when it comes to really enjoyable numbers. Instead of refreshments there will be a free movie show at 8 o'clock.

But most important for the town and community and the individual in the community is the social hour which will follow the program. Here in the strangers meet and get acquainted and old acquaintances will be improved. In that hour is every person's opportunity to be of service and the committee urges every person to take a part and help to see that all the new residents of Beaverton are made acquainted.

W. C. T. U. to Celebrate
Mrs. Narver of Beaverton, will speak at the Methodist church Sunday at 11:00 A. M. in celebration of the first anniversary of the Volstead Act which provides for the enforcement of the National Prohibition Amendment. Law Enforcement will be the subject of her discourse.

New Section Foreman Here

Mr. and Mrs. R. S. Forest, of Marshfield, have taken rooms at the J. W. Barnes property. Mr. Forest is the new section foreman for the Southern Pacific lines at this place.

HOUDINI IN SUPER-THRILLER

Houdini, the famous handcuff king, is a star reporter in "The Grim Game," his Paramount Arterraft picture which is being shown at the Pacific Theatre Sunday. The death-defying experiences which he undergoes in order to secure a "scop" for his paper effectively discourage anyone in the audience from wishing to enter the newspaper business. All speed limits for thrills are exceeded in this picture, which discloses Houdini as the hero of an entertaining mystery melodrama. It is well worth seeing and contains a smashing climax that is unforgettable.

Miss Matzke Honored

Miss Katherine Desinger and Miss Elva Rossi entertained on Friday evening for Miss Martha Matzke, bride-elect, at the Desinger home. The event was a surprise shower for Miss Matzke who is a popular Beaverton maid. Many beautiful as well as useful gifts were presented to the bride-to-be by her numerous friends. After all the gifts were opened and admired a supper of light refreshments was served by the hostesses.

Those present were: Mrs. Harry Barnes, Mrs. J. Peterson, Miss Beryl Peterson, Mrs. F. W. Cady, Mrs. John Bankus, Mrs. Doy Gray, Mrs. Geo. Thyng, Mrs. Geo. Kline, Mrs. O. V. Hill, Mrs. A. M. Austin, Miss Alfredda Austin, Mrs. K. Emmons, Mrs. L. Boring, Mrs. A. Rossi, Mrs. V. Matzke, Mrs. W. Desinger, Mrs. V. Domagala, and the Misses Meta Hart, Agnes Hart, Martha Matzke, Hattie Matzke, Lena Matzke, Bertha Matzke, Merle Davies, Elva Rossi and Katherine Desinger.

CREAMERY MAY BE BUILT IN FOREST GROVE

At a meeting of business men at Rogers' City Library called by the Commercial Club last night, a movement was started that may result in a creamery for Forest Grove at no distant day.

Messrs. A. G. Wadsworth, John Slickford and P. B. Meadows, representing the Columbia Dairy Products Company, of Vancouver, Wash. were present and explained a proposition they have to make.

This company has been in business for about twenty-five years and is manufacturing butter and ice cream in large quantities, having a large establishment at Vancouver, their headquarters, and creameries at other points in Washington and Oregon.

They propose to build a creamery here provided the business men of the town and the farmers of the community will be interested enough to take shares of capital stock in the company, the stock to be on the whole business which would include the property at Vancouver. Last year the company paid a dividend of ten per cent on its capital stock.

A committee was appointed consisting of W. C. Schults, W. F. Schults and C. E. Smith to go to Vancouver today and investigate the plant there and report back to the Commercial Club and business men their findings and recommendations. If a plant is established here about forty thousand dollars will be invested.—News-Times.

COMMITTEE GIVEN ASSURANCE OF ROAD

County Court Promises Commercial Club Representatives that Progress Cutoff Will be Planned.

The commercial club committee consists of Doy Gray, F. H. Johnston, W. C. McKell and Hai E. Bishop called on the County Court Monday afternoon. They were courteously received and promptly assured that the court would do nothing with their petition. There was no money available and the spending of any part of the appropriation for the planking of the Progress road would interfere with the completion of the project. But the committee had not gone to the county seat to meet a rebuff. They promptly asked for the plank that was used on the Cedar Mill road last year. It had been used to floor bridges. There will be more bridges to floor next season and the committee promptly suggested that the purchase of the plank at this time would not be a loss and it is temporary to relieve the Progress road situation would be without cost. The lower price of labor was urged as proof that the road fund would stand the small expense involved and still leave ample in the fund to complete the roads. Their arguments were admirable and the committee was assured that if they could find the plank anywhere the court would lay them for the benefit of the Progress farmers. Now the committee is looking for bridge plank.

ENID BENNETT, A POOR MAN'S WIFE IN "STEPPING OUT"

That motion picture acting isn't all easy dressed up work is illustrated in Enid Bennett's latest Paramount-Intec photoplay "Stepping Out," which comes to the Pacific Theatre next Thursday.

In this picture charming little Enid Bennett appears as a poor man's wife and the high salaried star has to sew, cook, iron and even get down on her hands and knees and scrub.

In the opening scenes of the picture, she sure has some drudgery, but in the finish she has a chance to wear some fine clothes and the happy change in the woman is designed by the author, C. Gardner Sullivan, to please the feminine fancy.

The picture is an interesting drama with considerable comedy sparkling throughout. Miss Bennett is supported by a cast of well known players including Julia Faye, Niles Welch, Gertrude Clair and Wm. S. Conklin.

LEGISLATURE ORGANIZES AND GETS DOWN TO WORK

The Oregon legislature met at Salem Monday, quickly organized and is now busily at work.

Washington County is represented in the legislature as follows: Representatives—A. E. Westcott, Banks; E. E. Eisler, Beaverton; A. B. Flint, Scholls.

DIRECTORS ELECTED AND BY-LAWS CHANGED

At the annual election of directors of the Oregon Growers Co-operative Association held January 10 at Salem following the preference shown in the December primary, E. A. Reut was elected to serve the coming year from this county. Ferd Groner was elected a delegate at large.

The two amendments proposed and are now part of the by-laws. The first provides that beginning with 1921 the annual meeting and election of directors shall be held on the last Tuesday of April of each year, and that the board elected in January of 1921 shall hold office until succeeded by the board elected in April of 1922.

The second amendment provides that members shall vote in the district where they do business, instead of by county lines. Those districts will be determined by the Board of Directors from time to time.

At the meeting following the election of directors, reports were read of the year's business by J. Q. Holt, packing manager, C. I. Lewis, organization manager and R. C. Faulstich, sales manager.
