WIFE INVITES RIVAL
She invited the girl who was trying to win her husband right into her own home, did June Hillary, the heroine in "Stepping Out," the latest Paramount-line production that comes to the Pacific Theatre next Thursday. Enid Bennett net plays the part of this audacious wife who hit upon this means of showing the girl who was dining in high-toned cafes just what the husband really expected of a wife—to iron, scrub, cook, mend and economize on food. It was a daring experiment and just how it worked furnished much of the interesting action in this picture.

MANAGER LEWIS IS STILL STRONG FOR PRUNES

C. I. Lewis, manager of the organization department of the Oregon Growers' Co-operative Association, is still strong for prunes, notwithstanding present conditions. He says that ultimately, prunes will prove as they have in the past, a good investment.
In the planting of cherries, he calls attention to the fact that the Royal Anne, Bing and Lamberts are not only self-sterile, but also inter-sterile, and that with these varieties must be planted the Long Stemmed Waterhouse or some other good pollenizer.
The Spitzenberg apple is likely to come into its own within a few years, Mr. Lewis says. He believes the time is coming when this apple will sell at a premium as the acreage has been greatly reduced, due to collar rot in the inland Empire and winter injury in the Hood River country.
Mr. Lewis is of the opinion that next year will be a good year for apple growers in western Oregon, as the east is not likely to have a bumper crop next season as it did last year.

O. V. "Happy" Hill has added another to his list of trades. He is now a typewriter expert. The other day E. E. Swenson's typewriter refused to work. He took it to town where for a five-spot the skilled workers put it together with solder. But the soldered piece broke again and this time the Times man suggested patronizing home industry. Mr. Hill repaired the broken part in a substantial manner at just one-tenth the cost of the former slipshod job.
