PICTURES TAKEN OF COUNCIL CREST SITE

Fine Panoramas Secured Which Show Merits Well.—Representative Delegation Sees Location.

Two fine panoramas views of the Council Crest site have been taken the past week and are now in the possession of the committee. One of them, taken from Fairmont Boulevard to the south and west, shows the wonderful view of the Tualatin Valley to be obtained from the heights and the other, taken from the hill south of the Fairmont Groves, shows the remarkable stretch of level land available and the beauty of Council Crest in the background. These views are among the tangible results of the excursion Sunday afternoon when a representative gathering of Washington County people drove over the site and viewed its matchless scenic grandeur. The return trip by way of the Canyon Road and the Weed Nursery where the peonies were in perfection of blossom, rounded out a delightful afternoon for those who took the trip.

Three sites are available from the Council Crest location. The first is the one proposed by Beaverton people which starts with Council Crest as the scenic background and extends south-west to the level ground near the county line and is flanked on either side by matchless parking and camping grounds. This site is the most economical of the three and already contains ideal landscaping for the exposition. Many natural excavations provide places for lakes, lagoons, stadiums and other features of the exposition and require but little work to provide an ideal location.

The second site proposed utilizes Council Crest as a starting point and extends east along the ridge of mountains toward the river. It contemplates terracing the heights and unquestionably a most scenic and attractive site, but would call for expensive effort in preparation.

The third site affords a compromise between the two in the matter of expenditure and would extend south and east from the crest, crossing the two electric lines and extending to the river along the valley to the south of the mountains.

HEALTH NURSE CONFERENCE TO BE HELD IN PORTLAND

The Public Health Nurses' conference will be held in Portland, June 20-25.

The success of this conference is largely due to the fact that they are attended not only by nurses but by many others who are interested in Public Welfare work. To such, we would call attention to the following part of the week's program:

Monday, 4:30 p. m.—Room F, Central Library, demonstration Drills.
Tuesday, 9:30 a. m.—1010 Selling Building, County Associations: (a) What Association committees may do. (b) How sub-committees may cooperate with County Nurse. (c) Publicity, etc.

PRUNE ROOT BORER ACTIVE

Where the prune root borer has not been dug out it should be at once, says A. L. Lovett, O. A. C. Experiment Station entomologist. A preventive wash should be applied before July 1. Use quick lime eight pounds, lead arsenate 4 ounces, salt 2 pounds, and Black leaf-40 4 table-spoons with enough water to make a thick paste. After removing the soil 3 or 4 inches deep from around the crown of the tree allow the remaining soil to dry and paint the bark with a stiff brush. Treat to about sixteen inches in height and then replace the soil.

Don't Make Their Expenses

Franklin K. Lane, one of this country's best secretaries of the interior, died the other day penniless. When he entered the Wilson cabinet he was worth \$100,000. Former Vice President Marshall left Washington a poor man, although fairly well off when he went there. Secretary Hughes gave up a million a year law practice for a \$12,000 job as secretary of state. Roosevelt once said of his cabinet: "These men are content to sing themselves in the public service without a thought of private advancement, and often at a heavy sacrifice." There is far more real patriotism in the country than there is of the grandstand kind that prates about it.

CAMILLA MILLS WINS CLARA H. WALDO PRIZE

Miss Camilla Mills, daughter of Mr. and Mrs. E. G. Mills, of Forest Grove, won the \$50 Clara H. Waldo prize awarded annually for qualities of womanhood, scholarship and leadership in student activities of Oregon Agricultural College. Election to the honor is made from the entire record of the student and is upon recommendation of the faculty members in conjunction to the election of students.

COMMITTEE OF FIVE WILL SEE DIRECTORS

Portland, Forest Grove, Huber, Hillsboro and Beaverton to Be Represented.

A committee of five was authorized at the meeting of the commercial club Wednesday night which will seek to put before the directors of the 1925 World's Fair the merits of the Council Crest site. This committee will consist of one member from Beaverton, one from Portland, one from Forest Grove, one from Huber and one from Hillsboro. The Forest Grove man will be selected by members of the Commercial Club of that city which is very much interested. It is probable that President E. E. Swanson, who was entrusted with the duty of selecting the committee, will ask the advice of the commercial clubs of Huber and Hillsboro in selecting the members from those towns.

Other matters coming before the commercial club were the report of the city charter committee which was accepted and the committee continued until the charter is satisfactorily drawn and placed before the people.

LOCAL NEWS

Lots of Town Happenings Told in Brief Form.

LeRoy Ekstrom returned home Friday from Corvallis, where he has been in charge of the Oregon Agricultural College.

MacCormac Snow went to Seattle Sunday night to argue on Monday he argued a case in Federal Court in which he represented the Emergency Fleet Corporation for which he is the attorney.

Misses Ollie Cooley, Grace Reeves and Clayton Burrow, Portland teachers, motored out Sunday evening for a visit with Miss Cooley's sister Mrs. B. H. Jones.

James I. Hoopes, former Beaverton resident, but now of near Gold Beach in Curry County, is spending the week in Portland. He plans to visit Beaverton before returning home.

Members of the Beaverton Council, S. B. A. enjoyed a delightful meeting Tuesday evening, taking in several new members and ending the evening with a social dance.

Several citizens have shown their public spirit by cutting the grass along the sidewalks on Watson street. Jacob Stummatt started the work a week ago and Messrs. Peterson, Ring, Barnes and others have kept up the good work.

F. H. Schoene has painted his house south of town and now has one of the finest country homes in Sorrento.

James L. Morgan has been wielding the paint brush on his Sorrento home and has a house to be proud of.

W. B. Emmons' home in Sorrento has been improved with a new coat of paint.

H. L. Hudson has been adding repairs, additions and paint to his country home south of town.

Mr. and Mrs. V. A. Wood, Mr. and Mrs. L. D. Shellenberger, Mr. and Mrs. Roy Gray, Mr. and Mrs. Roy Best, Mesdames, F. C. Peck, Elmer Stipe, J. E. Davis, W. H. Boyd, H. L. Hudson, Mary Best, Johanna Sheik, B. R. Stummatt started the good work a week ago and Messrs. Peterson, Ring, Barnes and others have kept up the good work.

These Dogs Are in Great Demand at High Prices

Whines and Lickers of F. H. Schoene's Home

It is well worth the time of any person to go out to the country home of F. H. Schoene, south of Beaverton, and see the fine dogs he has there. Some weeks ago when Max Miller, of Portland, found that the Ross City Speedway was to be enlarged and that the grounds where he has his Speedway Kennels was to be utilized for that purpose, he brought the dogs out to Mr. Schoene's country home and the Speedway Kennels are now located just south of Beaverton.

Big Bill, the sire of the puppies for which Mr. Schoene and his brother-in-law, Mr. Hansen, are caring, has already established a record in this country as a police dog, having aided in the capture of several criminals in Eastern Oregon.

These dogs, with ears erect, look something like a coyote or wolf and they are really a cross between the German Shepherd dog and the Russian wolf, but they show remarkable intelligence, are very cleanly about the house and form a most remarkable attachment to their owners. They are sensitive to punishment and a mere word spoken is sufficient to reprimand them.

WORLD'S LARGEST DEPOSIT OF ROCK SALT

Vast quantities of rock salt lie less than half a mile beneath the surface of the earth in the United States. In New York, Ohio, Michigan, Pennsylvania, West Virginia, and other states there are large deposits, but the largest deposit in the United States, and probably in the world, is that which extends from northern Kansas across the west end of Oklahoma, the panhandle of Texas, and southeastern New Mexico to western Texas. The area underlain by these great Permian salt deposits is not far from 100,000 square miles, according to the U. S. Geological Survey, Department of the Interior. The limits of the deposit, especially to the northwest, have not been ascertained, but in general the area of thick salt extends fully 850 miles from northeast to southwest and is 50 to 150 miles wide. The thickness and the succession of beds are variable, but 700 feet is reported in one hole, and in many places the aggregate is more than 800 feet. On the assumption of an average thickness of 500 feet of salt, the gross quantity in the area of 100,000 square miles is so large, about 30,000 billion tons, that the present needs of the United States (about 7,000,000 tons a year) can be supplied for millions of years.

GRANGE ROSE SHOW GREAT SUCCESS

Beautiful Blossoms Well Arranged Win Praise for Local Growers. Prizes Given.

Last Saturday the local grange held its annual Rose Show. The display of blossoms was well arranged and much praise from those in attendance. Many choice varieties were on exhibition and the showing was very creditable, even in comparison with the exhibitions of much larger places than Beaverton.

JUDGE COKE DECIDES SEVERAL POINTS IN DAIRY CONTRACTS

Four members of the league were sued by the league last year for violation of their contracts by selling to others than the league. The Nestlé Food company, taking up the fight for the dairymen, demurred to the complaint on four counts, viz:

1. That the contract was of agency form rather than a sale.
2. Lacked mutuality and could not be enforced in a court of equity.
3. That no allegation of performance on the part of the plaintiff was made.
4. That the contract was illegal and in restraint of trade.

REUNION WILL BE HELD BY THE MCKAY SCHOOL ALUMNI ASSOCIATION

The fifth annual reunion of the McKay School Alumni Association will be held on June 18. A basket dinner, followed by oratory and a literary program will be features of the entertainment.

THIS IS YOUR PAPER

This is your paper. It belongs to the citizens of the community. If they use it for their good, it will be just as good as they make it. This issue ought to have more local news. The reason it has not more is because those residents of this community who know of things of interest did not tell us. We cannot be everywhere. We cannot guess all the things that happen. Someone must tell us. Sometimes we forget, even if we are told. But it is never intentional and if you will kindly send us word of things that happen and things that are going to happen, we will be more than glad to give them publicity. Remember, it is your paper and if you do your part to make it a good paper, the community will soon have cause to be proud of it.

LIME FROM STATE PLANT CAN BE HAD BY JUNE 30

Agricultural lime from the state lime plant at Gold Hill is expected for distribution soon after the middle of June when the plant starts operations. Prices have not been accurately determined but will be based on cost of production. The state lime board now thinks the figures will run from \$4 to \$4.50 a ton in car lots, f. o. b. Gold Hill.

Crowd Examines Skills

Internal revenue officers have been in the county looking for stills and illicit selling of intoxicating liquors. Two stills in the officers' car stopped near the Yamhill hotel drew quite a crowd. One of the stills was right up to date, connoisseurs say. It was made of copper and a typical moon-shiner's outfit. Another was made out of a milk can. It is understood that the copper outfit had been at one time operated in the vicinity of McMinnville but later near Dallas. McMinnville News-Reporter.

GARAGE MEN PICNIC AT BALM GROVE

Excellent Attendance Enjoys Free Ice Cream, Buns, Coffee and Weiners.

Garagemen of Washington County took a holiday Wednesday, went to Balm Grove and had a most enjoyable day. The attendance was thoroughly representative of the industry in the county. Every garage was closed.

There was a ball game between dealers and mechanics. The mechanics won, 5 to 4.

THE CAPITOL

News of General Public Interest at the County Seat.

Morris Weil returned last week from a trip to Spokane.

Mrs. W. J. Reamy and children have gone to Willaill, Montana, for a visit with her son, E. L. Reamy.

Marriage licenses have been issued to F. P. Lyons and Effie Furcher, Gaston; Gordon A. Stewart and Hazel Forrest, Forest Grove.

Thomas Cooper, of Kalama, Wash., attended the funeral of his brother-in-law, Wm. Nelson, Monday last week.

R. A. Denby, while working on the new pavilion, fell and sustained two broken ribs and severe bruises. He was cared for by a local physician.

Mrs. J. H. Crow, of Fresno, Calif., is the guest of her sister, Mrs. S. E. Olson, whom she had not seen for eighteen years.

Mrs. George Alexander recently gave a shower to Miss Eva Catching, who is soon to be married. Miss Catching is a former well known Hillsboro girl, who is now teaching in Portland.

Mr. and Mrs. S. W. Bentley, Mr. Mrs. H. H. Morgan, Mr. and Mrs. F. W. Walsh, Mr. and Mrs. L. N. Shevett and Mrs. Woodard were in Salem last week, guests of Mrs. S. McInnes.

Mr. and Mrs. R. Linton, Mr. and Mrs. A. E. Murrow and little son have returned home from an outing at Seaside. They report many campers there already and predict a big crowd of pleasure seekers at the beach this season.

Mr. and Mrs. Bert C. Huntington, of California, are guests at the Archibald home. They made the trip by auto, and report the roads in very good shape, except this side of Salem where there is a detour.

Earl D. Kennedy, a railway conductor, is suing for separation from his wife, Daisy D. Kennedy, whom he claims has not been true to him. They have a five-year-old daughter, whom he asks the custody of.

Wm. F. Haase has purchased John C. Kurall's interest in the real estate and insurance business, and the new firm will hereafter be known as Wismer & Haase.

Mr. and Mrs. Andrew England have returned home from Bend, Prineville and other Central Oregon points and they say that Washington county never looked so good to them.

John Dierdorff, of North Hillsboro, and son of Mrs. Emma Dierdorff, who is a student of U. of O., has been selected head of the news editors of the Oregon Emerald, the college publication, for next year.

Howard Word and Bay W. Foster, of the Wigwam, have bought the Wigwam property and the store room adjoining, occupied by the Hardin meat market and grocery. Later on they expect to add another story, which will be used as office rooms.

At a recent meeting of the auxiliary to the American Legion, the president, Mrs. C. E. Deichman, and secretary, Mrs. Fred Engeldinger, were elected representatives to the state convention at Eugene July 1st and 2nd. Mrs. Emma McKinney and Mrs. Alfred Morgan were selected alternates.

The pavilion at Shute park is going to be a handsome affair and work on it is progressing rapidly. It will be finished for the 4th of July. It is expected that the building will be dedicated Saturday evening, June 25th.

Mr. and Mrs. Glenn Payne and Mr. and Mrs. C. E. Wells have returned home from a visit with Mrs. Payne's

FOUR BLOCKS ADDED TO PAVING PLANS

Front Street to Be Hard Surfaced from Hill Street to Lombard—Watson May Be Next.

The Town Council on Monday night at an adjourned meeting appointed T. A. Garrow, of Portland, city engineer in charge of paving operations and passed a resolution for the paving of Front Street from Hill Street to Lombard street, thus obviating the necessity for crossing the three railroad tracks on Lombard street in order for residents of that section to reach town. This four blocks will connect the present paving on Beaverton streets with the paving ordered a week ago on Lombard street.

The council recessed until June 27 in order that this paving may be incorporated with that of Lombard street in the specifications which Engineer Garrow will prepare and advertisement for bids will be called for immediately following that meeting.

There is considerable discussion regarding the paving of Watson street from the present paving near the Methodist church south to the city limits and it is possible that the paving of this street may be presented to the council at the meeting on June 27.

As the next regular meeting of the council will be on July 4 and the possibility of a meeting on that date is remote, the meeting of June 27 will perhaps be recessed until a later date in order to care for paving needs.

The committee on consideration of charter changes will hold its first meeting next Monday night at which time plans will be made for the new charter and the desirable changes outlined.

GUERNSEY BREEDERS WILL HOLD PICNIC JULY 9

The Washington County Guernsey breeders will hold a picnic for Guernsey breeders and their friends at the Guernsey farm of W. A. Goodin on Baseline, between Cornelius and Hillsboro, July 9th.

Jan. L. Batchelder, secretary of the Club, states that he has invited Prof. Brandt, Mr. Westover and Mr. Plummer to come to this picnic, which is open to anyone interested in Guernsey Guernsey breeders, being 75¢ families and a picnic dinner.

AS IT SEEMS TO ME

That a hotel keeper is a man that you have to put up with.

That it is better to try to do something and fail than try to do nothing and succeed.

That it seems queer that an idle tongue works overtime.

Some women make good, others make good alibis.

That we should be a neighbor—not a gossip.

Some women are satisfied to put their whole souls in their work. Others put their feet in it.

That we should not weep over our troubles; we should walk over them.

That the chicken hearted set around hatching up excuses.

Parents, Mr. and Mrs. B. E. Harbison, at Morgan, in eastern Oregon. Robert Harbison, who has been here for some time, accompanied them to his home.

Mrs. Hannah Leveque, of Riverbank, California, is the guest of her nephew, Charles Sewell. Mrs. Leveque is past eighty-four and is traveling alone. From here she will go to Washington, thence to Indiana, Nebraska and back to California. She is unusually active for one of her age.

Mrs. E. T. Helm, Mrs. J. B. Dinmore, and Mrs. C. H. Pollock entertained the members of the Coffee club at the home of Mrs. L. V. Hyde on Saturday last. The meeting was a most interesting one as reports from the delegates to the Federation of Women's clubs were given.

Adolph Zwimpfer, of Santa Barbara, California, has been the guest of E. L. Kurall, the past week. Mr. Zwimpfer is gardener for a big hotel in his home town and is taking a little vacation. He has about fifty acres of land near North Platte and says he intends to hold onto it as Washington county soil looks good to him.

Chief Petty Officer, H. E. LeBaron, of the U. S. S. Frederick, now in the Port of Portland, was last week's guest of his uncle, L. J. Ruslow, whom he had not seen for sixteen years. Mr. LeBaron was in the Navy during the war and his ship was active in naval cruises. This was his first trip to Hillsboro and he was loud in his praise of our fine country.

William Nelson, aged 87 years, 8 months and 10 days, passed away at his home in this city June 4th, after an illness of several months. His father, Wm. Nelson and family, settled here in 1823 and he was born the following year. He leaves a wife, one son and one daughter. The funeral was conducted at the home the following Monday.

Deck, and the Knights of Pythias, of which lodge he was a member, had charge of the service at the grave.

—DAISY WILHART.
