FOREST GROVE NEWS

From the News-Times

—Mr. and Mrs. A. E. Scott left Thursday afternoon for Bend, Oregon, to attend the Oregon State Editorial Association meeting, which convenes at Bend on Friday and Saturday, ending on Sunday with a trip to Elk Lake, one of Central Oregon's attractive mountain lakes.

—Mr. and Mrs. Ed. Rustin and Mr. and Mrs. S. L. Show drove to Astoria in the former's car last Friday afternoon and returned Sunday evening. They ate their lunch on the way down on Rev. John Ebert's lawn in Clatskanie at 8 p. m. They took their tent and spent most of the time on the beach.

—Mr. and Mrs. C. A. Pierce and Mr. and Mrs. E. G. Lowe, of Oakland, California, drove up in their car for a visit at the home of their brother, E. W. Lowe. Mr. Pierce was a traveling man in this vicinity some fifteen years ago and notices a great many changes in this town and country. He had not seen his brother and sister for fifteen years.

—G. H. Hall, a brother-in-law of Mail Carrier J. L. VanKirk, has just returned home from a trip to the east. Mr. Hall visited in Ohio. He went to stay a couple of months, but only stayed a week. The weather was so extremely hot that he preferred to return to the cool shades of the Willamette valley to spend his vacation. It is said that the weather in the east this year has been a record breaker for heat.

—Auctioneer and Mrs. J. W. Hughes, who returned home last week from Newport, report a very delightful time while at the seashore. They declare that Newport beach is beyond question the best in Oregon, and from what we have seen of Oregon beaches we are of like opinion.

We know of no beach that offers the attractions found at Newport such as agate hunting, fishing, hunting, clam digging, oyster beds, deep sea fishing, beautiful level stretches of shell-covered beaches, etc. They also report the roads splendid between here and Newport.

—C. L. Bump has sold his residence property at Carnation to Mrs. Bothiller, of Portland, and is moving his household effects to Corvallis where the boys will attend college. Mr. Bump is wrecking the old store building at Carnation to make room for himself a fine new nine-room house at his farm southeast of town. Mr. and Mrs. Bump have resided in Forest Grove for seventeen years, running a store at Carnation and conducting the postoffice there for a number of years, and our people regret very much to have them leave the vicinity, but are pleased to note that they still retain their farm and hope to eventually return to this locality. They have purchased property at Corvallis. The very best wishes of a host of friends will go with them to their new home.

—Rev. W. Walter Blair, who returned last week from his auto trip to Los Angeles, reports a most pleasant experience. It is around 1850 miles to Los Angeles by Fresno, Bakersfield and Sacramento Valley, and the journey was made in five short days of running hours. The return trip was made by the coast route through San Francisco and Oakland, which is a distance of over 1400 miles. This was made in five days, including stops at some of the old Spanish mission stations at Santa Barbara, San Juan, Melita and others, and short stops at San Francisco and Oakland. The journey through the Sierran and Shasta mountains is really wonderful, Mr. Blair reports, and says it more than repays anyone to make the trip. The journey through the lemon, orange, apricot and plum groves, amid the palms is a pleasant experience, though the weather was exceedingly hot. Mr. Blair was accompanied on the trip by Rev. E. E. Flint of Portland, and the two had their camping outfits and camped along the way during the entire journey. Mr. Blair feels that Oregon exceeds California in climate and natural beauty, and asserts that Forest Grove has a tourist park exceeding any on the whole way to southern California many times.

—Mrs. Rose Sears has returned to her home here after visiting at Schofield for two weeks with her daughter, Mrs. Mary Muller. Mrs. Sears picked and canned fifty-six quarts of wild blackberries while she was there.

—Mrs. M. Schramel, residing a few miles north of Banks, has been in town the past week attending Chautauque and visiting her sister, Mrs. Fern Stewart.

—Mr. and Mrs. LeRoy VanKirk and daughter, Fredericka, drove to Portland Wednesday where Mrs. VanKirk and Fredericka will attend the Holiness camp meeting. Mr. VanKirk returned home the same day.

—Newton Shipley, of Los Angeles, is visiting his parents, Mr. and Mrs. N. C. Shipley, in this city. "Newtie" has a position with the Los Angeles fire department in the southern city. He drove up in company with his brother-in-law and sister, Mr. and Mrs. Ed. Dunn, of Pasadena, and Melvin Hundley, formerly of Dilley.

—Mr. and Mrs. Frank Hamel and daughters arrived here a week ago from Michigan to visit his cousin, Mrs. R. D. Hall, and family. They left Sunday evening, very favorably impressed with Oregon.

—The Warren Construction Company has the past week been making some very noticeable improvements in our streets by doing a good job of patch work where the paving was formerly cut into by the company which put in the sewer here several years ago and the places were then filled with cement. The curve at the Nixon corner where the entrance is made from the Base Line has been widened out, making a safer turn at that point.

—W. E. Vall, of Lebanon, South Dakota, who has been spending the past winter in California, was in Forest Grove on Wednesday of this week on his way home. Mr. Vall visited here a year or so ago and was so impressed with the community that he could not help returning, and may eventually locate here.

—Mr. and Mrs. E. W. Hendricks, of Eugene, Ore., will be at the missionary meeting at the Christian church this afternoon at 2:30 and both will speak. Both graduated from the Eugene Bible University with the 1921, June class, and expect to sail for Japan in August as missionaries.

—A number of people have asked us if the weather was cold up on Mt.

Ranier. No, just the opposite, especially so during the day time and at the snow line and even far above it. People who make hiking trips and are on the snow any length of time must paint their faces to protect them from the glare of the sun reflected back into their faces by the snow. Snow shoes and other suitable wearing apparel may be had at the company store at a reasonable rental per day. The ladies wear leather outfits which prepares them for sliding and after a climb to the top of some steep peak of the mountain they slide swiftly down hundreds of feet. This is great sport and is hugely enjoyed by young and old. A toboggan slide may be had for the effort of the climb.

—V. G. Clinton drove to Portland this morning, taking his mother, Mrs. Elizabeth Clinton, down to attend the Holiness camp meeting, which convenes tomorrow at East 33rd and Mason. Others in attendance at this meeting are: Mrs. V. G. Clinton and daughter, Ruth; Miss Jessie Greer, Mrs. S. L. Carlyle and Mrs. Mary Beach.

—Mrs. Lucinda Mead, of Banks, visited for several days last week in the Will VanAntwerp home. Mrs. Mead was returning from Battle Ground, Wash., where she visited with her daughter, Mrs. Henry Gregerson.

—Mrs. Dr. J. C. Wright, of Antigo, Wis., and Mrs. E. T. Carter, of Richmond, Virginia, were here a few days this week visiting at the home of Mr. and Mrs. George Carter. Mrs. E. T. Carter is a sister-in-law of Mr. Carter. Mrs. Wright owns a fine timber claim in this locality and they were both very enthusiastic over our rich, beautiful, progressive country and the fine timber they found on the claim. They were so delighted with the country and climate that they were prone to leave it.

—The fire laddies were called to the Mrs. Luce property on South "A" Street Tuesday where a spark from the chimney had set fire to the roof. A hole was burned about three feet across before the boys arrived, but was soon under control with but slight damage.

—Rev. and Mrs. J. M. Barber are enjoying a season at the beach, being located at South Beach by way of Yaquina.

—Dr. H. R. Kauffman requests us to send his News-Times to Newport for a couple of weeks, so we presume that the doctor and his family are enjoying the sights at the seashore.

—Mr. and Mrs. Oscar Miller, of Gales Creek, entertained at dinner, Sunday, Mr. and Mrs. George Miller, of Portland, Mrs. H. W. Miller and Mr. and Mrs. Don Parsons, of this city.

—Mrs. J. C. Miller, of North Plains, attended Chautauque.

—Mrs. Ella Crabtree and daughter, Manila, will leave Monday for Camas, Wash., to make their home. Manila has been a student at Pacific for the past two years.

—George H. Russell of the Oregon Electric station, who has been located here for a year or more, fell through the ceiling at the station one day last week and badly injured his leg, while making an investigation in the garret of the building. He is unable for duty and his place is being filled here by Operator Scholes of Woodburn.

—Miss Blanche Craft, daughter of Mr. and Mrs. A. B. Craft of the Dilley section, was married this morning at 10 o'clock at the Banks M. E. Church, to William C. Corwin, of Hillsboro, Rev. Fred L. Post, of Banks, officiating. The newlyweds left at once for a season at the Tillamook beaches. The best wishes of many friends are theirs.

—Margaret Murray, of Portland, visited Miss Manche Langley, Miss Aileen Hoffman, and other Forest Grove friends Sunday, and attended Chautauque.

—Cool, lovely weather we are having in comparison with the weather in the east.

—Mr. and Mrs. O. Wilson, of Tillamook, are rejoicing over the arrival of

Avenue for some time, purchased the grocery stock of Mr. Potter, at the corner of Pacific Avenue and Third Street and will move his grocery store there. Mr. Potter and family will live in the Abernethy house on Fifth Avenue South.
