

## OFFER OF FACTORY SITE WILL BE MADE

Beaverton Commercial Club Offers to Establish Plant Here and Will Make Definite Bid Wednesday.

Beaverton now has a chance to secure a furniture factory—one that will make special designs to order, that has already a business well developed along that line and which has ample capital for future development which will soon mean a working force of 75 to 100 men and women.

A meeting of the club Wednesday night listened to the needs and plans of the manager of the factory and another meeting next Wednesday night will hear further reports on the available sites and the plans to be carried out in getting the factory located here.

Should the sites available prove suitable for the proposed factory a matter of only ten days or two weeks will elapse before construction work will begin.

The Times expects to be able next week to give full particulars and to announce that the factory here is an accomplished fact.

On 26th ins. C. E. Hedge returned from his vacation of one week spent in Southern and central Oregon. The trip was made in a "flivver" over the Pacific Highway to Ashland, Oregon, thence to Crater Lake, circumnavigating this wonder beauty spot that its beauties might be viewed from all angles.

From Crater Lake we visited Klamath Falls, Merrill, Malin, Klamath Agency, Ft. Klamath, Crescent, Bend and on north to The Dalles.

But few bad roads were encountered, in fact we were much surprised to find roads so good. A few detours were necessary on Pacific Highway where work is going on.

Diggin' clams out on the beaches Diggin' in the sucking sands, Diggin' where the tide but reaches, Diggin' deep in the tide lands.

Diggin' in wee hours of morning, Diggin' when the tide is low, Diggin' sometimes without warning, Diggin' in the foam below.

Diggin' while in bed you slumber, Diggin' round the breakers white, Diggin' my what a large number, Diggin' in your dreams at night.

Diggin' when you see a bubble, Diggin' for the razor back, Diggin' as you bend up double, Diggin' to fill pail and sack.

Diggin' for mud clams is harder Diggin' up their shells so blue, Diggin' to refill your larder, Diggin' for cockle shells, too.

Diggin' clams to make some chowder, Diggin' fast, well I should say, Diggin' hear 'em laughing louder, Diggin' when one gets away.

Diggin' and the shell is breaking, Diggin' a mess for to fry, Diggin' clams, soup to be making, Diggin' beats the ones you buy.

Diggin' when the sun is rising, Diggin' in the heavy fog, Diggin' O such sport we're prizing, Diggin' for the big co-hog.

Diggin' when you are out-outing, Diggin' beaches are so near, Diggin' hear the people shouting, Digging season now is here.

O. O. SMITH.  
Drive slow in town. Drive careful everywhere.

## KINTON WILL GIVE MELON SOCIAL SEP. 17

September 17 is Date of Program and Delightful Gathering at Schoolhouse.

Saturday night, September 17, is the date selected for an entertaining program and melon social to be given by the residents of the Kinton neighborhood at the schoolhouse there.

The Kinton community is well known for its progressive spirit and good fellowship. This winter, with the addition of Mrs. L. B. Wilson, who will teach the school there, the community should outdo all former efforts and the preparations for this melon social would seem to indicate that they are getting ready early.

A cordial invitation is extended to Beaverton people to attend the program and partake of the melons. Fuller particulars will be given in the Times between now and the date of the party.

## DOCTOR TAKES HIS OWN MEDICINE NOW

If you ever chopped your thumb while splitting wood or sat in a draft and took cold and then had Dr. Mason laugh at you or say, "Yes, that's the way most of them happen," you have sweet revenge now. For the other day the doctor failed to follow his own admonition. He didn't look before he leaped. He jumped out of his car in a hurry and failed to see some uncertain footing. Now he walks with a limp because of a sprained ankle. Of course, he has the sympathy of the whole community, especially when it becomes known that a sprained ankle seldom fully recovers, but where is the man or woman who doesn't think it is perfectly proper to ask sympathetically how it happened and after listening to Doc's careful explanation to remark, "Yes, that's the way most of them happen."

## PRIZES OFFERED TICKET SELLERS

Dance for High School Student Body Benefit to Be Held Friday Night, September 9.

H. L. Hudson has offered suitable prizes to the boy and girl each who sell the most tickets to the high school student body benefit dance to be held in Morse Hall, Friday night, September 9. The competition is open to all students of the Beaverton Schools but if any other young people can outdo the students in selling tickets to their own dance, then they can carry off the prizes for they will not be barred from the competition.

This dance promises to be an affair of no ordinary merits. In the first place it is for a worthy cause. Last year the student body undertook some very pretentious work and carried it through successfully but left a small deficit. It is primarily to take care of this deficit and to start the new year with a suitable fund that the dance is being given. It has the support of the Student Body and school people generally. It is sponsored by a committee of parents. It carries the approval and the active support of the Commercial Club which has appointed a committee for the purpose. And these committees expect every parent in the district and surrounding districts to come out and help make it a success. There will be good music, the excellent floor at Morse Hall, dances for both old and young. The popular new dances will be interspersed with the old waltzes and schottisches and it is expected that several of the old square dances will be called during the evening. Admission will be one dollar per couple with a ten cent war tax, while single admissions will be just half that amount.

Patrons of the school are urged to

## SCHOOL TO OPEN WITH LARGER ENROLLMENT

Improvement in Buildings, New Classrooms and Added Facilities Aid Increased Faculty to do Better Work.

When the Beaverton school opens the twelfth of the month it is predicted that an enrollment far surpassing the record of last year will be ready for instruction in all lines from the primary to the senior year in the high school. In order to take care of the expected increase, there have been

several changes made in the arrangements of the two buildings. Extra seats have been placed in the auditorium, the recitation chairs have been doubled in number, new boards added to the new recitation rooms, and the walls of the gym have been boarded and oiled.

In order to take care of the physical training of the students, Miss Ellen

## COMMITTEE OF CLUB WILL SUPPORT DANCE

Aid to Students Promised and V. A. Wood, George Corvill, W. P. McGee and W. C. McKell Will Assist.

Not only does the Beaverton Commercial Club endorse the dance planned to help the Student Body of Beaverton High School which is to be held Friday night, September 9, but a committee from the club will actively aid in making the dance a success. At the meeting Wednesday night V. A. Wood brought before the club, at the request of E. W. Woodruff who could not be present, the plans of the student body and the committee appointed at the special meeting of the district some weeks ago. The motion to appoint a committee carried unanimously and President Swenson named Mr. Wood, chairman, George Corvill, W. P. McGee and J. I. Eggman. Mr. Eggman begged to be excused from serving and W. C. McKell was named in his stead.

This committee will assist the committee from the student body and the committee from the parents in making the dance a success. It is hoped to clear up all obligations of the student body and give them a tidy sum to start off the new year.

And incidentally the committee will guarantee that anyone who comes to this dance will have a delightful time, get their money's worth and aid a good cause.

## WONDERFUL THRILLS FILL ROUNDUP ACTS

Twenty-five Events, 16 of them Competitive, Make Each Day's Program All that Could Be Desired.

From the riding of the bucking bulls, the first event, to the wild horse race which closes each day's list of thrills, the program for the 1921 Pendleton Round-Up, September 22, 23, and 24, is ready.

Of the twenty-five events, 16 of which are competitive, there is not one which will not hold the interest of the spectator when the big show begins on that Thursday in September. Following the riding of the bucking bulls comes the cowboys' pony race, then square race, cowgirls' standing race, stage coach race, cowgirls' relay race, Indian race, steer bulldogging, steer roping, cowboys' and cowgirls' grand mounted march, Indian parade, trick riding and roping, Indian war dances, Indian pony race, pony express race, cowgirls' bucking contest, Indian war bonnet race, quick change race, cowgirls' pony race, Indian pony relay race, cowboys' standing race, cowboys' bucking contest, cowboys' relay race and wild horse following each other in quick succession. One of the secrets of the popularity of the show is the dispatch with which events are given. There is never a moment's delay in the Round-Up.

Prizes for this year's show are the greatest ever offered. The largest prizes are for the steer-roping, the cowboys' bucking contest and the

## TWENTYFIFTH WEDDING ANNIVERSARY HELD

Mr. and Mrs. F. G. Donaldson Celebrate Silver Wedding at Home of Mr. and Mrs. W. C. McKell.

Just twenty-five years ago Thursday night a slender young man of 135 pounds weight led to the altar a charming bride and they plighted their vows and began the journey of life together. That young man was our returned friend, F. G. Donaldson, Beaverton resident and traffic manager for the Willamette Valley Lumbermen's Association, and in honor of that event he and the bride of his youth celebrated their silver wedding at the home of Mr. and Mrs. W. C. McKell by entertaining nearly 50 of their friends in what was one of the most enjoyable parties ever held in Beaverton.

Friends gathered at an early hour and after congratulating the bride and groom upon attaining the imposing place in the plane of life to which they have attained, got acquainted and then enjoyed Five Hundred and similar games until dainty refreshments were served. It would be superfluous in mere words to attempt to describe the sociability and good fellowship that was enjoyed, or to voice again the many congratulations that were showered upon the happy couple.

High score at Five Hundred was won by Mrs. J. E. Davis and E. W. Woodruff. Second honor went to F. H. Schoens and Mrs. L. D. Shellenberger and the consolation prizes went to Mr. Shellenberger and Mrs. Schoens.

The home was beautifully decorated with flowers and ferns. Mr. and Mrs. Donaldson were the recipients of some very beautiful silver remembrances from their friends. Mr. Donaldson was called forth and given a wonderful engraved silver fruit basket and Mrs. Donaldson was the recipient of two beautiful silver candlesticks. H. L. Hudson in a few well chosen words expressed the appreciation in which the Donaldsons are held by their friends in this community to which both Mr. and Mrs. Donaldson responded in a happy vein.

At a late hour the guests departed with the wish oft expressed that their Golden Wedding anniversary may be just as joyous an occasion.

Among those present were: Mr. and Mrs. Doy Gray, Mr. and Mrs. L. D. Shellenberger, Mr. and Mrs. F. G. Peck, Mr. and Mrs. H. L. Hudson, Mr. and Mrs. Otto Erickson, Mr. and Mrs. F. H. Schoens, Mr. and Mrs. V. A. Wood, Mr. and Mrs. R. H. Jones, Mr. and Mrs. R. M. Miller, Mr. and Mrs. V. A. Wood, Mr. and Mrs. F. J. Pierce and daughter, Kathryn, of Portland, Mr. and Mrs. E. W. Woodruff, Mr. and Mrs. E. E. Swenson, Mr. and Mrs. F. L. Spencer, Mrs. Elizabeth Irish, Mrs. H. O. Stipe, Mrs. E. Stipe, Mrs. Elizabeth D. McGowan, Mrs. J. E. Davis, Mr. and Mrs. W. C. McKell, Mrs. George Haynes, Mrs. Rose Donaldson and Mr. and Mrs. F. G. Donaldson.

## FINANCIAL PLANS OF FAIR BUT SEPT. 8

Meeting in Portland on that Date Will Reveal Results of Committee's Work and Start Campaign.

The campaign to finance Oregon's 1925 fair will be under way immediately after Labor Day. A meeting of the finance committee with the leading figures of Oregon's financial world is scheduled for Portland on September 8 at which time the plans of the committee will be presented. No intimation of the changes, if any, in the former plans has been given out, save to state that the full ten millions called for in the former plan will not be necessary as a first step.

The committee of engineers appointed to assist the site committee have made their report and the questionnaire has been prepared. Proposals of the various sites will be given until November 1 to present their claims and it is expected that the finances will be completed at that time, the site will be selected and work begin immediately thereafter.

The usual Portland day at the State Fair will be changed to a 1925 day and a big display will be put on to call attention of the people of Oregon and the Northwest to the fact that this is a big World's Exposition and not a mere local celebration.

President Julius Meier, of the Exposition Directors is very busy with plans for the participation of foreign governments, the United States Government and the various states and communities. He has an able assistant in John E. Gratzke, former publisher of the Astoria Evening Budget and one of Oregon's foremost men in development work. He is extremely interested in the development work which has been carried on at Astoria and no small part of the prestige which Astoria has achieved in the past ten years has been due to the efforts of the versatile and energetic Gratzke.

Here are some of the things which the World's Fair will demand of a site:

1. The questionnaire is drawn in an effort to cover sites on which there is water frontage as well as sites without water area. Only such questions as are applicable to the proposed site being reported need be answered.

2. The vicinity map on which the proposed site and other general information shall be indicated shall be the Heald & Mendenhall's map of Portland, 1921, and the section maps on which shall be indicated contours and other detailed information shall be based on copies of maps in the offices of the city engineer and county surveyor. These shall also be filed with the answer to each questionnaire a serial photograph of the vicinity of the proposed site with the boundaries of the proposed site outlined on the photograph.

3. All answers to the questionnaire shall be accompanied by one copy of maps and aerial photographs.

4. All answers to the questionnaire must be filed in triplicate.

5. All answers and inquiries shall be addressed to Ervin V. Hauser, chairman of committee on site, Atlantic-Pacific Highway and Electrical Exposition, Henry building, Portland, Oregon.

6. All answers shall be submitted on letter-size paper, 8 1/2 x 11 inches, with 1/2 inch margin on the left-hand side for binding. All sheets shall be consecutively numbered and fastened together inside a cover.

7. Additional information as to any points in the questionnaire can be obtained by addressing a letter to the chairman of the committee on site and the committee will send copies of all such questions asked and the answers made to all holders of the questionnaire.

8. All questions or requests for additional information must be filed not later than ten days prior to the time for receiving answers to the questionnaire.

9. In answering questions, refer to them by section and number, quoting both number and question before giving answer.

10. Special attention is called to all questions requiring illustration or illustration.

(Continued on page 4)

## GOODS SELL WELL AT PIKE PUBLIC SALE

Thursday a very successful sale was held at the A. A. Pike place west of town when Mr. and Mrs. Pike disposed of their cattle, farming implements and household goods, preparatory to their departure for Los Angeles to spend the winter.

## NEW FILLING STATION HERE

Lester Squires, who recently came home from Washington, where he has been in the government employ since 1917, has decided to again become a resident of Beaverton. He and his father, W. E. Squires, are erecting a new building on the Squires property on the highway at its junction with the Canyon road and will conduct a filling station and carry a line of automotive accessories. Welcome home, Lester. Everyone hopes you will do well in your venture.

## AUDITORIUM—HIGH SCHOOL

Johnson will have physical culture classes for girls and J. P. McGlasson will assist in the same work with the boys. The glee clubs will again be under the direction of Mrs. Suttle, while Mrs. Beth Sawyer will organize the orchestral work.

Arrangements are being made with the State University and with the Oregon Agricultural College for short extension courses this winter. These will be given without cost to the people of the community and will be a real feature of the year's work.

The walks to the front of the building have been built and all students will now enter from the main entrance. The East door will be reserved for the

girls alone. The bicycle room and the janitor's room have been exchanged.

Supt. Nash will be in the office every day next week in order to confer with students and parents. It is hoped that many will avail themselves of the opportunity to make advance enrollment in order to relieve the last moment congestion that will occur. By a new ruling of the State Department of Education, students over sixteen without an eighth grade diploma may enroll and will be accepted after trial, if ability to do high school work is proved. This is of value to students that for some reason may find themselves retarded.

In addition to the work offered last year, there will appear this year classes in bookkeeping, economics, second year shop, and solid geometry. The course in home economics will be reorganized and made much more interesting and broad.

Patrons of the school are urged to

## WHITFORD HAPPENINGS

The Woman's Club members, with invited guests, held their annual picnic in the grove near the schoolhouse recently. A beautiful picnic dinner was enjoyed by all. The committee on entertainment had planned a number of games, which were a delight to grown ups and children alike. The club has held its regular meetings all summer and hopes for an increased attendance during the winter months.

Miss Amy Snider has been employed as teacher for the local school. Miss Snider has been a successful teacher in Columbia county.

Mr. and Mrs. R. B. Denney and daughter Ruth spent the week-end with Mr. Denney's uncle, F. J. Denney, near Jefferson in Linn County.

Mrs. D. Spurlin and daughter, Miss Ora, have returned from a two month visit with Mr. and Mrs. Max Spurlin, in Tennessee.

Mr. and Mrs. H. P. Downing are the recipients of many congratulations upon the arrival of a little daughter, born Aug. 26.

A. V. Denney and sons, Kenneth and Rex, and Grover White, of Cherry Grove, have gone on a hunting trip to Southern Oregon with Grants Pass as their destination.

Mr. A. Hyde has learned to manipulate the wheel of her Ford quite readily, as has also Harold Bettendorf, who drives the family Nash.

The many friends of Miss Betty McKay regret to learn of her illness, and hope she will soon improve.

Miss Ivy Peterson started Friday evening for Hanford, Wash., where she is principal of the High School. Hanford is located in one of the best apple districts in the U. S.

Misses Richard Shuster and Jim Downing took a trip over on the Wilson River to fish and hunt. While Jim was fishing, Richard brought down a big buck. We did not learn if Jim caught any fish or not.

to present the opening morning in order to enjoy the flag raising under the direction of the Scouts and to assist in the enrollments of their children. A musical program will be given at the opening in the auditorium.

## BIRTHS

Mr. and Mrs. Parker Downing are the proud parents of Frances Mary Downing, an eight-pound daughter at their home last Friday morning.

Mr. and Mrs. Verner Domagalla are parents of a baby girl born Monday at their home west of town.

Mrs. W. A. Seidmore is at Good Samaritan hospital, Portland, where occurred on Monday the birth of a baby daughter. Mr. Seidmore is receiving the congratulations of their Beaverton friends until they are able to welcome home the mother and daughter.

Ralph McGee will go to Seaside Saturday to spend the week-end.

## OLD HOME REUNION BIDS PIKE GODSPEED

Childhood Playground is Scene of Picnic Sunday When Friends Bid Goodbye to Playmate.

The annual reunion of the Pike family was held at the old home playground, the grove on the Sloan place, last Sunday in honor of Mr. and Mrs. Archie A. Pike who are to leave a few days for Los Angeles to spend the winter and possibly to locate if they are pleased with the California city.

The usual picnic lunch, games and visiting marked the day and made enjoyable an occasion the sole regret of which was that Mr. and Mrs. Pike are so soon to leave.

Among those present were: Mrs. Marcia Pike, Mr. and Mrs. Archie A. Pike, Mr. and Mrs. Otis E. Young of Portland, Mr. and Mrs. J. E. Summers, Mr. and Mrs. George Doughty of Hillsboro, Dr. and Mrs. Giffin of Portland, Mrs. Hattie J. Bruce, Frank Comstock of Portland and George Coughlin.
