COUNCIL SUGGESTS

At a meeting of the town council at Thursday night of leat week the concreteract for the paving of Second Street from Erickson Avenue to Lambard III Street was suggested and a resolution town adopted calling for the paving and the summer of this thoroughfare. The use was the concept of the summer of this thoroughfare. The use is ment of this thoroughfare. The use is all property holders along the proposed paving are understood to pup. posed paving are the hard surfacing at this times and it is understood that a resonus strance will be circulated within the required time.

If all the paving are understood to pup. posed paving and that the more paving the high school in band weather and the hard surface can be laid; that there is now no attenuate means of reching the high school in band weather and that the paving will unhance the value of property along that street.
